

# GIESE OUSTED BY GOVERNOR

## Utility Misled Indians--Schneider

### MANY DRY LAW BILLS HANDED TO CONGRESS

But Capitol Is Anxious to Debate on Perplexing Prohibition Issues

### WILL CONSIDER MERITS

Hearings Also Expected to Reveal Weaknesses of Existing Law

BY DAVID LAWRENCE  
(Copyright, 1930, by Post Pub. Co.)  
Washington—(CPA)—The decision of the house judiciary committee to open hearings on Lincoln's birthday on various proposals to repeal or modify the prohibition laws is significant of the desire of congress to give full opportunity to debate what has become the most perplexing issue in American politics. Measures ranging from proposals to obtain 2.75 per cent beer to a general referendum to determine public sentiment have been proposed and while it is hardly likely that any report would be acted on by this session of congress the committee hearings will do several things.

First, they will afford an opportunity for some of the wet congressmen to demonstrate to their constituents in large wet areas that the subject is being agitated aggressively. Second, they will reveal weaknesses in the existing law, particularly with reference to the conduct of raids and other legal difficulties in connection with the use of the injunction and the padlock. Third, the hearings will take up what the Wickersham commission has announced it will avoid, namely, a discussion of the merits or prohibition apart from enforcement.

### STATED BY HOOVER

The house committee's determination to have hearings which will be the first since the days when the eighteenth amendment and the Volstead act were passed, is a direct result of the fact that President Hoover opened the subject with the appointment of the Wickersham commission and that the latter together with the attorney general has passed back to congress responsibility for more effective enforcement machinery.

There are indications that the house is ready to tackle the prohibition question vigorously and that a

### Prohibition Is Weighed By Rep. Fort

Retiring G. O. P. Committee Secretary Finds More Good Than Evil

Washington—(CP)—Representative Fort, Republican, New Jersey, today balanced the benefits of prohibition against its evils, declared the former to be preponderant and pleaded for a calm and rational consideration of the problem of the dry laws. "No question which moves its partisans to fanatical emotionalism will ever be solved by their efforts," he said in a prepared address delivered in the house, his first speech on this subject as a member of congress. Fort is prominent in the ranks of his party. Until a few days ago he was secretary of the Republican National committee.

### DISCOVER TRACES OF LOST AVIATORS

Believe Gloves and Helmet Belonged to Eielson and Borland

Nome, Alaska—(CP)—Encouraged at finding an aviator's helmet and a pair of gloves, searchers digging in the snow and ice 60 miles southeast of North Cape, Siberia, for the bodies of Carl Ben Eielson and Earl Borland went on with their task today.

The helmet and gloves, unearthed from the ice strewn wreckage of the Eielson plane, were identified yesterday as those used by Borland. No trace of the bodies was found but the searchers still were convinced that Eielson and Borland died in the wreckage last November 9. The plane crashed while Eielson was attempting a flight to the fur trading ship Nanuk, icebound at North Cape, was located Saturday by pilots Joe Crosson and Harold Gilliam while on an aerial scouting trip from the Nanuk.

### TWO ARE EXECUTED IN MISSOURI FOR MURDERS

Boonville, Mo.—(CP)—Lawrence Mabry, 19-year-old Sedalia, Mo., youth, was hanged here at 9:17 today for the murder of William Busch, a law student in Sedalia the night of Feb. 4, 1928.

### NEGRO EXECUTED

St. Louis—(CP)—William Mosley, Negro, went to his death on the scaffold at 6:05 this morning for the murder of three persons here in 1927. Mosley was hanged in the city jail. The 34-year-old Negro shot and killed his common law wife, Mildred White, and two white persons, Mr. and Mrs. Marcus Bass, Sept. 10, 1927. The shooting took place in the Bass Grocery store where the Negro had fled after Mosley beat her. He also wounded his baby. Mr. and Mrs. Bass were slain as they attempted to flee.

### FIGHT CHAIN STORES IN MANITOWOC COUNTY

Manitowoc—(CP)—The Manitowoc County Advancement association, with a membership of business men, has been organized here to fight chain stores and "monopolies" in business.

### ARMS GROUP ADJOURNS TO NEXT TUESDAY

Report British Having Difficulty Satisfying Dominions on Status

London—(CP)—Plans of the naval conference to let a special committee consider the two rival methods of measuring navies—global and categorical—were scratched today at least for the present.

Faced with an apparent hitch in the British effort to choose committee members to speak for both Great Britain and the dominions, the full conference itself continued today with the work previously assigned the committee and decided to hold another meeting on the same subject Tuesday.

There was no indication the special committee plan had been officially abandoned but neither was there anything to show that arrangements had been for it to function. Meanwhile the two British places on it remained undecided.

The understanding after adjournment of today's session which lasted an hour was that the whole conference sitting as a committee of the whole probably will fully supersede the special committee.

Dominion Meeting  
A long meeting between Prime Minister MacDonald and the dominion representatives who speak for Canada, Australia, India, New Zealand, South Africa and the Irish Free State, preceded the conference session. No announcement was made.

It was learned that no acceptable way had been found to represent all British interests through two committee members, the number from each nation who were to have sat on the special committee.

The calling of this afternoon's session was a surprise outside of the British delegation. Henry L. Stimson, American secretary of state, was the only delegation chief who did not attend. Sending instead Secretary of the Navy Adams and Hugh S. Gibson, the two delegates he had designated for membership in the committee.

### CLINTONVILLE MAN LOSES FOOT WHEN HE FALLS ON SAW

New London—While sawing wood at his farm home near Clintonville on Thursday, Edward Witt lost his balance and fell against a buzz saw. Before he could right himself his leg became entangled and drawn against the saw. The left foot was entirely severed just above the ankle. A local physician attended him, and he is being cared for at his home.

### INTRODUCES BILL TO FREE ISLANDS AFTER TEN YEARS

Washington—(CP)—A bill to provide for the immediate establishment of the "Commonwealth of the Philippine Islands" under a plan of progressive autonomy looking to complete withdrawal of American sovereignty in 10 years was introduced today by Senator Vandenberg, Republican, Michigan.

The measure is patterned along lines suggested by the late Secretary of War Weeks but goes farther by proposing progressive tariff autonomy within 10 years of quasi-independence. The week's plan contemplated complete withdrawal of American sovereignty in 25 years.

"I believe the American people are under solemn promise as a result of an act of congress on Aug. 29, 1916 to give the Philippines their complete independence when a stable government is established," Senator Vandenberg told the senate in offering his measure.

### ROCHE FAVORS NEW WAR ON GANGSTERS

Would Eliminate Bombings by Closing Speakeasies, Gambling Joints

Chicago—(CP)—State's Attorney John A. Shannon has been presented by his special investigator, Pat Roche, with a plan for eliminating bombings from the county's catalog of crime.

The plan, reduced to its essentials, calls for the closing of every speakeasy and gambling place in Chicago. Roche does not believe the plan as difficult as it sounds.

Word would be passed along that every such place must be closed. The grand jury would stand by to give prompt action against any owners, police or politicians who attempted to oppose the cleanup campaign.

With elimination of gambling and liquor places, Roche said, the gangsters' sources of revenue will have been removed, and thus a "duly balanced" budget of \$200,000 will have been checked. With their income cut off, Roche believes, the gangsters will take steps to halt the bombings, which they will hold responsible for the cleanup campaign, and will take steps to prevent their recurrence.

The plan was made known following the bombing of a whole tale grocery store Wednesday night. State's Attorney Shannon was studying the proposal today.

### HERBERT ORDERED TO APPEAR FOR INQUIRY

Washington—(CP)—Prohibition Commissioner Doran today ordered P. J. Herbert, district administrator for Montana and Idaho, to come here for investigation of charges reported against him through Senator Borah, Idaho, and Wheeler, Montana.

The prohibition commissioner and Senator Borah also engaged in an exchange of letters today over the matter.

### PROMISED BIG PAYMENTS FOR POWER SITES

Misrepresented Figures to Red Men, Congressman Tells Committee

BY RUBY A. BLACK  
Post-Crescent Washington Correspondent

Washington—Charges that the Menominee Indians had been misled into believing that they would get a fabulous per capita payments quarterly, amounting to a million dollars a year, for the proposed in-sull power development on the reservation were made by Representative George J. Schneider of Appleton before the senate Indian affairs subcommittee today.

As a matter of fact, the proposed rental of \$60,000 a year for the five power sites would mean only \$30 a year for each Indian, he pointed out, and further that the Indian bureau cannot make quarterly per capita payments under the law.

Asked by Senator LaFollette whether he had made these misrepresentations to the Indians, Representative Schneider would mention no names.

Assistant Indian Commissioner Scattergood said that the Indian bureau merely wants to protect the rights of the Indians and see that they get some income from their resources.

### INDIANS "SURROUNDED"

Representative James A. Frear of Hudson also said that the Indians are "surrounded by power agents." Schneider also spoke of the opposition of Chief Oshkosh, a Wisconsin Chippewa of Commerce, labor organizations, and women's organizations of the proposed dams at Keshena Falls, the Big Eddy Falls, the Dales, Smoke Falls and Sullivan Rapid on the Wolf river.

Schneider prophesied that the Indians would get more money from the sale of their six eastern townships for a national park, as proposed in his bill, and from the income to be

### U. S. DRY AGENTS GET NO HELP IN KENTUCKY CITIES

Washington—(CP)—Federal officers must play a lone hand in enforcing the prohibition law in Covington and Newport, Ky., District Attorney Sawyer Smith told a senate judiciary subcommittee here today, saying that state and city officers gave no cooperation.

Appointed in connection with his resignation as district attorney, Smith was questioned by Chairman Borah of the subcommittee.

"If there is a dry officer in Covington, I don't know it," Smith said. "County officers don't cooperate because the sentiment is wet. I don't like to stir up citizens but state officers make no effort to enforce the prohibition act in these counties. The people look to federal officers to enforce the dry laws."

### COMBINE ST. PAUL AND MINNEAPOLIS BANKS

St. Paul—(CP)—The first largest bank in the state, the First National Bank, today affiliated with the Minneapolis Bank corporation of Minneapolis. E. W. Decker, president of the latter, was announced.

### JUGOSLAV LEGATION ATTACKED BY REDS

Athens, Greece—(CP)—A crowd of communists stoned the Yugoslav legation today, shouting "Down with the Serbian dictatorship." "Down with Alexander's legations."

### Air Grundy's Hoover Slur At Inquiry

"Never Ran Even for Office of Dog Catcher," He Is Quoted at Probe

Washington—(CP)—Testimony that Joseph R. Grundy, now a Republican senator from Pennsylvania, had said at a meeting of the National Association of Wool Manufacturers prior to Herbert Hoover's inauguration that the latter "never ran for even the office of dog catcher and doesn't know anything at all from experience" was given today to the senate lobby committee.

Grundy was quoted in a speech before the wool manufacturers on Dec. 18, 1929, as expressing concern because of the president elect's lack of knowledge of legislative procedure and because his mind "runs on many other subjects than economic subjects."

The Pennsylvania senator, until he was named to succeed William S. Vare, was a vice president of the American Tariff league and as such gave lengthy testimony before the senate lobby committee.

"We have had hard enough times," Grundy said, "when we have had presidents who have had experience in economic problems with tariff and taxation and things like that, let alone a man who has never had any experience of that kind."

"To get what we know is essential for the continuance of our business and not only for the continuance of it, but for the development and for the expansion of it and of what has been responsible for the great growth and development of the country to the point of where we are today."

Franklin W. Hobbs, of Boston, president of the Wool Manufacturers association, was on the stand when Grundy's speech was introduced into the records from the minutes of the wool association and he repeated that this view of President Hoover was "not my view."

"They are the personal views of Senator Grundy and not of the association," he added.

### RESOURCES OF BANKS DROP IN PAST YEAR

Four Institutions Go Out of Business—5 New Ones Established

Madison—(CP)—Resources in 362 Wisconsin banks dropped \$19,529,723.68 in 1929 over the previous year, according to a report submitted today by C. F. Schwenker, state commissioner of banking.

Four banks went out of business during 1929 and five were established. Of the nearly \$20,000,000 decrease, \$11,553,539.52 occurred during the last quarter of 1929, indicating the effects of drops in the stock market.

It was noted, however, that in 1929 the consolidation of state banks with national banks or the nationalizing of state banks caused a reduction of \$3,449,231.64 in assets. These for the most part also occurred in the last quarter.

Total bank resources on Dec. 31, 1929 were \$512,145,000.

### MAKE PLANS FOR STATE SAFETY MEET JUNE 4

Green Bay—(CP)—Plans for a state safety congress to be held here June 4 were begun last night at a meeting of the Fox River Valley and Lake Shore Safety council. It is expected that about 150 delegates will attend.

In addition to laying plans for the congress, the council adopted resolutions and presented a petition for the addition of "safety" as a subject to the state curriculum.

### Legge Clears Up Cotton Statement; Hit By Harris

Washington—(CP)—After making an explanation of his statement before the senate committee on the cotton loan policy, Senator Legge today was hit by a sharp attack from Senator Harris. Harris charged that Legge's statement was "an attempt to mislead the senate and the public."

### JOHN LAPPEN OF APPLETON NAMED TO SHERIFF'S POST FOR REMAINDER OF TERM

New Sheriff Named

New Officer of Outagamie-co Assumes His Duties at Courthouse

GIESE IS FOUND GUILTY Kohler Removes Him After Hearing Gilbert Report of Investigation

Fred W. Giese this morning was removed from office as sheriff of Outagamie county and John Lappen, 608 N. Morrison-st., was appointed to serve the remainder of the sheriff's term by Governor Walter J. Kohler in Madison.

Mr. Giese was ousted from office as the result of ouster proceedings started last summer by Stanley A. Staidl, district attorney, who charged misconduct in office, including the acceptance of bribes from slot machine owners and saloon keepers, and selling confiscated gambling and liquor making equipment. Mr. Giese's term expires at the end of 1930.

The governor's statement of Mr. Lappen becomes effective today, but Mr. Lappen is in Milwaukee and could not be reached. It is probable he will be sworn in as soon as he returns to Appleton.

"I do not believe justice has been done," Mr. Giese said Friday morning when he learned of the governor's decision. "This is persecution and not prosecution. I insist the whole affair was a frame-up and I desire at this time to announce that I will be a candidate for sheriff next September to permit the voters of the county vindicate me." Mr. Giese said he had no plans for the immediate future.

Testimony produced during the hearings in the ouster proceedings has been in the governor's hands since last September and he heard the arguments of Mr. Staidl and Mr. Giese's attorneys, F. S. Bradford and H. H. Denton, on Nov. 22. The hearings were conducted by Frank L. Gilbert, Madison, who was appointed by Governor Kohler to hear the testimony.

The new sheriff, Mr. Lappen, was born in Appleton 43 years ago and lived here all his life. For several years he served the Second ward as alderman and he voluntarily gave up his office when he thereby made himself ineligible. Shortly after his resignation from the council he was appointed to the city water commission, on which he still serves. He has been a member of the commission for four years.

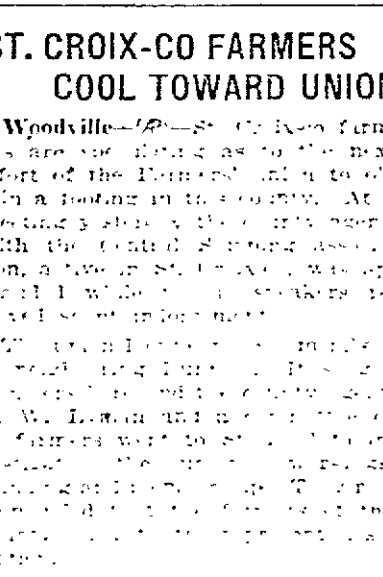

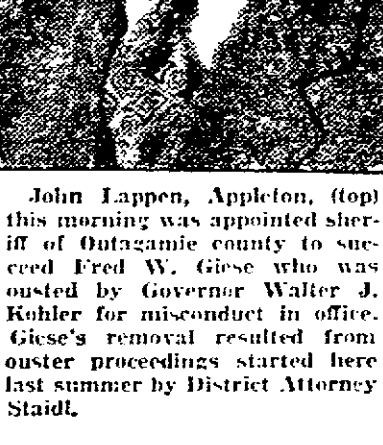

### WIRE WEAVER BY TRADE

By trade Mr. Lappen is a wire weaver and he has been employed at the Appleton Wire Works here for more than 20 years. During this time, Mr. Lappen has been prominent in various times in union activities, having at various times been an officer in the Wire Weavers' Union and also, at one time, having served as an officer of the Appleton Trades and Labor council. For four years Mr. Lappen also served on the executive board of the American Wire Weavers Protective association. He was also president of the local union.

The reason to oust Sheriff Giese was that following an investigation of Dan Kohler, former alderman, at the county jail, a story of a bribe was obtained from him and the sheriff was removed from office.

The ouster of Sheriff Giese was a result of an investigation of Dan Kohler, former alderman, at the county jail, a story of a bribe was obtained from him and the sheriff was removed from office.

Then followed the appointment of Mr. Gilbert as referee in the ouster proceedings. Mr. Giese came to Appleton and for more than 10 days in September heard about 50 witnesses who told of the bribery and graft which they had paid to Kelly. The making of clear the hearing was conducted by Attorney P. S. Bradford and Homer H. Ber-

# Spanish King Gains Importance Under New Regime

## DUKE OF ALBA ALSO TREADS TO FRONT RANK

Alfonso XIII at High Point of Power Since Reign Began in 1886

Madrid — (AP)—Two figures stood foremost in Spain today as the country formally entered upon the regime of the new premier, General Primo de Rivera, replacing the six-year dictatorship of General Primo de Rivera.

The first of these figures was the country's monarch, King Alfonso XIII, who as at no time since the beginning of his reign in 1886 seemed to be in almost complete charge of national affairs, a guiding hand for general policy if not the actual executor of the mass of governmental detail.

The second figure was the duke of Alba, Spanish intellectual, humanist, and social reformer, who was sworn in last night as minister of public education in the new cabinet. It appeared the apparently insignificant portfolio was given him to afford an opportunity of making peace with the striking university students of Madrid and other cities, that task which he probably will be delegated to the ministry of state, which will replace the old ministry of foreign affairs.

The Duke of Alba, an intimate of King Alfonso, is one of the most popular political figures in all Spain. In 1925 he divided his estates among 400 tenants in order to set a democratic example. He is the seventh of his name, and the tenth duke of Berwick, a British title. He is 51 years old, a famous polo player, and sportsman, and has written a number of discourses on Spanish culture and life.

### KING AGAIN PRESIDES

The new cabinet, meeting for the first time last night, shortly after it had been sworn in and its members presented to the Spanish royal family, decided that King Alfonso should preside at each Thursday session as he did before the dictatorship was established. The initial cabinet council itself met under the chairmanship of the sovereign.

Premier General Berenguer, making his first address as head of the government, declared the program of the new regime was defined clearly, and that the mission of the dictatorship during the past six years was terminated. He said it was the duty of the government to press as rapidly as possible the judicial and constitutional restoration which was set aside when General Primo de Rivera seized power.

The council decided to set aside General Primo de Rivera's decrees and dictatorial dispositions, and to suppress immediately the national assembly, which Primo set up with advisory powers only to replace the old parliamentary cortes.

Persons close in the new regime said that the government immediately would take the steps necessary to reestablish the constitution of 1876, hold elections for deputies and senators so as to reestablish parliament and to provide new municipal and provincial elections. The municipal changes probably will come first.

### TO PARDON OFFICERS

Among other reforms believed contemplated are pardoning of army officers and other men, principally generals, who were separated from the army by orders of General Primo de Rivera, who believed them disloyal. It was expected appointments to many high offices would be made at the Saturday session of the cabinet. Meanwhile the first impression that the general public was inclined favorably toward the new government grew. The ministry was considered generally to have been wisely selected because of conservative and familiarity with tasks.

Madrid experienced a most tranquil day since the students strike began during the last week of General Primo de Rivera's dictatorship. Police guard were cut greatly, both in the capital and in nearby cities.

There were no reports from any quarter of any developments, what ever of alarming character. The government denied that foreign press dispatches were censored.

Relinquishment of the regime of General Primo de Rivera was accomplished without particular ceremony. General Primo de Rivera presented the new chief of the government to the personnel of the executive offices, marking that the employees always has served faithfully and that the Berenguer government could not mean their loyal.

The ministers, with the exception of Pedro Sanjurjo y Rios de Trilano

Successful Since 1889

## DON'T TOUCH ME, CITY OFFICIALS WARN EACH OTHER

City hall officials — and most everybody else in town — are beginning to understand with a vengeance the old fable about King Midas and his golden touch. When King Midas touched things they turned to gold; when local citizens touch things these days they turn to cannon-balls of electricity.

The city clerk's office seems to be particularly susceptible to the electricity in the air and on Thursday the condition became so aggravated that standing in the middle of the floor seemed about the only safe thing to do. Contact with typewriters, steel cabinets, telephones and people set up a friction that bid fair to floor the employees. An S. O. S. call was sent to the electrical inspector, but with the temperature outdoors below zero and the temperature in the building below par because of the broken oil burner he could do little about it. The condition of the weather, it seems, has a definite effect upon the static electricity in a room.

## Chicago Now Finding Way From Crisis

Chicago — (AP)—The pinched pockets of Chicago and Cook-co had the prospect of a slight bulge today.

The citizens' relief committee, headed by Jas. H. Strawn, conferred yesterday with county board officials relative to advancing nearly \$2,000,000 to meet all expenses up to tomorrow, Feb. 1.

This was followed by reassurance from Gov. Louis L. Emmerson that he would do this utmost to speed up the reassessment of 1928 taxes.

A meeting of state officials and members of the tax commission, called by the governor, planned a program today to insure quick settlement of both Cook-co and state tax problems.

Citing the effects of the 1928 reassessment on state finances, Governor Emmerson pointed out that \$2,700,000 in tax money is owed Chicago by the state of Illinois as part of the distributive fund for 1929.

Pensioned firemen were assured their Feb. 1 pay checks yesterday when City Comptroller George Schmidt negotiated the sale of tax anticipation warrants to a bank of which he is president.

The plan to abolish the taxes of all local governments for 1928 and 1929 and substitute instead a 40-year \$400,000,000 bond issue was advanced by another group of business men as a means to fill the empty money bags.

Memorandum Falls — (AP)—More than 200 members of the Badger Firemen's association attended the annual mid-winter banquet of the group here last night. Peter Steinkeller, Milwaukee fire chief, was the principal speaker.

new minister of labor, who is hurrying here from Geneva, were sworn in before King Alfonso, and afterwards introduced to other members of the royal family last evening, the event marking formal close of the more than six year period of dictatorship.

## BURIAL RITES FOR BISHOP ANDERSON SET FOR TOMORROW

Meetings to Select Successors as Bishop and as Primate Are Planned

Chicago — (AP)—Until 1 o'clock to night, the body of the late Bishop Charles P. Anderson, of the Episcopal church, who died yesterday after a week's attack of heart disease, will lie in state in St. James' cathedral, the diocesan church.

Funeral services will be held tomorrow, marked with the simplicity the primate requested.

In the meantime, meetings to select a successor as bishop of Chicago and primate of the council of bishops of the church in America are being planned.

The church news bureau said today that the 93rd annual convention of the diocese will be held at the cathedral next Tuesday and Wednesday. It was at this meeting that Bishop Anderson suggested a coadjutor bishop should be elected — to succeed him upon death or resignation. It will be necessary now, however, to elect a diocesan bishop.

Bishop William A. Leonard of Cleveland, senior of the council, has indicated the meeting to select a new primate will be held in either Chicago or St. Louis. Laws of the church require this meeting to be called within two months after the primate's death.

GRAVE UNDER ALTAR Bishop Anderson will be buried under a simple altar in the chapel being erected in his honor at the Western Theological seminary at Evanston, the diocesan committee announced today. Following the funeral services tomorrow the body will be temporarily laid in a vault at Roselawn cemetery and final commitment will probably occur on Feb. 24, thirtieth anniversary of the bishop's consecration and the day set for the dedication of the chapel.

Dean Duncan H. Browne and Rt. Rev. Sheldon M. Griswold, suffragan bishop of Chicago, will celebrate communion services Saturday morning. The burial sentence will be pronounced by the Rt. Rev. Hugh Latimer Burleson, assessor to Bishop Anderson.

The pallbearers will be clergyman whom Bishop Anderson ordained: the Rev. Edward S. White, Charles L. Street, William Simms, Walter C. Bihler, Hugh MacWhorter, John Scambler, Norman E. Quigg and W. E. Stoskopf. A group of leading clergymen and prominent laymen will act as honorary pallbearers. A number of bishops and church leaders from all parts of the country are expected to attend the services.

NOMINATION PAPERS FILED FOR THOMPSON Nomination papers were filed with Carl Becker, city clerk, Thursday afternoon for C. D. Thompson, alderman from the Second ward. Alderman Alike Steinhauser, First ward, was the first person to place his signed papers on file.

Brussels — (AP)—The Negus of Ethiopia has asked Belgian army officers to recognize the Ethiopian Guard of Honor, which is the personal body guard of the Negus. With permission of King Albert, a Belgian military mission will leave shortly for Abyssinia.

## PHONE DIRECTORY REJOINS BROTHERS AFTER 31 YEARS

Passadena, Calif. — (AP)—Oscar and Guy Michaels lost track of each other 31 years ago. Today they are reunited.

Guy picked up his new telephone directory yesterday, looked up his own name to make sure it was correctly listed, and found under it "O. B. Michaels," with an address not five blocks from his own. He rang Oscar's number.

"Hello, Guy, I've been here," "Well, your name Oscar Burton Michaels?"

"Yes," "Did you ever live in Bonner Springs, Kansas?" "Oh huh."

"Well are the toes of your left foot cut off?" "What business is it of yours if they are?"

"Well, this is your brother, Guy. Where have you been for the last 31 years?"

"Hello, Guy, I've been here," "Well can you beat that! I've lived here for two years myself."

TRY TO IDENTIFY BODY IN MYSTERY Believe It Is One of Two Missing Men in Southern California

Yuma, Ariz. — (AP)—Attempts definitely to identify a body held in Algodones, Mexico, as that of one of two mysteriously missing southern California men will be made today.

The body is to be brought here this morning.

Dug out of a shallow grave on the bank of an irrigation canal 24 miles south of Algodones, the body has presented perplexing problems to local authorities. Sheriff J. C. Hunter of Yuma-co identified it as that of W. Paul Loveland, wealthy Pasadena, Calif., architect and sportsman who disappeared from an auto camp here shortly after Christmas.

Loveland, however, has refused to accept the identification, and declares she believes her husband still is alive.

Sheriff William I. Traeger of Los Angeles-co, California, said he believed two pairs of spectacles found on the body were similar to those habitually carried by Frank Baumgartner, owner of the largest winery in southern California and several large vineyards, who has been the object of a nation wide search since November.

The body, evidently lifeless for several days, was found by Mexican workers in a canal, and buried. It was ordered exhumed after local authorities discovered Loveland had carried two pairs of spectacles similar to those found in its clothing.

Los Angeles police long have worked on the theory that the vineyardist may have been disposed of by men who wished to divert the large supply of wine and alcohol stored in his bonded winery to bootleg channels.

## COUNTY OFFICERS ARE INVOLVED IN LATTEST DRY TRIAL

Entire Government in Oklahoma Community Corrupt, Is Charge

BY TOM STED Oklahoma City, Okla. — (AP)—Prohibition in the oil boom area is resulting here in a trial involving a good share of one county government.

Along with it is developing a battle the state and federal government over liquor law enforcement. The trial, involving 102 defendants, allegedly connected with a conspiracy to violate the prohibition laws in Pottawatomie-co, is under way in federal district court here.

Randall P. Mann, county attorney and Frank Fox, former sheriff, are being prosecuted as leaders of a "liquor ring," organized to control the sale of beer, whisky, and alcohol in that county from 1926 to 1929 during an old field boom which doubled the county's population in less than a year.

Twenty-five of the 102 defendants pleaded guilty, 29 are fugitives from justice and 54 went to trial, three others having died. Confessions, detailing alleged operations of the ring, are to be presented by the government, and are said to involve not

only the county officers, but chiefs of police, mayors, deputy sheriffs and constables. In addition it is understood that members of the Oklahoma attorney general's office might be concerned.

Protection of county officers was given to liquor vendors, the government charges, for amounts ranging from \$5 to \$50 a week. Officers in each district were made "collectors" and turned the money to their superiors. Some confession claim that as much as \$150,000 was collected in a single year.

As the oil fields developed and demands for liquor grew, the lines were extended, the government claims and officers contented themselves with raiding saloon keepers who failed to pay off. Regular liquor trucking service was maintained, stills operators and wholesalers established to handle the business, the story goes.

The government has called 88 witnesses and the defense has 61.

## COUNCIL WILL RENEW NOTES FOR \$100,000

Acting Mayor George T. Richards has called a special meeting of the common council for 7:30 Friday evening to act on city loans due this week. Because the tax time was extended until April 1, an insufficient amount of money has been collected to meet the notes, so it will be necessary to renew notes amounting to \$100,000. The remainder, \$110,000 will be paid Saturday morning.

only the county officers, but chiefs of police, mayors, deputy sheriffs and constables. In addition it is understood that members of the Oklahoma attorney general's office might be concerned.

## RUNS THROUGH SNOW SANS HAT, SHOES AND PANTS—WINS \$50 BET

Washington — (AP)—The prize for daring—a \$50 prize, incidentally — during Washington's current big snow, has gone to Andrew Madden, 23, who lives in an apartment on Spring-rd.

On the night the snow began a Madden family conversation, after many ramifications, reached its climax in a declaration by the husband that for \$50 he would run, sans coat, sans shoes and sans pants to a nearby bakery.

"I'll bet you \$50 you will not," said Mrs. Madden.

"It's a bet," returned Madden and promptly forgot about it.

Nor did he recall it the morning after as he awakened and looked out to see half a foot of snow on the ground and more falling fast. It did not come to mind until he looked in vain for his clothing and found only an undergarment.

"You bet me fifty dollars that you would run up to the bakery on Fourteenth-st without any coat, pants or shoes," Mrs. Madden reminded. "Your clothes are locked up."

Madden did not hesitate. He donned the union suit and out he went. People on the streets gave him plenty of room as did the customers

in the bakery. Madden threw down a coin.

"A pint of milk," he panted, "and keep the change."

He sprinted the block back to his house and dashed upstairs. His wife took one look at him and paid the fifty.

# Most Towns In County Removing Snow From Highways

## MANY HIRE OR BUY TRUCKS TO CLEAR ROADS

People Demand Work and Are Getting It This Year, Survey Shows

Rural residents of Outagamie county demand the removal of snow from town roads and they are getting it this year—in many cases for the first time.

A survey of towns in the county shows that 11 have hired or purchased trucks and plows to clear their roads open; they are attempting to open roads with horse-drawn plows and teams and only one town is going outside the county way of attempting to open the roads. Officials of three towns could not be reached.

The unanimous opinion of town officials interviewed was that the cheapest and quickest way to open roads is to hire or purchase trucks for the work. Reports from the officials showed that private trucks can be engaged for \$2.50 per hour and county trucks for \$1 per hour.

Five towns in the county, including Ellington, are county trucks working eight hours Tuesday, succeeded in opening nine miles of road. The total cost of this work was \$32. D. M. Breitrick, town clerk, said this was much less expensive than trying to open the roads with teams and horse-drawn plows. Mr. Breitrick said last spring the voters of his town turned down a resolution to purchase a truck for snow removal work, but he is sure the issue would be raised again next spring because there is such a big demand for keeping the roads open.

**SLEIGH ALMOST GONE**

Practically all the supervisors agreed that the day of the sleigh is just about past. They point out that snow removal is a sure thing in the future. Sleighs cannot be used on county, state or federal trunk highways and therefore it will be necessary to keep town roads open.

"You can't use a sleigh on town roads and then expect the horses to pull the load over bare pavement or on surfacing on main roads," said one chairman. "The towns now face the problem of keeping their roads open so farmers may use their automobiles all year."

The town of Black Creek is the only one which is attempting to remove snow with teams and horse plows. Rickard Wickesberg, town chairman, reported that fair success is being met, although the cost is very high. Payment is made at the rate of 30 cents an hour for common labor and 60 cents per hour a team and team. Mr. Wickesberg said it is possible that his town will decide to hire trucks to keep the roads open before the winter is over.

Wages paid by the town of Black Creek to farmers doing snow removal work were found to be on the same basis used by other towns which have made efforts to utilize this system. Some towns permitted the farmers to work out their road tax by this system.

"However, it was the unanimous opinion of the chairmen that the horse team and home made plow system is unworkable, uncertain slow and expensive and in most cases it has already been abandoned in favor of the hired truck."

**MAY BUY TRUCKS**

Three towns have made especially good progress in the opening of their town roads. These are Main, Cicero and Grand Chute. Farmers living in these towns have been especially pleased with the manner in which the trucks have kept the roads open this winter and the chairmen say that there is a good possibility that the towns may purchase trucks of their own for next year.

This same sentiment was expressed by many town chairmen who said that their taxpayers had already started talking about buying trucks when it was demonstrated how well the roads could be opened.

The towns of Seymour and Dale own their own trucks and have on their roads open. The trucks owned by Dale also is rented to the town of Greenville, where an attempt had been made to open the roads with teams. John Koepsch, chairman of the town of Greenville, said the team method proved so cumbersome and slow that the town board decided to rent the truck from Dale and the machine opened 20 miles of road in a single day.

Most of the town officials admitted that while they are having unusual success with opening the roads this winter they still face a big problem. They pointed out that there hasn't been nearly as much snow this winter as last and that if there is a heavy snow they may face a shortage of trucks for renting because the county will need all of its equipment to open the truck highways. This means they will be unable to work on town roads for some time after a storm.

This fact, several chairman pointed out, may bring the voters to realize the necessity of owning their own machinery. As a result many towns meetings this spring are expected to consider this matter.

In the town of Center, where they are using teams and plows to open the roads, the taxpayers last spring voted tax of one mill or \$2.00 for snow removal work. Frank Schroeder, town chairman, said that he expected the money would cover all expenses this winter and that it is probable the town would this spring discuss the purchase of a town truck.

Some towns, including Grand Chute and Maple Creek, have hired more than one truck to open the roads.

All supervisors agreed that snow removal will be an annual problem from now on to be faced each year by the towns as well as by the county.

## The Oldtimer Asks...

Do You Remember When—Buffalo fur coats and robes were the commonest of furs?

Passenger pigeons were here in such quantities that flocks of them would darken the sun in passing over, that the weight of them in roosting would break off huge limbs from the trees, that they were netted and other wise killed and shipped to market by the barrel?

Among the popular songs of the day were "Captain Jinks," "Little Brown Jug," "Swing Low Sweet Chariot," "Old Folks at Home," "My Darling Nelly Gray," "Old Black Joe," "My Old Kentucky Home," "Nelly Was a Lady," "Massa in the Cold Cold Ground," "The Mocking Bird," "Carry Me Back to Old Virginia," "Marching Through Georgia," "When Johnny Comes Marching Home Again," "Tramp, Tramp, Tramp the Boys are Marching," "The Girl I Left Behind," "The Old Oaken Bucket," "When You and I Were Young Maggie," "Baby Mine," "People Must Talk You Know," "Under the Willow She's Sleeping," "Scatter Seeds of Kindness," "My Bonnie Lies Over the Ocean," "Silver Threads Among the Gold," "The Spanish Cavalier," "Annie Rooney," "There'll Be a Hot Time in the Old Town Tonight," "Wait Till the Clouds Roll By," "Sweet Evalina," "Wait for the Wagon," "Whoo Emma," "Good bye My Lover, Good Bye," "Mary Ann," "Susanna," "Golden Slippers," "Climbing up Dem Golden Stairs," etc.

## ANNUAL MEETING OF DIOCESE PUT OFF UNTIL JUNE

Fond du Lac Council of Episcopal Church Waits for Bishop's Return

The annual meeting of the Fond du Lac diocesan council, usually held in January, was postponed until June at a meeting of the executive board of the diocese at All Saints parish hall Thursday. The date was changed because of the absence of Bishop Weller, who will return from Florida in June, and because a special meeting of the council late last fall makes another meeting at this time unnecessary.

A balance of more than \$5,000 was reported in the diocesan mission fund. Reports were presented by the chairman of the finance, mission, religious education, social service and church pension departments, and the business of the diocese was discussed.

The Rev. H. S. Gatter, rector of All Saints church, reported that every parish and mission in the diocese had paid its church pension assessments for 1929.

The standing committee of the diocese, made up of the same persons as the executive board, confirmed the appointment of the Rev. Mr. Abbeville as bishop of the Marquette diocese.

Those present at the conference included the Rev. A. Gordon Fox, rector of St. Paul's, and the Rev. Mr. E. W. C. Murray, Green Bay; the Rev. W. C. Way, Wausau; the Rev. Lucius Hopkins, Big Sausage; the Rev. Verly, and Mrs. E. W. Averill, Fond du Lac; the Rev. William Hood, Manitowish; the Hon. Rev. A. Foster, Fond du Lac, chancellor of the diocese; the Rev. A. Parker Curtis, Sheboygan; and the Rev. Thomas L. Park, Waupun.

Visiting pastors were entertained at luncheon at the Conway hotel and Mrs. S. Gatter was hostess to their wives at the parsonage. In the afternoon Bishop and Mrs. Sturtevant held a tea at their home on Leminawab-st.

## BISHOP TO ATTEND FUNERAL OF PASTOR

The Rt. Rev. Harwood Sturtevant, bishop coadjutor of the Fond du Lac diocese, left Friday for Evanston, where he will attend the funeral of the Most Rev. Charles Palmerston Anderson, presiding bishop of the American Episcopal church, at 10:30 Sunday morning. The bishop, who had been head of the Chicago diocese for a quarter of a century and held the primacy of his church for two months, died Thursday.

Bishop Sturtevant will return to Appleton on Monday.

## THE WEATHER

Wisconsin Weather  
Partly cloudy tonight and Saturday; not quite so cold Saturday in south portion.

General Weather  
A shallow "low" is centered this morning over Lake Huron, bringing unsettled and warmer, with light snow, in the lake region and the New England states. Fair weather prevails in the southern states and most of the western plains states, but temperatures are still considerably below the seasonal normal in the southern Mississippi valley. Another "low" is moving in over the Canadian northwest, preceded by rising temperatures in the upper Missouri valley and the northern Rocky mountains. Partly cloudy weather, with no decided change in temperature, is expected in this section tonight and Saturday, with the minimum tonight between 5 and 10 degrees above zero.

## GIESE OUSTED, NAME LAPPEN NEW SHERIFF

Governor Removes Giese for Misconduct in Office

CONTINUED FROM PAGE 1

ton, but only about ten witnesses on the stand.

The investigation started with Kelly being called to the district attorney's office for questioning after Henry Van Camp, town of Grand Chute farmer, told about paying a \$90 bribe to Kelly. Kelly said that Lothar Kemp, a deputy sheriff, was with Kelly on the trip when the \$90 was paid by Van Camp.

Kelly readily admitted his part in the collection of bribes from saloon keepers and roadhouse operators, slot machine owners and operators, and in the resale of confiscated slot machines and stills before their terms expired.

Specifically all of the state's witnesses told of paying money to Kelly and most of them said they had never talked to the sheriff about the matter. Several witnesses, however, said they had talked with the sheriff.

The sheriff denied these statements.

The state's principal witness was Kelly who occupied the stand for almost two days telling how he had collected money from various men. He claimed he had turned the funds over to the sheriff and that Giese kept two-thirds and gave Kelly one-third.

Sheriff Giese denied all the charges made by Kelly and claimed if there were illegal acts Kelly did them without his knowledge. He claimed he trusted Kelly.

## Drinks Wood Alcohol, But Man Is Saved

Quick application of first aid methods by police and Dr. P. P. Doeherty, city physician, probably saved the life of Herman Hesselman, 42, yesterday, after he had swal owed more than a pint of wood alcohol.

Hesselman rooms at the home of Mrs. George A. Reil, 603 N. Appleton-st. About 10:30 Thursday morning he came home, went into the basement and started drinking some wood alcohol which was kept in the basement for use in an automobile radiator, according to police.

Mrs. Reil, alarmed at Hesselman's actions, called the police who brought him to the police station. When he arrived at the station he was in a stupor. Dr. Doeherty, who was called, ordered the man taken to St. Elizabeth hospital at once. There it was necessary to use a stomach pump to remove five or six ounces of the poisonous liquid from his stomach. Friday noon Dr. Doeherty said Hesselman's condition is very good and that he probably will recover.

## GARAGE MUST PAY FOR BRAKE TESTER

Waupaca-co Circuit Judge Allows Clintonville Company \$420 Judgment

Denying attorneys for Emil Reek, Waupaca garage owner, a plea for continuance of the case, Judge Byron B. Park, sitting in circuit court at Waupaca Friday morning, allowed the Patterson Manufacturing company, Clintonville, a judgment of \$420 and interest. The amount is the price of a brake testing machine sold to Reek on Dec. 12, 1928, which he promised to pay for by May 12, 1929.

The judgment was rendered when attorneys for Reek failed to produce a surprise affidavit within the time limit prescribed by the court, which affidavit Reek's attorneys claimed would show there had been misrepresentation and fraud in the sale of the machine by a Patterson company representative.

Reek's attorneys previously claimed the contract had been verbal and a five month's trial permitted. However, attorneys for the Patterson company produced the contract of sale and the case was considered closed. A half hour was granted Reek's attorneys to produce the surprise affidavit.

## BIRTHS

A daughter was born Wednesday at St. Elizabeth hospital to Mr. and Mrs. Elmer Semrow.

A son was born Thursday to Mr. and Mrs. E. F. Semrow, 234 E. Brewster-st., at St. Elizabeth hospital.

A daughter was born Thursday to Mr. and Mrs. Antone Mattson, 621 Fifth-st., Menasha, at St. Elizabeth hospital.

A daughter was born Tuesday at St. Elizabeth hospital to Mr. and Mrs. Joseph Hergen, Kimberly, at St. Elizabeth hospital.

A daughter was born Friday to Mr. and Mrs. Achilles Schlof, 1112 N. Leminawab-st., at St. Elizabeth hospital.

## Y. M. C. A. BOYS PLAN SKI HIKE SATURDAY

Unless there is a radical change in the weather over night members of the boys department of the Y. M. C. A. will go on a ski hike Saturday morning, returning to Appleton about 1:30 or 2 o'clock.

## APPLETON PASTOR TALKS TO STURGEON BAY CLUB

Dr. H. E. Peabody, pastor of the Congregational church, addressed the Men's club of the Congregational church at Sturgeon Bay Tuesday evening. His subject was Preaching the Gospel, and he pointed out what an unusual opportunity the Appleton church has, with its Sunday evening movie services, to preach the gospel to many persons who have no church affiliations.

Persons who make no effort to attend church services, he said, come to the movies services, and in this way offer an opportunity to reach people who otherwise could not be met.

## OPEN GOLDEN ARCH CEREMONY TONIGHT WITH ORGAN RECITAL

Scout Executive Reports Everything in Readiness for Event

The Golden Arch ceremony at Lawrence Memorial chapel at 7:45 Friday evening, to be presented under auspices of Valley and Rockford, Ill. scout councils, will open with an organ recital by Professor J. Ross Frimont of Lawrence Conservatory of Music. Following the recital, buglers of the drum and bugle corps will sound assembly, after which the corps, followed by 400 valley council scouts, will march across the stage and to their seats in the assembly.

The scout oath will be read by E. A. Killoren, scout commissioner, after which the welcome and introduction will be given by George Dreisbach and C. A. Horner, who will be in charge of the ceremony and general program. Mr. Dreisbach and Mrs. Horner will be introduced by P. N. Belanger, president of valley council.

Motion pictures of the International "Jamboree" at Arrow Park, Eikenhead, England last summer will be shown. The pictures will be explained by Mr. Dreisbach.

Following the picture the Golden Arch ceremony will be conducted, followed by investiture ceremony for tenderfoot scouts. As their names are called from the printed program by Cloyd Schroeder, deputy scout commissioner, the scouts will pass through the arch and receive their badges and certificates.

## SCHEIDER CLAIMS INDIANS MISLED

CONTINUED FROM PAGE 1

derived from hundreds of thousands of tourists who will visit the place annually if its natural beauty is preserved.

Nobody wants to take the land from the Indians without compensation, he said. He declared that the Menominees are a wealthy tribe, having property amounting to \$27,000 per family, are mostly employed, and have about \$90,000,000 drawing.

The Wisconsin Power and Light company, which holds temporary permits for the five dams, would have to rebuild the roads on the areas to be flooded and would have to reimburse the Indians for their \$20,000 plant at Keshena, Schneider pointed out.

Schneider said that now that the Indians know more of the facts, he believes that a majority of them are against the proposed power development, and insisted that the permit recently extended until February, 1931, should be cancelled now.

Francis W. Kuehl, assistant attorney general by direction of Attorney General John W. Reynolds, appeared before the subcommittee in opposition to the granting of the power license and in support of the Schneider bill. Preliminary steps toward making part of the Menominee reservation into a national park.

He told the committee that the Wisconsin legislature had adopted a resolution opposing the leasing of water powers on the Wolf river to private interests requesting the railroad commission not to issue a state permit for the purpose.

Private interests who want the region preserved in its natural beauty also feel that the inland interests will exploit the Indians without giving them due compensation, Kuehl said.

"By the granting of a national park," Kuehl continued, "the wonderful scenic beauty of the Wolf river would be forever preserved for the benefit of the entire public, and the Indians be paid a fair compensation for their lands, timber and water rights."

Ralph Freudenberg, Menominee delegate, will appear later to present the Indians' side of the story. He said today that they had been promised a vote tonight over the permit centers.

Miss Margaret Gilmrow, native teacher of Antigo, was in Appleton Friday.

## QUIZ GUESTS AT PARTY IN TAXI SLAYING

Chicago Detectives Seek Motive for Latest Gang Killings

Chicago (AP)—A party at the home of Robert McLaughlin, president of the Checker Cab company, 15 minutes before the company treasurer, Barney Mitchell, and a company driver, George Jackson, were killed early yesterday, has given detectives a new but meagre lead in their investigation of the double slaying.

Everyone at the party is to be questioned. McLaughlin himself was still missing early today. Police believe he may have gone into hiding, fearing death from the same source, while for the killing of Mitchell and Jackson. The two men were found shot to death in Jackson's cab on Ridge-blvd in Rogers Park early yesterday.

Police entered McLaughlin's home last night with a pass key. It was unattended, but signs of the party were apparent. The living rooms were in disorder, with glasses and dishes as they had been left by the guests.

Next door to McLaughlin's house is the home of Max Raitman, secretary of the company. No one was home there last night when police called, but the place blazed with lights. Neighbors said the lights had been burning all day. Raitman was one of those present at the McLaughlin party. Other guests included Harry Gordon, vice president, and Samuel Weinsker of the legal staff.

**WAS BIRTHDAY PARTY**

The party was held in observance of McLaughlin's birthday and also of the tenth anniversary of the wedding of Mr. and Mrs. Mitchell. Just before party time, however, Mitchell telephoned his wife, suggesting that she remain home as he would not reach the party until late. Mrs. Mitchell wanted to go ahead, with her husband joining the party when he could, but Mitchell vetoed this.

When the party broke up, Mitchell phoned for a cab from Raitman's home, and Jackson's cab answered. Mitchell entered the cab alone, police were told. Ten blocks away he and Jackson were killed. The slaying of Mitchell, detectives are sure, was premeditated and carefully planned. Jackson was shot to make certain there would be no living witness to the crime. The double slaying was done from inside the cab, a circumstance that has added to the mystery. One rear door and both front doors were open, and it was apparent that Mitchell had fought desperately before being killed.

Police early today issued a bulletin calling for the arrest of Robert Schmidt, known as "Frisco Dutch," Schmid, with Eugene (Red) McLaughlin, was tried and acquitted of the slaying of Joseph Workal, former president of the cab company and the man Red McLaughlin's brother, Robert, succeeded Workal's dying statement named Schmidt and Red McLaughlin as his attackers.

## PRIZE PLAY TO BE GIVEN AT SEYMOUR

Players Hope to Raise Funds to Pay Expenses of Madison Trip

Pioneer rural school Parent-Teacher association of the town of Osborn, which recently won the Outagamie county home talent play contest, will present the prize play, "Squaring It With the Boss" at Seymour tonight, in an effort to secure enough funds to pay expenses to Madison next week to take part in the state home talent play contest. The play is to be presented under auspices of the Seymour Kiwanis club.

In addition to the county prize winning play the Woodland Parent-Teacher association, of the town of Seymour, also will present the play. The Outagamie county players will leave Monday for Madison. They have drawn second place on Wednesday night's section of the contest. Three plays will be given each night and winners will be chosen after the final contests late in the week.

Those taking part in the play were Beatrice Dunlavy, Otto Koliath, Orpha Schultz, Mr. and Mrs. Roland Landau and Warrine Sherman.

## APPLETON MEN HURT IN HIGHWAY CRASH

Three Appleton men, hurt in a head-on collision with a Manitowish car, a few miles out of Manitowish at 2 o'clock Monday afternoon. An aged lady in the other car was seriously injured.

Nick Caramichas, proprietor of the New Grill restaurant, received severe cuts on his knees and body bruises. Louis Seffa, driver of the Appleton car, was bruised about the arms and neck and Louis Dince had his chest slightly injured. The Manitowish car was owned by Gemesheid and the Appleton car had the front end badly damaged.

## ARTERIAL JUMPER IS FINED \$1 AND COSTS

Walter Neff, 551 S. Westminster, was fined \$1 and costs Judge Theodore Long in municipal court Friday morning when he pleaded guilty of jumping an arterial at the corner of Third and Wisconsin-ave. He was arrested Thursday afternoon by Fred Arndt, motorcycle officer.

## TODAY IS LAST DAY TO PAY LICENSES ON DOGS IN APPLETON

With Friday the last day for the payment of dog licenses, the treasurer's office has begged for dog owners all day. (The total number of licenses issued totaled to 417 by Friday noon, leaving over 500 to be taken out before 4 o'clock. All licenses not paid today will be turned over to the police department.

## WAUPACA-CO GIRL AWARDED \$1,164 IN ACCIDENT SUIT

Jury Decides Drivers of Cars Were Negligent and Nulls Their Claims

Miss Ida Fraedricks, Dupont, Waupaca-co was awarded \$1,614 damages by a jury in circuit court at Waupaca Thursday afternoon for injuries received in an automobile accident at Maple Valley corners, Aug. 30, 1928. Miss Fraedricks' claim was against Herbert Phiel, Dupont, with whom she was riding when his car collided with one driven by Albert Durkey, town of Dupont.

The drivers of both cars were negligent, in the opinion of the jury, the decision nulling Durkey's claim against Phiel for damages to his car and Phiel's counter claim against Durkey for damages to Phiel's car and for a dental bill. Durkey sought \$1,000 damages. Phiel \$1,200 and Miss Fraedricks \$3,025.

In arriving at its decision the jury decided Durkey did not keep a proper lookout as he entered the intersection where the accident occurred, and that Phiel was driving at an excessive rate of speed. The jury deliberated from 9:30 in the morning to 2:30 in the afternoon.

In another case tried Thursday in circuit court, Jonas Denney, 18, and Paul Bekes, 35, two Neopit Indians were sentenced to 1 to 1 1/2 years in Green Bay for stealing poultry. Denney received sentence last Monday of from 2 to 3 years and was sent to county jail to decide whether he would tell who was with him when the theft was committed. When he confessed the sentence was cut in half.

The two alleged to have stolen 17 chickens from Smith Gunderson, town of Matteson, and a prize turkey, two ducks and a rooster from Lester Burgess of the same town.

Damages amounting to \$500 were awarded to Waupaca from Edl. Platts, by the jury in circuit court for Waupaca-co Thursday afternoon. The defendant was H. A. Spiegel, Marion, an employee of a Clintonville electric company. The case grew out of a collision at Clintonville.

Charged with forgery, Lloyd Martindale was given two days to pay a check of \$17.50 cashed at the Pat Cummings restaurant at New London in November. The check was covered Friday morning.

William McCurdy, New London, was brought to Waupaca from Wauville by Sheriff Arthur Staehbeck Thursday afternoon on a charge of abandonment. He was placed in the Waupaca-co jail.

## WARMER WEATHER TO PREVAIL SATURDAY

Skies will be cloudy and warmer weather will prevail during the next 24 hours, the weatherman says in his predictions for Friday night and Saturday. Warmer weather is predicted throughout the middleweek for the next 24 hours.

Winds are shifting in the southwest, which is a good indication that earwinds will be doffed by Saturday for the first time in several weeks. The break-up of the cold spell came early Friday morning, and the mercury registered 11 degrees above zero. At noon Friday the mercury registered 16 degrees above zero.

## JURY FINDS MAN DID NOT COMMIT ADULTERY

Harvey Behrendt, Appleton, was found not guilty by a jury in municipal court Thursday afternoon of adultery. Behrendt had been arrested on complaint of Fred Selig, formerly of Appleton and now serving a term in the state reformatory at Green Bay on a charge of forgery. Selig charged Behrendt with being the father of his wife's infant child which was born after Selig had been sent to jail. Selig had lived at the Behrendt home after her husband was sent to jail. Behrendt is the father of several small children and Mrs. Selig is the mother of several small children. The jury retired at 4:15 Thursday afternoon and returned with a verdict at 5:30.

## ASK CLERK FOR COPY OF RADIO ORDINANCE

A request for a copy of Appleton's radio ordinance and information concerning its enforcement was received Friday by Carl Beecher, city clerk, from Manitowish. The city recently adopted an ordinance making it unlawful to operate any unnecessary electrical device that would cause interference between the hours of 6 and 12 o'clock at night, prohibiting amateurs from broadcasting on any wave length other than that assigned by the national radio commission. The proposed radio interference ordinance for Appleton was killed by the council last fall because of the violent objections of a large number of citizens.

## Mundy Wax Portraits On Display Here For Week

A collection of seven wax portraits by Ethel Francis Mundy will be on display at Lawrence college library for one week, beginning today. The collection is unequalled anywhere except in the Metropolitan Museum in New York, and has never been shown in any but the larger cities.

The portraits are brought to Lawrence as the feature exhibit of the month by special arrangement with the artist. They are done in colors, shaped and molded with melted colored wax. The skill of the art depends as much upon the ability and knowledge of the artist in making and mixing the colors as it does upon the proficiency in applying it to the reproduction of human features. Miss Mundy has evolved a color medium which will stand any change of weather without the slightest effect. The reds are imported from China, in order that this important color will meet the rigid demands of this type of work.

Ethel Francis Mundy, Syracuse, N. Y., is one of the two contemporary artists to have been successful in this field of wax portraiture. While studying and traveling in Europe she was attracted to the difficult art while visiting the Cluny Museum in Paris. The opportunity for expression in this field suggested itself to her, and subsequent study brought her to the position she now holds as one of the two artists doing wax portraits.

**THEY REVIVE ART**

Wax portraiture is an art dating back to the renaissance. It became popular in France and then disappeared until Miss Mundy and her contemporary revived it with new splendor. Collections of wax portraits are rare in this country although every rating museum in Europe has this type of exhibit. The portraits done by Miss Mundy show child portraiture to be her forte. Flesh colors of extremely accurate hues, and lifelike work of beautiful blue mark her work truly realistic. The portraits, done in medallion form, are set in circular frames and covered by convex glasses.

Ethel Mundy has so established her position in this art that her talent is commissioned by many of the leading families of America in doing portraits of both children and adults. Some of the people for whom the exhibiting artist has made wax portraits are J. Pierpont Morgan, Henry C. Frick, Cornelius Vanderbilt, Barbara Whitney, and Philip Armour.

## DEATHS

FRANCIS BAILEY  
Francis Bailey, 85, a Civil war veteran, died Friday morning after an illness of two years. Mr. Bailey, who was born in New York, was a member of Company H, serving for two years under General Sheridan. He was in the battle of Five Forks. Survivors are two daughters, Mrs. C. Townsend, Chicago, and Mrs. D. Johnston, Ashland; and seven grandchildren. The funeral, which will be in charge of the Spanish American War veterans, will be held at 2 o'clock Monday afternoon from the Bretschneider funeral parlors. The Rev. W. W. Sloan will officiate.

MAX SCHIEDERMAYER  
Max Schiedermayer, 50, former Appleton tinsmith, died Friday at Monaco, where he had been living for the past year. Survivors are the widow and four children, Frank, Max, Jr., Mrs. Mathilda Grunera, Monaco, and August of Appleton. The body will arrive in Appleton Sunday morning and will be taken to the Schommer Funeral home. The funeral will be held from the home at 8:30 Monday morning, with services at 9 o'clock at St. Joseph church. Burial will be in St. Joseph cemetery.

MRS. KATHERINE LOOS  
Mrs. Katherine Loos, 84, died Friday morning at the home of her son, Oscar Loos, Ellington. Survivors are three sons, Oscar, Jacob and Edward, Ellington; one sister, Mrs. John Lohr, West Bend; 17 grandchildren and five great grandchildren. Funeral services will be held at 1:45 Sunday afternoon at the home of the son, Oscar, at Ellington, and at 2 o'clock at the Ellington Lutheran church. The Rev. E. Redlin officiating. There will be no services Sunday morning at Ellington Lutheran church and none in the afternoon at the Stephenville Lutheran church. English services will be held the following Sunday at Stephenville.

## RUSSIAN LEADER IN PARIS MISSING

Fear Political Enemies May Have Kidnaped General Koutieff

Paris (AP)—Disappearance of General Alexander Paul Koutieff continued today the sensation of the hour with the newspapers devoting columns of space to the missing man. Police were kept busy running down dozens of supposed clues but of them only one appears at all credible.

That was the testimony of a purported witness who said that General Koutieff was kidnaped in broad day light on a Paris street last Sunday morning while walking the few blocks between his home and the Russian Offices.

This witness said he saw the general, who succeeded the Grand Duke Nicholas as head of the Russian exiles here, hustled into a red taxicab and carried off. The version further aroused fears of the officer's friends, who feared political enemies have murdered him.

Police learned that General Koutieff was one of the clients of a bank, the directors of which recently were held in connection with the alleged sale of forged stocks to the 30,000 francs in the bank. Some newspapers suggested that the fear that the money, which may not have been his but that of his party was lost, might account for his disappearance.

## APPLETON RIFLE CLUB BEATS PELLA

Expect Losers Will Issue Another Challenge in Near Future

Appleton rifle and pistol club won a shooting match from the Pella club of Leopolis, according to a compilation of targets fired at during the last ten days and turned in here Thursday. The score was 382 to 390 the final results differing from a preliminary check which gave the match to Pella by a single point. The total mark is out of a possible 1,000 points.

Members of the Pella club and their scores follow: M. M. Martin 197, Marshall Grosskopf 197, George Reid 195, Walter Westphal 195 and J. H. Rutte 195.

Men firing on the Appleton team and their scores were H. A. Wickert 198, J. F. Stoffel 198, Henry Pringle 196, E. F. Grundy 195, H. C. Hussner 195.

The Pella club is expected to issue another challenge which the Appleton club will accept. The targets were all fired by club members on their own ranges and then checked.

## FRAMPTON EXHIBITS STAMPS AT MEETING

Prof. John Ross Frampton exhibited commemorative stamps from 1817 up to seven years ago at a meeting of the Appleton Philatelic society at Conway hotel Thursday evening. Prof. Frampton also showed the actual die proofs of the original stamps. C. A. Page of Chicago was a guest at the meeting.

# LITTLE CHANGE IN FRUIT, VEGETABLE PRICES THIS WEEK

## Cold Weather Has Little Effect on Market; Many Products Available

Prices of fresh fruits and vegetables, though affected slightly by the extreme cold weather, are not much different than they were last week, according to local merchants. A large variety of fresh products are available on local stands this week.

The vegetable market is quoted as follows: Green beans, 20 cents a pound; new carrots, 8 to 10 cents a bunch; new beets, 8 to 10 cents a bunch; celery, 10 to 20 cents a bunch; head lettuce, 10 to 20 cents a head; radishes, 10 cents a bunch; green onions, 10 cents a bunch; spinach, 20 cents a pound.

Cucumbers are selling at prices ranging from 10 to 25 cents each; new cabbage, 6 cents a pound; tomatoes, 25 cents a pound; turnips, 10 cents a bunch; potatoes, 4 cents a pound; green peppers, 10 cents each; red peppers, 10 cents each; cauliflower, 35 to 45 cents each; cauliflower, 35 to 45 cents each; parsley, 10 cents a bunch; sweet potatoes, two pounds for 25 cents.

Alligator pears are selling at prices ranging from 45 to 75 cents each; pears, 20 cents a pound; honeydew melons, 35 to 45 cents each; red cabbage, 8 cents a pound; leek, 10 cents a bunch; and cantaloupes, 15 to 20 cents each.

The fruit market is quoted as follows: Limes, 50 cents a dozen; coconuts, 10 to 20 cents each; California oranges, 30 to 70 cents a dozen; Florida oranges, 40 to 50 cents a dozen; lemons, 80 cents a dozen; apples, 5 to 10 cents a pound; grape fruit, 5 to 10 cents each; fresh frozen strawberries, 35 cents a pound carton, and frozen raspberries, 35 cents a dozen.

**Oldest Employee**  
Frank Higgins, oldest state employee, next month celebrates his ninety-first birthday, and declares he will not retire until he is 100. He is in charge of stores in the state purchasing department. He was a school teacher to the late Robert M. La Follette, and was appointed to the state service 25 years ago when Mr. La Follette was governor.

# POSTAL INSURANCE COVERAGE RAISED

## New Regulations Permitting More Insurance Go into Effect Saturday

A change in the federal postal regulation, increasing the amount of insurance available on parcel post packages, will go into effect Saturday, according to W. H. Zuehlke, acting postmaster.

Heretofore insurance on parcel post articles was available only to the sum of \$200. The rate of 25 cents for \$100 insurance will remain the same and the new rates will be 30 cents for insurance up to \$150 and 35 cents for insurance to \$200.

Another change in the regulations permits the department to collect up to \$200 on C. O. D. packages instead of \$100 as formerly. The rate for collection will be 25 cents for sums up to \$150 and 45 cents for sums to \$200. C. O. D. parcels may be registered for \$1,000 but the department is permitted to collect only \$200.

This would permit a down payment with the receiver paying the balance upon delivery. At the same time the department is permitted to register the article for \$1,000 guards against its loss in the mail.

Mrs. John Taylor, route 2, Appleton, is recovering in a Milwaukee hospital from an operation. She expects to return home within a week or 10 days.

# HOAN TO SPEAK HERE AT CHAMBER MEETING

Mayor Daniel Hoan of Milwaukee has accepted the invitation of the chamber of commerce forum committee to speak here at another dinner meeting on the night of Feb. 23. It was announced Friday by Kenneth Corbett, chamber secretary. A forum dinner meeting was held Jan. 16 when D. C. Lingle, vice president of the Harris Savings and Trust bank of Chicago, spoke.

# TROOP 4 SCOUTS DISCUSS SERVICE

Valley council boy scouts of Troop 4 of the American legion met at Armory G Thursday evening. Plans for the Golden Arch ceremony at Lawrence chapel Friday evening were discussed.

# DIOCESAN HEADS OF CHURCH MEET HERE THIS WEEK

## Episcopal Officials Discuss Problems at Meeting Here Thursday

A conference of officials of the Fond du Lac diocese of the Episcopal church, at All Saints church Thursday was the outstanding event of the church week in Appleton. Bishop Harwood Stuart presided at the meeting, which was devoted to a discussion of diocesan matters.

The second of a series of lecture services sponsored by the young people of St. Paul church was held Wednesday evening. With the Rev. Rudolph Graebner, pastor of Concordia church, Milwaukee, as the speaker. His subject was Stand Up for Jesus.

The anniversary committee met at the Presbyterian church Thursday to review plans for the celebration of the triple anniversary during the year. Sunday the morning service will be completely in the hands of the young people of the church, with Miss Mary Schenck and William Baird delivering the speeches.

"Flying Fool," featuring William Boyd was the motion picture at the Congregational church Sunday evening and Thursday night the second Church Night program was held. A meeting of the Woman's Association took place on Tuesday.

A local talent program, with Mrs. John Engel, Jr. dramatic reader, the Fullanwood Trio and the Methodist quartet, was given at the Methodist vespers service Sunday afternoon, and Thursday afternoon the Social Union gave a Japanese tea, with Miss Helen Russell, missionary from Japan as the speaker.

A definite move in the direction of the organization of Men's clubs from all churches in Appleton and vicinity will be made at a meeting at the Methodist church Friday night, when the Men's club from that church will entertain representatives from other clubs.

The Brotherhood of St. John Evangelical church will entertain members of the Brotherhood of Immanuel Reformed church of Kaukauna Friday evening.

The monthly meeting of Sunday School teachers was held at St. Matthew church Tuesday evening and the Luther League of Trinity Lutheran church held a slight side the same evening.

Maennerchor Meets  
The Appleton Maennerchor met for rehearsal in the Maennerchor rooms in Gil Myse hall Thursday evening. A business meeting preceded the weekly practice period.

Build Milk House  
William Bergholz, town of Center, has started building a new milk house. The building, which is to be of frame construction, will be completed in about two weeks.

# ASKS COMPENSATION FOR DEATH OF SON

Compensation for the death of their son, Edward, 21, was asked by Mr. and Mrs. F. Lipke, route 1, Pine River, from Waupaca and W. Z. Zimmer, route 1, Hortonville, contractor, at a hearing Thursday afternoon at the courthouse before Verna Wabnitz, Wisconsin Industrial commissioner. The case was heard under the Workmen's Compensation act.

Lipke was fatally injured when a scaffold on which he was working at Waupaca collapsed on July 27, 1929, and he fell to the ground. The site was being built by Zimmer, who held the contract. Testimony also was taken in the case of Henry Steffen, town of Pine Creek, versus the town of Hortonville, charged with negligence in failing to be employed by the town in building stumps. He asks compensation for the injury.

# POLICE TO CHECK OUT-OF-STATE CARS

## Department Officers Are Made Familiar With Laws in Other States

Appleton police officers Friday started a checkup of automobiles bearing out-of-state license with the view of determining whether the owners of these machines are observing the license law.

This checkup is made possible through a booklet received by Police Officer T. H. H. from the secretary of state which gives a detailed explanation about the license laws of each state and contains a vernacular list of license laws. It also states the dates by which license must be displayed, the type of license and the amount of the fee. A description of the license is also given, and a list of the states which are being made and are being destroyed during the period.

The booklet also contains a list of the states which are being made and are being destroyed during the period.

## MAJESTIC'S COLORFUL TONE

now featured in

# TWO NEW RADIO PHONOGRAPH COMBINATIONS

equipped with

## The Colotura DYNAMIC SPEAKER

Two million American families have chosen Majestic Radio because of its natural, Colorful Tone. Now you can enjoy the same Colorful Tone from phonograph records! Majestic has perfected two absolutely new Radio-Phonograph Combinations. Both have the new Majestic Colotura Speaker and Majestic electric pick-up. Their tone is accurate, sparkling. They are 35% truer on the delicate overtones of both voice and instrument. Volume can be varied from a whisper to a torrent of Colorful Tone without distortion. The new

Majestic pick-up takes every sound from the record electrically, without scratch or noise. It reveals new beauty in any record, old or new. The simplified, sturdier Majestic chassis is fool-proof, trouble-proof. Be among the first to see and hear these wonderful new Majestic Radio-Phonographs. Each one is a tremendous value. Either can be purchased on Majestic's own payment plan. Visit your Majestic dealer today—arrange a free home trial.

MEMBERS OF THE ASSOCIATED PRESS

**MEDITERRANEAN PACT**  
The political aspects of the London conference have assumed great importance. We refer to the demand by France for some kind of a Mediterranean security pact as a condition to substantial naval reduction. What France would like to have is an agreement by the signatories of the Kellogg treaty renouncing war that they will act jointly against the nation which violates it. It is a perfectly proper subject for consideration by the London conference; indeed, it cannot be evaded.

What attitude will the United States take toward this question? Already this has become a matter of intense speculation in London, as well as in our own and other capitals. There is no concealing the fact that the senate as now constituted would not ratify an agreement which committed this nation to a definite course of action in the event of war, and the senate undoubtedly reflects public opinion in this respect. We will probably never reach the point where we will take from congress or the people complete control over decisions of this kind. Independence of action in foreign relations where war is involved is a cardinal principle of the constitution and of our institutions.

It may be set down as certain, therefore, that the United States will not join with the other powers in a Mediterranean security pact. On the other hand, it is equally certain that in the event of war or threatened war there or elsewhere we would take action of some kind. We would do it first because of obligations under the Kellogg treaty, and we would do it in the second place because it would be to our interest. No war can henceforward occur without constituting a breach of the Kellogg treaty and no war would be without material and even political concern to this country. We would do what and all that we could consistently do to prevent it and to preserve peace. If a war is threatened in Europe or Asia we immediately consult with the neutral powers and often, as in the case of Russia and China, directly with the parties at odds.

In view of these facts it has been suggested that the United States would not be departing from its traditional policies, and its manifest course in the future, by becoming a party to a Mediterranean security agreement, binding it merely to consultation in case of aggression or threatened war. No specific commitments would be made, and congress and the president would remain perfectly free to act as they saw fit. Since we do consult promptly and directly the other powers to prevent war, and are morally bound to do so under the Kellogg treaty, it is difficult to see what objection there would be to an engagement that required consultation only. At the same time, the mere fact that the United States would in such an emergency offer its advice would give enormous prestige to the treaty and act as a powerful deterrent to its transgression. We do not see how this possibly could be construed as an entangling alliance or as an interference in the affairs of Europe. There are certain international duties that we cannot escape if we are to have a part in the advancement of peace and the security of the world against war. It seems to us that this is the least we could do and that it would carry with it no risks that we would not willingly assume.

**CONFUSION ON BOTH SIDES**  
An American newspaperman, cabling from Russia the news that the Russians are expecting a Communist revolution to break out in America almost any day now, adds that the Russians have a most distorted view of America.

Having been fed for years on propaganda, he says, they know nothing whatever about real conditions in the United States, and swallow whole the most incredible statements about us in their newspapers.

This is probably quite true, and very regrettable. However, the converse is

true also. Most Americans have most distorted views of Russia. Having been fed propaganda for years, we swallow whole the most incredible statements about the land of the Soviets. We understand Russia as little as Russia understands us.

**THE GOLDEN ARCH CEREMONY**  
Men and women interested in the problem of what to do with the growing generation should go to Lawrence Memorial chapel tonight to see what is being done for boys of adolescent age by the Boy Scout movement. This program, designed to promote character building, with 400 earnest boys participating will be a revelation to most parents.

The trouble with a great many people is that they do a great deal of talking and thinking but very little acting about the problem of modern youth. They know there are such things as Boy Scouts and the Boy Scout movement but they never take the time to find out what it is all about or learn what is being done for boys.

Every year they hear of an appeal for money to carry on Boy Scout work, and perhaps they contribute in a half-hearted way because they are asked by their friends, but they are not "sold" on the work, largely because they haven't taken to the trouble to inform themselves. While the support for the Boy Scout movement is much better now than it was a few years ago, it is not as whole-hearted as it might be and the reason is that the people are not yet thoroughly informed concerning it.

But in spite of the rather general lethargy Boy Scouting has made tremendous strides in this community in the last few years, due largely to the splendid leadership of the men who are interested in boys. Adult leadership probably is the most important factor in scouting. The movement succeeds only to the extent that men are able and willing to give their time to the boys, to work with them and play with them. Appleton boys have been fortunate in the type of men who have volunteered to help them help themselves. Some of these men will be honored tonight for their services to the boys and they are deserving of such recognition as they receive.

The Golden Arch ceremony in Lawrence Memorial chapel tonight is just one illustration of the training the boys receive and of the opportunities afforded them through the Boy Scout movement of acquiring those habits of honesty, courage and alertness which they will need when they must make their own ways in the world. Every parent in Appleton should attend: it might be a revelation to see how the growing boy can take care of himself if he is given proper direction.

**THE BOON OF RADIO**  
The broadcasting of the opening ceremonies of the London naval conference, the lord mayor's banquet at Guildhall and addresses by the major participants of the conference has been an altogether remarkable event. The broadcasting was perfect, insofar as radio today is of that character. No American could listen to the instantaneous transmission of these momentous doings three to six thousand miles away without feeling that the world is today being brought into closer accord and that artificial barriers erected by centuries of political, social and racial distrust are being broken down. As a commentator suggested, one can feel after "listening in" on London during the last few days that the "poetic dream of the parliament of man" has been brought appreciably nearer to reality.

The radio was in this instance not employed in any sense for propaganda, although some American newspapers and politicians have been so unkind and unfair as to suggest that it was. It was utilized purely to give the people of this country an opportunity to hear what was going on in the British metropolis and to listen to the viewpoints directly expounded by the representatives of the various nations there assembled.

The incident illustrates the enormous possibilities of radio. Probably no single scientific discovery or invention promises to so profoundly change the relations and activities of the world in the next hundred years as this achievement, which is daily astonishing us with its perimances and conquests. And it is not too much to hope that among the great benefits that are to come to mankind as a consequence of radio will be better international relationships and a hastening of the realization of permanent world peace.

**The Post-Mortem**

But Will You Get It?  
Appleton's phone girls have been awarded health certificates. Now you can ask for your number without slightest danger.

**"HOLD LAST SAD RITES TODAY FOR LATE MRS. SOANDSO"**  
—Sheboygan Press

"Why," commented the Outburst, who called this headline to our attention, "It sounds like the poor lady's life had been just one grand series of sad news doesn't it? The last one must have been a relief!"

st petersburg fla

Dear Jonah comma  
when am i going to get my just deserts question mark every day almost i see the post hyphen crescent carrying a picture of children playing in the florida sands period why dont you pay a little attention to me question mark if i do say so myself comma i take a rather good picture period why just the other day a scientist was trying to take a close up of me period he wanted to get me under a microscope comma but i dont associate with strangers period so i had to leave period the scientist was very playful comma he was trying to coax me into posing with a fly swatter dash he was coaxing with the fly swatter comma i mean comma because a fly swatter makes a poor background for any fly to be posed against period i hear you are going out this week end comma well quit eating onions period

hortense

Don't get so darned personal.

**"BADGER HENS END HIGH LAYING PERIOD"**  
So says a headline. We know the Easter Rabbit brings hard boiled eggs but we never heard of a Badger hen. Anyway, what are we going to do about breakfast now, and how high can an egg be laid?

Teach Them Contract Bridge  
Despite our dubious nature, we've been forced to the conclusion that people just don't like to take apartments in the nice jails we have scattered through the state. Two lads in the Eau Claire county jail got dissatisfied the other day and walked out on the warden. Can't something be done to satisfy these cash customers?

Who Said We Couldn't Get Results?  
Harold the Seer conveys the information from bus driver Jake that the latter is making an effort to provide room for pedestrians who want to pass along Oneida street near College avenue where the busses stop. Jake, as soon as we can raise the money, we'll take a ride on your bus!

jonah-the-coroner

**Today's Anniversary**  
**SCHUBERT'S BIRTH**  
On January 31, 1797, Franz Schubert, the famous composer of music, was born in a small suburb of Vienna.

He received his musical instruction early, and with the fundamentals of the violin mastered at the age of eight, he studied thereafter by himself. From that time on he devoted almost all his time to composing. "I write all day," he told a friend, "and when I have finished one piece I begin another."

The extent of his talents may be better appreciated when it is realized that he produced some of his most important compositions before he was 20 years old.

Reduced to poverty because the publishers refused to accept his works on the score they were too difficult and the composer unknown, Schubert was sustained by loyal friends.

Had it not been for a famous baritone and noted pianist of his time who performed his works, Schubert might have died without the slightest knowledge of his success.

Schubert died when only 32 from typhoid fever, and was buried near Beethoven's grave.

**LOOKING BACKWARD**  
**TWENTY-FIVE YEARS AGO**  
Friday, Feb. 3, 1905

Miss Dertl's Enzel entertained a number of friends at a birthday party the night before at the home of Mr. and Mrs. M. Kuehner.

The bachelorette members of the Lawrence university faculty were to be pitted against the married members in a basketball game to be played that night at Alexander gymnasium.

The feast of St. Blasius was being observed with special services at Appleton Catholic churches that day.

The junior class of Appleton high school was to give its annual prom at Harmonie hall that evening.

William C. H. Jr., was attending the automobile show at Chicago.

Miss John Schlosser entertained a number of ladies at cards the previous afternoon.

Miss Mittie Heiland was spending a few days, as the guest of friends and relatives at De Pere.

W. H. Holcomb, who had been supervising an engineering job in Mexico during the past two months, returned here the preceding day.

Attorney J. L. Lehr was a Milwaukee visitor that afternoon.

**TEN YEARS AGO**  
Friday, Jan. 20, 1920

Recognition of the soviet government by world powers was near. Ludwig C. A. Martens, soviet representative in the United States told the senate foreign relations committee that day.

Dr. and Mrs. J. R. Scott and children and Mrs. H. F. Throckmold left the day before for San Diego, Cal., to spend the remainder of the winter.

Oscar Resnick, who left for Florida on an automobile trip several weeks before, had decided to go to New Mexico for several months.

Miss Gertrude K. O'Brien, 567 North Division st., was surprised by ten friends at her home the night before in honor of her birthday anniversary.

Miss Frida Hartman entertained the Good Club at her home on Walnut st. the previous evening.

Mrs. E. J. Fernal, Story st., entertained 15 guests at a miscellaneous shower the previous evening in honor of her sister, Mrs. Grace Lehr, whose marriage to Frank Fernal was to take place the following month.

William Storms entertained a number of friends at cards and camea at his home on Clark st. the previous Wednesday night in honor of his birthday anniversary.

**Personal Health Talks**  
By WILLIAM BRADY, M. D.  
Noted Physician and Author

Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

**SINUSITIS IS SELF-LIMITED AND SELDOM REQUIRES OPERATION**  
Easy-operating nose and throat specialists to the contrary notwithstanding, surgery can seldom be credited with a complete cure of sinusitis. At best surgery is only an accessory of the treatment of sinus trouble. In the great majority of cases of sinusitis, whether frontal, antral, ethmoidal, sphenoidal or mastoid, medical and hygienic treatment will suffice; and in a good many cases of acute sinusitis, whether so recognized or not, no special treatment at all is necessary—the complication, for such sinusitis is in every instance, is self-limited and healing is spontaneous.

I believe far too many operations have been done for sinusitis, thanks to the ardor of born specialists. If you know what they are, I apply that epithet to pampered young doctors who enter directly into the practice of a specialty such as diseases of nose and throat or ear disease, as soon as they have completed their medical training and perhaps spent a few months in post-graduate study. Such a specialist is inevitably a narrow and rather a dangerous man. I care not who he is. There is only one school that fits a good doctor to practice as a specialist, as a real specialist, the kind good doctors call in when special knowledge or skill seems necessary, not the kind that caters to the wisecracks and the doctor can get the schooling only in the practice of medicine. Our laws "regulating" the healing business are a ridiculous jumble at present. If we ever do get enough sense to junk the present laws and establish reasonable and sound rules, one thing we'll insist on is that no man shall hold himself out as a specialist in any branch of healing until he has had ten years of experience in private general practice.

If our specialists were of that caliber, I am pretty confident there would not be so many operations for mastoiditis.

Even now, there is an increasing conservatism in the ranks of the nose and throat specialists. Twenty years ago they were cutting "bones" out of the nose literally by the basketful, punching, snaring, sawing, shearing off pieces of turbinate bodies, drilling irrigating, draining sinuses, straightening septums, all on little or no provocation, and in a shocking proportion of cases with little or no benefit, other than the temporary relief to obstruction. All this has changed. Your turbinates have to be just awful and you have to have a genuine sinusitis and no mistake and your nasal septum must be as crooked as Ball's whale's name in the movies—before the established nose and throat man will commence operations now.

One of my delusions—I admit I have 'em—is that I have been chosen by the American people to draw up a new code of statutes regulating the practice of healing. I would begin by taking away the license of every healer who professed or acknowledged affiliation with any "patchy" or "schoold" I would lay down certain qualifications and tests which every candidate would be required to meet. And I would require every would-be specialist to give satisfactory evidence that he has had ten years of actual private practice in general healing. Altogether I fancy Mussolini and I would be great cronies.

**QUESTIONS AND ANSWERS**  
Requires Pluck Then.

Is it safe for a woman of 33 who has never had children before to have one now? Could you tell me where I could obtain reliable information on the care and diet of the expectant mother. (Mrs. P. C. R.)

Answer—At 33 a woman is or should be better fitted than ever before to bear children. Accompany your request with a stamped envelope bearing your address and I'll mail you instructions and advice.

**BRAN IS FINE FOOD**  
At our house we are fond of bran bread and bran gems and bran cookies. Recently I attended a food show

where they used—instead of butter or lard for shortening and—self rising flour instead of ordinary flour. Are these wholesome substitutes? (Mrs. C. F.)

Answer—I should not recommend substituting them for lard, butter or ordinary flour. Plain bran—not the kind that comes from a factory in a fancy package, but the kind you buy at mill, feed store or from the farmer who grows wheat—is an excellent food and ought to be used in every family. Thanks to the efforts of proprietary food interests and a few alleged health authorities employed by them to propagate certain ideas, ordinary bran has been given a bad name. The truth is that it is a very wholesome and desirable food for man.

(Copyright John F. Dille Co.)

**The Tynmites**  
By Hal Cochran

"HEY, Mister Bee! Come back here quick! Are we the victims of a trick?" yelled Cloway, as the bee flew off and left the bunch alone. "Come take us off this flower right now, or we will punish you somehow." Then, as the bee kept going, Cloway sat right down to groan.

"Aw, gee," he said, "this isn't fair. We're stranded here, up in the air. I guess the sunflower is the tallest flower that he could find. We might jump down, but not for me. 'Would be my luck to sprain a knee. I thought the bee was nice at first, but now he seems unkind.'"

"He isn't coming back, I guess," said Cloway. "We are in a mess. The way the wind is blowing makes it hard to hang on tight. We keep on tipping to and fro and I'm afraid that off we'll go. My, if we hit the muddy ground below, we'll look a sight."

They sat and wondered what to do and then, the next thing that they knew, a great big crow came flying by. "Twat chirping very loud. 'Hello there, Tynmites,' it said. 'Is that big flower your little bed? You should try to sleep, you'd be a funny looking crowd.'"

"We're stranded. This is not our bed. Please help us off, one Tiny said. The bird then landed on the flower and chirped. "Ah, what a treat. The big flower has nice seeds galore and that is what I came here for. Just pardon me a moment. Tynmites, I'm going to eat."

It gave the Tynmites all a thrill to watch him grab seeds in his bill. Said Cloway, "Gee, I wish that we could eat those big seeds, too. But they would not taste good to us, so we'll help you without a fuss. Then maybe you will help us in return for helping you."

(The crow plays a mean trick in the next story.)  
(Copyright, 1929, NEA Service, Inc.)

**WIND HOLDS PLANES "MOTIONLESS" IN AIR**  
Coronado, Cal. —(AP)—It isn't speed always but direction that counts in flying, according to two Rockwell field pilots.

The two, Lieut. I. A. Woodring and Lieut. W. R. Casey, had a tiff with a wind, and the wind emerged victor.

The pilots had taken off for a two-plane formation flight at 25,000 feet altitude. Lieutenant Casey reached the height over the flying field. Lieutenant Woodring, waited by the wind, reached it over Tijuana, Mexico.

Propellers churned the air furiously enough to carry the planes 130 miles an hour. Half an hour passed. Casey was still motionless over the flying field. Woodring looked below to find himself still over Tijuana.

They had been facing a 130-mile-an-hour head wind and were forced to descend to a lower altitude to get together for the formation.

A San Francisco waitress was robbed of rings worth \$1,250. What in the world was a waitress doing with 12,500 rings?

**Seen And Heard In New York**

BY RICHARD MASSOCK  
New York—Manhattan has a taxi driver who has steadily written letters to one of its newspapers for a dozen years or more.

His name is David Betts and the editor of the Sun, to whom he sends his comments on life, gave him the title of "The Taxi Philosopher."

Dave Betts was not sure what the word "philosopher" meant at the first dubbing, but he has found out. He now has written a book, a combination of autobiography and homely epigrams, at the solicitation of a large publisher. Its title is "I'm Lucky At Taxi."

**TAXI PHILOSOPHY**  
At the age of 43, Dave calls himself a failure. Still, his motto is, "If you're on the floor do your damnest to get up."

"It ain't always, Dave," he says to himself, "that the biggest rivets in a ship is the most important."

Dave was born in a Yorkshire village in England, his father being one John Lockwood Betts, a railroad man. "Tudor Kipling comes of the same Lockwood folks," says Dave.

Erail from childhood and slightly deaf, Dave was drawn to America by tales of Deadwood Dick, Buffalo Bill and Calumity Jane. He worked on a Canadian ranch, as a railroad fireman and in lumber camps, before he was 20. Then he knocked and was knocked about throughout the west, finally coming east from South Dakota to get his ears treated.

His first job in "the fair city of Gotham which has got the worst and yet the finest folks in this gay old world," was washing automobiles. Then he was hired by an actress to be her chauffeur. He was fired from this job for driving too fast. This probably pointed the way to his ultimate occupation. This, and the important money taxi drivers made in the days before the war. Now he says:

"I hate driving a taxi, but I love my crows."

**GENEROUS GALS**  
Dave first wrote to the paper about conditions in Jefferson prison, while he was serving a three-day term there for speeding.

He has been called "dumb, daff, a fat head and a plain fool" by fares who did not realize he was hard of hearing. He could not tell them lest he be reported and lose his license.

"I'm letting the cat out of the bag," he says, "because I'm about through hacking an sure an certain next spring I'm going west."

Dave thinks "in these here New York crowds, there's considerable more good nature being wasted around than had temper."

Cabaret girls have soft hearts and are the best tippers.

"They gang up on a pile on the old cab so's they can give more, seven cents on my cab, 40 cents on the meter an they hands me a buck apiece." And he adds that women usually start singing in the cab when there are three or four together. "Not drunken women, nice women, I say most of 'em up as actresses."

**BARBS**  
Delegates to the naval conference in London were offered punch, sherry, ale, Benedictine and other drinks. The work of a naval delegate must be very refreshing.

Several reductions have been made in the income tax this year, among them one by Congress and one by the Wall Street bears.

A Tennessee thief stole a feather bed. Maybe the police should try to catch him napping.

It's never a dull season for photographers, with groundhog day just around the corner.

to develop an inferiority complex if he is susceptible.

There are stairs he may not ascend, because they are for senators and representatives only. There are tables where he cannot sit to munch a sandwich. Elevators will not stop at his floor if there is a senator or representative at some other who desires a ride.

In the supreme court the rule of seniority is even carried to bat pegs. The first is for Chief Justice Taft and others are for justices according to rank.

# Society And Club Activities

## Select New Committees Of Society

COMMITTEES for the year 1930 were appointed at the meeting of the Women's Missionary society of Emmanuel Evangelical church Thursday afternoon at the church. The program committee will be composed of Mrs. George Brecht, chairman; Mrs. J. F. Neish, Mrs. Nick Zylstra, and Miss Ida Diekvoos, the following committees includes Mrs. Ben Greb and Mrs. Gust Whitefoot, and the social and financial committee consists of Miss Amanda Engel, chairman; Mrs. Ben Greb, Mrs. A. Erdman, Mrs. L. Seybold, and Mrs. Walter Olson.

Mrs. A. Erdman was reappointed treasurer of the contingent fund, Miss Lora Kollath was again appointed treasurer of the building fund, and Mrs. Charles Selig was appointed secretary of the prayer league. Mrs. F. Sauerlich was reappointed secretary of literature. Quarterly roll call was held at this meeting.

Mrs. George Brecht, president of the society gave a talk to the members on Missions. She gave a report of the number of members which the society has at present, and the amount of money raised during the past year. She stressed the need of prayer in making the year 1930 a successful one for missions.

Mrs. Charles Selig and Mrs. A. Greb presented a vocal duet, "Oh, It Is Wonderful." Their study lesson, entitled "The Kingdom of God," was given by Mrs. Don Lutz. Upon the resignation of Mrs. Forest Julius as treasurer, Mrs. Philip Schneider was named in her place. The executive committee has arranged the programs for the year and has appointed one member to take charge of the lesson study for two months. Mrs. V. F. Berg will be a charge for February and March, Mrs. E. O. Mander for April and May, Mrs. F. Sauerlich for June and July, Mrs. Niemstedt for August and September, and Mrs. Walter Olson and Miss Ida Diekvoos for October and November. About 52 members were present.

## ADVANCE SPRING STYLES SHOWN TO BUYERS ONLY

BY DIANA MEERWIN Fashion Editor.

Paris—Advance spring hats, which are being shown to professional buyers behind closed doors, show a tendency to widen out and take on poke-bonnet lines.

Latest models reflect the strain Paris is undergoing in an effort to design hats to match the new flowing skirts.

Like skirts, the new hats are sharply divided into two classes: those for daytime wear in town and those for wear elsewhere.

Town hats, it appears, are to remain small, close fitting and severe of line.

But hats for wear with the dress-up type of afternoon clothes which women have rediscovered are going to make their own rules, more or less.

Trimming are mostly grosgrain ribbon and incrustations. Only a few of the advance models show flower or feather ornamentations.

Colors stressed in the early straws, many of them meant for southern resort wear, are deep sunburn, faded blue, green and red and all shades of pink.

## CHURCH SOCIETIES

Reception of new members will be held by the Sodality of the Blessed Virgin of St. Mary church at the 7:30 services Sunday night at the church. All those attending to join are to hand their names to the secretary, Miss Genevieve Mortell, by Sunday morning. The Rev. Father Kern, Mennard, will address the sodality. After the reception, a social and entertainment will take place at Columbia hall.

The East group of the Social Union, of which Mrs. John Engel, Jr., is captain, will sponsor a food sale at 9:30 Saturday morning at Volgi's drug store. Miss Priscilla Leppla will be in charge.

## CLUB MEETINGS

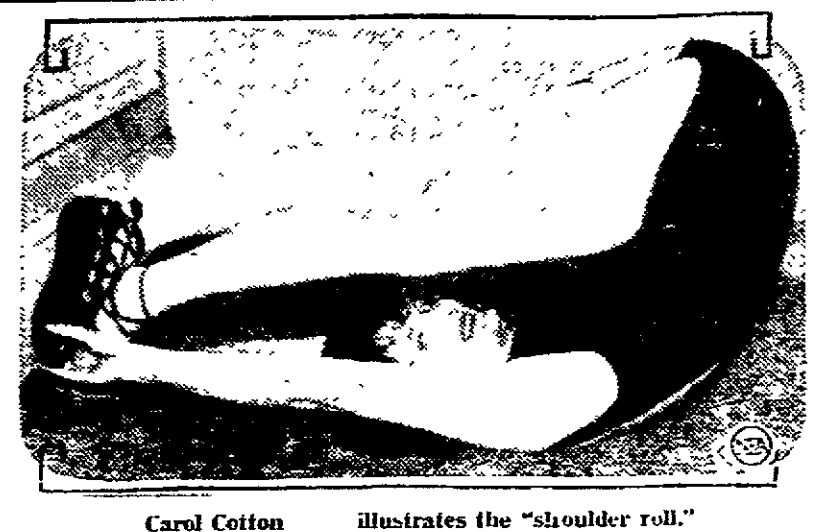

Miss Ida Henkel, 1115 N. Oneida-st. entertained the Ives club Thursday night at her home. Cards were played and the prize was awarded to Miss Ruth Ross. All of the members were present.

Mrs. Wenzel Sommer, Jr., 1517 S. Jefferson-st., entertained the W-G-O-G club Thursday evening at her home. Schafkopf and Go were played and prizes were won by Miss Margaret Mauthe and Mrs. Willard Kollath at schafkopf, and by Miss Lora Kollath and Mrs. Joseph Stoecker at Go. The club will meet next Thursday with Mrs. John Schmitt, Lincoln-st.

Mrs. Richard Groth, 721 W. Spring-st., entertained the Whozits club Thursday night at her home. Cards were played and prizes were won by Mrs. Fred Treder, Richard Groth, Mrs. Robert Albrecht, and Fred Treder. The club will meet next Wednesday with Mrs. Robert Albrecht, 469 S. Mead-st.

New York—It seems that Mary Garden undoubtedly has been a cupid. Esther Johnson says that Mary enabled her sister, Edna Louise, to go to Paris and study drama. Now Edna is Mrs. Dudley Field Malone.

## "Shoulder Roll" Not Easy, But Benefits Are Many

Carol Cotton illustrates the "shoulder roll."

BY JAC AUER  
"Rolling off the fat" is a term used frequently to illustrate the efficacy of reducing exercises.  
But certain exercises literally do roll off the fat, because the body is rolled on the floor.  
With practice almost anyone can do the "body roll" we did yesterday. But the "shoulder roll" which I suggest today is harder and should be done gradually.  
The exercise is excellent for four reasons. It massages the spine, relaxing the body. It takes the fat off the shoulders. It reduces the abdomen. It rolls the superfluous fat off the back of the thighs.  
Do not roll as if you were entered in a race. Take it slowly, for it is a matter of muscle control and the

## YOUNG PEOPLE WILL CONDUCT NEXT SERVICE

A service conducted entirely by young people of the church will be held at the Presbyterian church Sunday morning. Speakers will be Miss Mary Schenck, who will speak on Sharing the Responsibility of Church Work, and William Baird, who will talk on Sharing Christ With Others.

Clayton Kirkpatrick will preside and offer the prayer, Miss Annette Heller will read the Scripture, and Miss Elouise Smetzer will play a violin solo. Young people will assist in the choir, and others will usher and take up the offering.

## LODGE NEWS

United Commercial Travelers will meet at 7:30 Saturday night at Odd Fellow hall for a business session. Plans will be discussed for the Valentine party which will take place Feb. 15. The entertainment committee will be in charge. After the meeting the council and auxiliary will meet for a social hour at which cards will be played.

Plans for the observance of the sixty-sixth anniversary of the founding of the order to be held Feb. 20 were made at the meeting of Knights of Pythias Thursday night at Castle hall. A committee of three, consisting of Robert Schmidt, chairman, Herman Hecker, and William Bonini, was appointed by the chancellor commander at this time. Arrangements were also made for the conferring of Rank of Esquire at the meeting next Thursday. Forty members were present. After the business meeting, volleyball and dart ball were played.

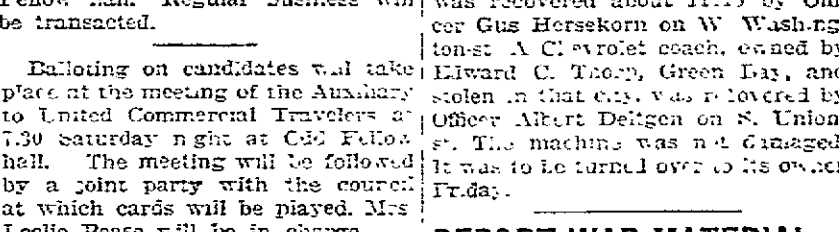

Women's Catholic Order of Foresters will approach Holy Communion in a body at the 8 o'clock Mass Sunday morning at St. Joseph church. Members will meet at 7:45 at the parish hall. This will be a memorial Mass for the living and dead members and the chaplain of the court.

Three tables were in play at the weekly schafkopf tournament at the Odd Fellow hall Thursday evening. Prizes were won by Leo Schwan and Henry Mauritz.

Konomic lodge No. 47, Independent Order of Odd Fellows, will meet at 8 o'clock Monday night at the Odd Fellow hall. Regular business will be transacted.

Balloting on candidates to take place at the meeting of the Auxiliary to United Commercial Travelers at 7:30 Saturday night at Odd Fellow hall. The meeting will be followed by a joint party with the council at which cards will be played. Mrs. Leslie Pease will be in charge.

## Flapper Fanny Says:

Chorus girls seldom kiss and make up—they just make up.

Mrs. Richard Groth, 721 W. Spring-st., entertained the Whozits club Thursday night at her home. Cards were played and prizes were won by Mrs. Fred Treder, Richard Groth, Mrs. Robert Albrecht, and Fred Treder. The club will meet next Wednesday with Mrs. Robert Albrecht, 469 S. Mead-st.

## Moose Work Is Outlined By Williams

POINTING out the work of the Moose lodge, Norton Williams, Neenah, spoke before the members of the Loyal Order of Moose, Women of Mooseheart legion, and friends Thursday night at the "get-together" party of the lodge at the Moose temple. Mr. Williams stressed the work the Moose are doing at Mooseheart, Ill., where boys and girls who have lost their parents are being educated and given a chance to make something of themselves in the world. He mentioned some prominent members of Moose lodge, among them John J. Davis, the only man who has ever been chosen to serve in the cabinet under three different presidents. Mr. Williams, himself, is one of four men in the state of Wisconsin to receive the Elgria's degree from the supreme dictator, Eugene J. Davis, of his lodge. Mr. Williams has held other prominent offices in the Moose lodge.

The party began with a 6:30 dinner which was served by members of Women of Mooseheart legion. Mr. Williams was introduced by Earl W. Bates, state dictator of Wisconsin, who gave a short talk to the group. After the dinner, cards were played and the Kaukauna Moose "hard time" band provided music for dancing. The members of the band were dressed in "hard time" costumes. The prize at cards was won by William Rhode. Novelty old time dances were a feature of the evening. About 175 people were in attendance. The committee in charge included Mrs. Theresa Lettwich, Mrs. Hattie Nathrop, Mrs. Hazel Ulrich, Mrs. Evelyn Krueger, Anton Ulrich, Anton Nathrop, Lawrence, Mrs. Fred Treder, and Phil Krueger.

Plans for the charity ball are going forward rapidly, according to the committee in charge. This will take place Feb. 19 at Moose temple, the proceeds to be sent to Mooseheart, Ill., to help swell the fund for a boys' village. Lodges all over the United States are working on this project and are giving charity dances for this purpose. Anton Ulrich is chairman of the committee in charge of arrangements.

The lodge is sponsoring a card party at 8 o'clock Friday night at the temple. Skat, schafkopf, and bridge will be played.

## PARTIES

Mrs. Walter Bergman, 811 S. Locust-st., entertained Thursday night at her home in honor of the birthday anniversaries of her husband and son. Prizes at schafkopf were won by Mrs. Edward Kinnard, Mrs. Orin Defferding, George Bergman, and Alvin Bergman. Sixteen members were present.

Members of the cast and the assisting staff of "The Patsy", three-act play given by the St. Joseph Players, were entertained at a dinner Thursday evening at Hotel Northern. Covers were laid for sixteen. After the dinner cards were played. Prizes being awarded to Miss Bernadette Stier and Oscar Griesbach. The play will be presented for the second time in Appleton at 8 o'clock Sunday night at St. Joseph hall.

Mrs. John Conway, 940 E. College-ave., entertained at a 1 o'clock luncheon and bridge Thursday afternoon at her home. Prizes were won by Mrs. Leitha Graf, Mrs. Walter Driscoll, and Mrs. Thomas H. Ryan. Twenty-eight guests were present.

Mrs. James Dunkel, 332 S. Badger-ave., was surprised by 13 friends Thursday evening at her home. Schafkopf and dice were played, prizes being won at schafkopf by Mrs. Peter Jones, Mrs. William Tierney and Mrs. James Dunkel, and at dice by Mrs. Fred Walker and Mrs. Emil Wegenke.

Dr. and Mrs. E. F. Mielke, 905 E. Hancock-st., entertained at dinner and bridge Thursday night at their home. Prizes were won by Mr. and Mrs. Richard Wahl, and Mr. and Mrs. Richard White.

Mrs. Arthur Weiss entertained at a farewell party Wednesday evening in honor of Mrs. John Starkmar, Chicago, who has been visiting here with her parents, Mr. and Mrs. Sam Kolberg. Mrs. Kolberg returned to Chicago on Thursday.

Miss Rose Deimer, 211 E. College-ave., entertained at a birthday party Wednesday evening in honor of her sister, Miss Hilda Deimer. Dice was played and prizes were won by Miss Margaret Hartzem and Julia Griesbach. Other guests included Mrs. Mary Jones, Mrs. Schmitt, Mrs. Harry Albrecht, Mrs. Kelly Schmitt, Mrs. Marcella Hiesbeck, Mrs. Anna Schmidt, Isabel Deimer, Marie Reel, Marcella Stadler, Anna Oetels, and Katherine Lamers.

Appleton Riding club held a social "ride party" Thursday night. About 12 members were present.

A 6:30 dinner at Conway hall entertained the "Hard Time" band Thursday night. Covers were laid for music. After the dinner a theater party was held. The next meeting will be in two weeks with Mrs. William Bauer, 1229 W. Eighth-st.

## WEDDINGS

The marriage of Miss Edna Radloff, daughter of Clayton, to Edwin Schroeder, Greenville, took place at 2 o'clock Thursday afternoon at the home of the Rev. W. F. Berg, Appleton, who performed the ceremony. Miss Norma Schroeder, sister of the bridegroom, acted as bridesmaid, and Bernard Radloff, brother of the bride, was best man. Mr. and Mrs. Schroeder will reside at Greenville.

Las Angeles—Hal Leeson, film actor, who has obtained a divorce, said in court that his wife could be completely Hollywood by a string of separate apartments.

Rabbit Stew, Sat. night at Van Denzen's, Kaukauna.

Veal Lunch, Sat. night at Nick Ecke's, Kimberly.

## The Story of Sue

by MARGERY HALE  
© 1929 BY NEA SERVICE, INC.

TO Sarah Slade the house party which Nancy Becker had planned as a surprise for Harry was especially interesting because Ted Merryman was going to be present. With some inborn intuition she sensed that Ted liked her better than mere friendship allowed, but ever since the night when she had nobly announced her engagement to him in order to free him from Gertrude Parker, he had been reticent.

"I was such a silly fool," she had moaned. "Why didn't I keep silent? Now my peace has to make me act as though I'm engaged to him is the last thing I'd like."

She asked Sue who the house party guests were going to be and Sue, feeling gaily because Harry had told her all his stepmother's plans, when her interest in him was really a slight, repeated the names.

"Jack and Barbara . . ." It hurt to put them together. "You and Ted . . ." Sue couldn't see the quick relief in Sarah's eyes because the names were coupled. "Miles Roberts and, of course, Harry, and that's all, I guess."

Miles Roberts is nice, isn't he?" Sarah asked. "That box of bonbons at your elbow came from him. Help yourself."

Sue couldn't conceal her surprise, and Sarah laughed. "I understand! You probably have one just like it, haven't you? Men are that way. I've known him for a

few weeks and he's interesting, but he's called me up just exactly once since he met you, Sue Merryman. There! Does that help? The candy was sort of a piece-meal of feeling since he thought we were going to be under the same roof for a few days."

Sue laughed and the conversation drifted into the channel of dresses and hats and lingerie. But each girl was talking to her inner self all the while. Sarah was thinking of Ted, Miles forgotten, and Sue was seeing Jack's clear, young profile in a shadowy recess of her mind.

Suddenly, with unexpected dashing, Sarah spoke. "Let's snap out of it, Sue. Miles is all right and so is Harry. But you know you don't want the million-dollar youth. There is just a certain man whom you want . . . I won't mention names . . . and I'm in the same predicament. And . . . what are we going to do about it?"

"I don't know," Sue's voice was slow and quiet. "If I had enough money to make myself sparkle, it might help."

"Oh, no," Sarah's voice was quick and sure. It sent Sue's sober tones into a corner where they seemed to wait for something to happen. "My trouble is that I have money."

When Sue finally left she walked slowly. The night was warm and quiet. "If I had enough money to make myself sparkle, it might help."

"Oh, no," Sarah's voice was quick and sure. It sent Sue's sober tones into a corner where they seemed to wait for something to happen. "My trouble is that I have money."

## UNDER-COVER MEN PROVE WORTH IN DRY ENFORCEMENT

Help Run Down Big Bootleggers in Detroit Territory

**EDITOR'S NOTE:** (Aggressive attempts to enforce the dry laws made Detroit one of the principal battlegrounds in the prohibition war.)

BY LEMUEL F. PARTON  
Copyright, 1930, by Cons. Press  
Detroit—Expert and disinterested opinion along the border today is that the federal government, moving aggressively into real law enforcement, will be compelled to resort more and more to the use of under-cover men.

It is already rapidly increasing the number of such operators and the records, at least of the border cities, show that the most effective work has been done and the biggest hauls made by men who have joined not only rum-running gangs but racketeering crews and are still operating with them.

**ARGUE POLICY MERITS**  
Wet extremists set up the cry that this, with increasing encroachment of the federal government on state affairs, will result in a vast, secret, underground organization, something like the Russian cheka. The dries point to results, and if the question is held to be the simple issue of enforcing the Volstead act, to which it seems to have been directed by the Wickersham committee report, they have the nub of the argument.

The conviction of Miller, of the notorious Miller-Rosenfield gang, here this week, by which he received a sentence of two years and a fine of \$5,000, was the result of a raid in which 42 other men were trapped. Their capture was entirely the work of under-cover men, and it is the first instance in which the government has been able to catch a major offender and get a stiff sentence under the conspiracy provisions of the federal law. The operators in this case worked with the rum runners for a long period, using government trucks to run liquor.

Intricate and shifting details of big city law enforcement problems suggest that Professor Irving Fisher would be ideally equipped to get the real insides of the whole business. There is disclosed an overlapping of sumptuary law violations and economic trends, and Professor Fisher has explored and written authoritatively in both fields. To illustrate:

**SUGGESTS GOOD PANIC**  
This writer, having been assured by various officials that Detroit was rapidly being dried up, wandered aimlessly into a warm and hospitable saloon about five minutes' walk from the federal building. It was more like the old cocktail hour than anything this courier has seen since pre-prohibition days. Everybody was ready to tell the world everything he knew, in confidence. The boss talked freely, right out in the middle of the sidewalk floor.

"Yes," he said, "it's true that shipments from Canada have decreased during the last few months, but they started decreasing the week the bull market went to pieces. Business has been going down since then. For about a week when the big scare was on, we hardly made a nickel in this place. Many of our customers are businessmen who got bumped in the market, either through bad investments or loss of trade, and they sure did hunt for the cyclone cellars."

"The best way to enforce prohibition would be to pull a nice long panic. When everybody's broke, there won't be any more drinking."

**WANT MORE MEN**

Colonel Heinrich A. Pickert, who became collector of customs on Jan. 1, after political shakings had left this district with no collector for five months, is starting in with military methods, reminiscent of the heli-clicking enforcement of General Smedley Butler who came and went in Philadelphia. He was jumped right into the border warfare with characteristic military fashion. He spoke of enforcement with great reluctance.

"I haven't been in this long enough to justify my saying anything," he said. "But we are getting the rum-runners desperate. They are resorting to all sorts of schemes—see tanks and all that, trying to get it across. All we need is more men. My idea of the one most important thing to do is to get all enforcement under one head. That would do away with a great many of the difficulties due to divided enforcement."

Colonel Pickert is a rich Detroit businessman, active in local politics. This is his first public office.

N. B. Miller, acting prohibition administrator for this district, was equally hopeful.

"We are cutting down the law violations constantly," he said. "Since

## GIVE YOUR PUNY CHILD VITAMINS ---NOT DRUGS

Now a very able chemist in New York is extracting Vitamins A and D from Vitamin tested Cod Liver Oil and putting them in sugar-coated tablets known to doctors and pharmacists as McCoy's Cod Liver Oil Extract Tablets.

Cod Liver Oil, without the Vitamins, as you probably know, is useless—it's the Vitamins that build body tissues, bones and teeth in frail boys and girls.

Two of these priceless tablets equal one teaspoonful of high grade Cod Liver Oil and for every ailment, rundown or underdeveloped condition for which Cod Liver Oil is prescribed, McCoy's Cod Liver Oil Extract Tablets are just as good. "Take your Vitamins straight—be sure you get them—60 tablets, 60 cents at all druggists."

April, we have closed 415 big breweries.

**POLICE BIG AID**  
We have about ended the division of industrial alcohol. We are getting excellent cooperation from the police."

Last year's police estimate of the number of saloons in Detroit was 15,000. This is the present lay estimate. Closer inquiry indicates this figure is too high. Persons who have patronized most of them, and there are many drinkers of the eclectic school here, place it at around 10,000. The Michigan state law forbids shutters or painted windows at a place of business. They meet this by directing a glaring spotlight against the window, from the interior. They are easy to find.

Charles Bowles, newly elected

mayor, made a ringing speech when he took office, promising to close the saloons. Then he added, "all those which try to open up near a public school."

Harold H. Emmons, newly appointed civilian police commissioner, also struck out at the saloons. "Wherever we find that they are the gathering places of criminals, we will close them up," he said.

Ruel E. Davenport, supervisor for all immigration border patrols, on both the Canadian and Mexican borders with headquarters in Baltimore, is now in Detroit. He discussed the changing personnel of the bootleggers.

"They carry aliens, booze, narcotics—anything to make a collar," he said. "It used to be that the bootleggers looked upon alien and nar-

cotic smuggling as unlawful and they used to tip us off to cases of this kind. Men of this type have been driven out of the business and the desperate ones are left who will take a chance on anything."

New York—Gwen Taylor, actress and daughter of an army aviator, who says he has parachuted from planes seven times in daddy's safety devices, has leaped into matrimony again. Jimmy Ardell, who was in a show with her, is her second husband. Her first marriage to James Davis, another actor, was followed by an annulment. Betty Grace Tucker is Gwen's real name.

## MOVIE STARS DO NOT GET VOICES ALL OF A SUDDEN

But Microphone Magnifies Voice of Pleasing but Ordinary Tone

BY JESSIE HENDERSON  
Hollywood—Don't spend any more time wondering how your favorite movie star happened to blossom out all of a sudden as a prima donna. She probably didn't.

Victor Schertzinger, director at Paramount, composed of several

popular airs, including "Marquita," and injector of music into such pieces as Adolphe Menjou's "Fashion in Love"—one of the first talkie-singles—broke down today and confessed everything.

Your favorite movie star who sings with such remarkable volume and esprit de corps upon the screen would likely be a terrible flop in "Euboea" or "Tosca," unless your favorite movie star happens to be a veritable grand opera artiste gone cinema.

Miracles do happen every hour in Hollywood, but a grand opera voice is one of those things which you have to be born, like six toes.

The movie diva who tosses off a sparkling ballad with such reason and grace is resonant only because of that miracle-worker, the microphone.

In really her voice may have no more volume than your sister Mary's.

"It amuses me to hear people exclaim over the wondrous voices that have been 'lost' to opera because their possessors chose instead a screen career," said Mr. Schertzinger. "If powerful, splendid voices were such a common gift, grand opera would be overcrowded with songbirds recruited from the films. However, people to whom arias are second nature will still be found in greater numbers at the metropolitan than on the movie lots. Yet a film voice can launch upon an operatic career with conspicuous success, thanks to the microphone."

"A lone cricket recently broke up the entire afternoon of a Hollywood director who was making an outdoor shot. Its 'cheep' registered in

the microphone like the screech of a steam engine. If the 'mike' can magnify the 'cheep' of the cricket to this extent, look what it can do to the human voice. To sing acceptably in the movies it is usually necessary to have merely a good film voice and a good knowledge of music. Give 'mike' a nice, sweet, singing voice such as so many people own and it will do the rest."

"On the legitimate stage the film singer perhaps could not be heard beyond the fifth orchestra row. The studio singer may have no wide range, nor any note high enough to make a professional coloratura bite her fingernails. What the director wants is personality plus a voice of reasonable range, and what 'mike' wants is a voice sweet and clear within its limitations, even though the voice is not over strong."

# FEBRUARY FURNITURE SALE

Demonstrating Leath's Superiority in  
Quality, Dependability and Savings!

Customers who have traded with Leath's for years, tell us that this February Sale is more unusual than any they can remember. ## STUDY CONDITION OF WATER IN RIVER

### Conservation Commission to Determine if River Is Polluted

Neenah—State conservation commission members and members of the state board of health, were here Thursday seeking information on the condition of the water in the Fox river below the government dam and in Lake Butte des Morts to ascertain the reason for the death of so many fish. Complaints had been registered with the commission that the fish may have been poisoned by discharges from factories. An investigation was started Thursday afternoon. There is a law against dumping poisonous acids into the river.

## MILWAUKEE FIRM TO TEST NEENAH'S WATER

Neenah—The water works commission, Friday morning, accepted the bid of the Lyne North-West company of Milwaukee to test water by the city to ascertain the mineral content. It is thought that by casing over some of the strata it will be possible to get a softer grade of water. The work, which is cost the city \$250 an hour will start early next week at the eight inch well at the waterworks station on the lake shore.

## MACHINES STRENGTHEN BOWLING LEAGUE LEAD

Neenah—Harwood Products company bowling teams rolled their weekly matches Thursday evening at Neenah alleys. Machines won a pair from Assemblers; Productions won a pair from the Office team and Engineers which has occupied the last rung of the league for some time, finally rolled out of the place and is now tied for fourth place, by winning three games from the Finishers. ## NEENAH PERSONALS

Neenah—Miss Jeanette Schiringer is home from Downer college, Milwaukee, to spend the weekend with her parents, Mr. and Mrs. J. D. Schiringer.

Mr. E. M. Beeman has gone to Wisconsin Rapids, Lake Forest, Ill. and Hammond, Ind., where she will visit relatives for a few weeks.

Mrs. S. R. Stip has gone to New York city to visit relatives.

Mr. and Mrs. Knox Kimberly and children left Friday for Palm Springs, Calif., where they will spend the winter.

Jacob Ranz of Chicago, is visiting relatives here.

Mrs. Julius Dreyer was summoned to Oshkosh by the death of her father, Jacob Scherer, 70, which occurred Thursday morning. Edwin E. Scherer of Neenah also is a son of the deceased. The funeral will be held at 2:30 Sunday afternoon at 813 Oregon-st with burial at Riverside cemetery.

P. J. Senebrenner and C. A. Babcock of Neenah, and J. E. Morgan and Louis Schreiber of Oshkosh, have taken a trip to St. Paul, Minn., where they will spend the next 10 days.

Robert Marty is home from the University of Wisconsin to spend a few days between semesters with his parents, Mr. and Mrs. S. W. Marty. Celia Marx is receiving treatment at Theda Clark hospital.

A son was born Friday to Mr. and Mrs. Ernest Johnson at Theda Clark hospital.

Mrs. Ida Teasdale is receiving treatment at Theda Clark hospital.

## LAWRENCE, RIGON TO DEBATE AT HIGH SCHOOL

Neenah—The Lawrence college affirmative debating team of two members and the Rigon college negative team will meet at 10:40 Monday morning at the Neenah senior high school auditorium to debate the question, "Resolved, That the United States adopt a policy of National Disarmament." Arrangements were made for this meet by the Forensic society.

The students held a pep meeting during the Friday morning activity period to rehearse cheers and songs to be given Saturday evening during the Neenah-Menasha basketball game at Menasha. Short talks were given by faculty members. The seat sale started Thursday evening.

## HEARING FOR LEE IS SET FOR NEXT WEEK

Neenah—Preliminary examination of Clarence Lee, charged with assault with intent to rape, preferred by a Neenah woman, was held at 2 o'clock Friday afternoon in Justice Chris Jensen's court. The date for hearing was set for next week. Lee has been unable to secure the \$1,000 bail set at time of his arrest and has been in Winnebago-co jail.

## JUNIOR HIGH SCHOOL CAGERS ARE WINNERS

Neenah—The Junior high school basketball team defeated St. Patrick school 33 to 1 Thursday evening at Kimberly high school gymnasium. The winning team is captained by W. Palmbach and has Patterson, Peters, Stacker, Hart and Rabideau as members.

## NEENAH SOCIETY

Neenah—Announcement has been made of the engagement of Miss Margaret Pratt, daughter of Dr. George N. Pratt, and Francis Hutton of Flint, Mich., son of Mr. and Mrs. E. M. Hutton of Neenah. The wedding will take place next summer.

Ladies' Auxiliary of the Eagles entertained a large group of members and husbands, officers of the Eagle society and their wives Thursday evening at aerie ball. A supper was served at 7 o'clock after which cards were played. Prizes in hearts were won by Mrs. Alice Steidel and Mrs. Edward Lee; in whist by Mrs. Frank Lamb and Mrs. Elmer Deerson and in schafkopf by Martin Kober and Henry Blohm.

The local branch of the Equitable Reserve association, which includes the former Equitable Fraternal union and Fraternal Reserve association societies, will hold its first meeting next Friday evening at the home office hall on S. Commercial St. Plans for future meetings will be made.

Mrs. William Kellert was the prize winner at a luncheon bridge party given Wednesday by Mrs. Eugene Williams at her home at Oshkosh. The event was for Mrs. Rowland Campbell, who was recently married.

## TWIN CITY DEATHS

Y. S. KOROTEV—Neenah—The funeral of Y. S. Korotev, who died Wednesday afternoon following an operation at St. Elizabeth hospital, was held Friday afternoon. The services were conducted by the Rev. John Best, pastor of the Congregational church, assisted by the Rev. A. Gordon Fowkes, rector of St. Thomas Episcopal church. Mr. Korotev had been sexton for the past 19 years. Burial was at Oak Hill cemetery.

ROBERT VOUGHT—Neenah—Robert Vought, 7, son of Mr. and Mrs. G. Vought, died Thursday afternoon at an Ashland hospital. Mrs. Vought, mother of the deceased, formerly was Miss Miss Sylvia Thomsen, daughter of Mr. and Mrs. Walter Thomsen of Neenah.

## FIREMEN DARTBALLERS DOWN COMMERCIAL INN

Neenah—The fire department dart ball team won three out of four games Thursday evening from the Commercial Inn team at the city hall diamond. The first game went 10 innings when Howman registered the deciding point, which put the firemen ahead 10 and 11. The second game resulted in a 3 and 10 score for the firemen, who lost the third game by one point, 2 and 2. The second game resulted in a 3 and 10 score for the firemen, who lost the third game by one point, 3 and 2. The last game resulted in a score of 1 to 0. Both teams are seeking games at home or on other diamonds.

## HIGH SCHOOL HOCKEY TEAM MEETS APPLETON

Neenah—Hockey is the latest sport to be added to the high school athletic program. Teams are being organized for a tournament under direction of Myron Olson of the faculty. One of the teams will play a game Saturday afternoon with Appleton high school at Jones' park. Full equipment has been provided for the team.

## MENASHA PERSONALS

Menasha—Mrs. Henry M. Tuchscherer was removed Thursday to St. Vincent hospital at Green Bay for treatment.

Mrs. W. H. Price and Mrs. John Walter have left for St. Petersburg, Fla. They will be met at Chicago by Mr. and Mrs. C. H. Walter, who will accompany them.

W. H. Reynolds left Thursday for Chicago to join Mrs. Reynolds on a trip to St. Petersburg, Fla.

## REMODELS RESIDENCE ON JARVIS PROPERTY

Menasha—Louis Kolehinski, contractor, who purchased the Jarvis property on Water-st from the estate of Sadie Egerton, Neenah, is converting the lower floor of the residence into a workshop. He will make the second floor into a flat.

## MRS. WATKINS IS GARDEN CLUB HEAD

### Organization Will Promote Creation of Attractive Yards

Menasha—Mrs. Van Buren Watkins was elected chairman and Mrs. Harry E. Billard was elected secretary for the coming year at a meeting of Menasha Garden club Wednesday evening at the home of Miss Pauline DeWolf. The club will meet monthly and will be glad to have any one interested in gardening become a member. The object is to create an interest in keeping yards neat and attractive and asking other citizens and property owners to do the same.

Topics discussed: February and March Ideal as Pruning Time, Mrs. H. W. Jones; Latin Remains a Living Tongue in Plant World, Mrs. G. W. Collip; Starting a Garden in Spring, Miss Ethel MacKinnon; The Aquatic Garden, Mrs. Van Buren Watkins.

The next meeting will be held at the home of Mrs. Ethel MacKinnon in February.

## HACKSTOCK ROLLS 242 IN RECREATION LOOP

Menasha—W. Hackstock of Hendy recreation league rolled high game, 242, at Hendy alleys Thursday evening. Other high scores were W. Raleigh, 240; Prepekhall, 238; Ziebel, 238; J. Sues, 237; Kuehnbecker, 236; R. Volssem, 235; Lander, 234; Heckrodt, 232; E. Hill, 221. High series, 6-5, was rolled by Liebhauer. Other high series were rolled by J. Sues, 6-2; G. Raleigh, 6-2; and W. Heckrodt, 6-4.

Gilbert Paper company won three games from Wheeler Transfer company; Marathon Mills won three from Palace Billiards; Koser Bakery won two out of three from Storli's Five; R. E. Fairbach Agency won two from Hendy Recreation; George Pierce Agency won two from Santa Publishing company; Central Paper company won two from Gear's; Menasha Cleaners two from Volssem Electric company; Edge Water Paper company two from Dornbrook builders; Menasha Furniture company two from Menasha Record; and Menasha Motor Cab company two from Wisconsin Lubricating company.

## PASTOR RETURNS FROM TRIP TO WASHINGTON

Menasha—The Rev. A. Gordon Fowkes, rector of St. Thomas Episcopal church, returned Thursday from Washington, D. C., where he attended the College of Preachers. The leader of the conference was the Rev. G. M. Williams of the society of St. John the Evangelist. Fourteen states were represented by the 23 men present. Wisconsin and Iowa represented the greatest distance.

## Chicken Lunch at Blue Goose, Sat. nite.

## SOCIAL ITEMS AT MENASHA

The Zeininger family consisting of the parents, Mr. and Mrs. John Zeininger and the sons and daughters and grandchildren held a family reunion Thursday evening at the home of Mr. and Mrs. John Zeininger, Tayco-st, in honor of the golden wedding anniversary of Mr. and Mrs. Zeininger.

Those present included John Zeininger, Jr., Frank Zeininger, Mr. and Mrs. Andrew Zeininger, Mr. and Mrs. William Zeininger, Mr. and Mrs. Tom Zeininger, Mr. and Mrs. Ben Deachkotski, Gertrude Zeininger, Edward Zeininger and Mr. and Mrs. Harold Hanson.

The grandchildren present were Loretta and Marcelle Zeininger, Edward, Esther and Mary Zeininger, William, Jr., and Richard Zeininger, Lillian, Ruth, Grace and Marvin Deachkotski of Menasha; and Hilary Zeininger of Ypsilanti, Mich. Other guests were Mrs. Martha Weber and son Hilary, Mr. Edward Wroblewski and daughter Marcelle, Fred Hanson, Elmer Hanson, Jack Dornbroski and Edna Starn.

Cards and other games were played. Paul Kalevosski gave several piano selections. A midnight lunch was served.

St. Agnes Guild will hold a card party Friday evening in the parish house. Refreshments will be served.

Mrs. John Mayer, 216 Commercial-st, Neenah, entertained the Thimble club Thursday afternoon. Bridge was played and the honors were won by Mrs. Harvey Young and Mrs. Louis Jordan. Mrs. William Nash, Winnebago-ave, will be the hostess at the next meeting.

The Fraternal Order of Eagles will give the fourth card party of their series Sunday afternoon at Eagle hall. Cash prizes will be awarded.

The Ladies Auxiliary of Henry J. Lenz post of the American legion will give a dance Saturday evening at Memorial building. The party is open to the public.

Economics club will hold an art program at their meeting Friday afternoon at the public library auditorium. Mrs. M. Clinton will read a paper on Contemporary Artists and Mrs. W. A. Brooks will discuss Famous Galleries and Exhibits.

## \$366 IS DEPOSITED BY MENASHA STUDENTS

Menasha—Three hundred and eighty-six dollars and thirty-six cents was deposited by 1,412 pupils of the public and parochial schools of Menasha this week, raising their total amount on deposit to \$20,349.10. Nicolet school made the highest deposit, \$101.23 and was followed by St. John school with \$70.16. Amounts deposited by the different schools: Menasha high school, 239 depositors, \$41.72; Route des Moines, 344 depositors, \$56.86; Nicolet, 159 depositors, \$101.23; Jefferson, 115 depositors, \$31.17; junior high, 125 depositors, \$25.36; St. John, 219 depositors, \$10.16; St. Patrick, 56 depositors, \$8.35; St. Mary, 134 depositors, \$29.95; park, 3 depositors, \$1.86.

## TRUCK DRIVER RUNS INTO HIS OWN HOUSE

Menasha—In attempting to drive a truck with which he was not familiar John Zeininger, Tayco-st, collided with his house and then made a circuit of his premises, narrowly missing several trees and other buildings.

## ST. MARY CAGERS TO PLAY AT LITTLE CHUTE

Menasha—St. Mary high school basketball team will play St. John team at Little Chute Friday evening. St. Mary team defeated Little Chute earlier in the season.

## Prohibition Is Weighed By Rep. Fort

CONTINUED FROM PAGE 1

which they occur is here to stay without substantial change."

He contrasted the numerical opposition to the eighteenth amendment in the house with the present strength of the wet bloc, asserting that while 128 voted against submission of the amendment to the states, the wets now have 61 avowed members in their unofficial organization. This circumstance he interpreted as a reflection of popular sentiment in the nation's 435 congressional districts.

He praised prohibition as having brought a new industrial era of increased efficiency and output. America, he said, now buys for cash, and he added that there are whole communities today in which not a single store sells on credit. The chief credit buyers, he said, is installment purchasing of luxuries and he asserted that "the return of the liquor traffic would run that."

He challenged the opponents of prohibition to offer an alternative for the present system and analyzed the possibilities of government selling as he saw them.

"Either we can hold down consumption by high prices and make a vast profit for the government," he said, "or we can hold down the profit by low prices at the risk of increasing consumption. I wonder which is the more repugnant thought. I'll venture that there aren't ten men in the house who would like either alternative."

What then of reinstating the traffic? Well, shall it be for drinking on the premises? Of course not—that's the saloon again. But if that is not to be—we'll have to drink at home, even though home drinking is one of the evils we decry in the present system.

"Well, if we're to drink at home, we can do that now—we want it, we can do it. So why change the law at all unless, of course, we want hard liquor—and none of the advocates of change want that, do they? So where do we finish? Just where we started—with

## WIDOWS, CHILDREN OF SULTAN AWARDED SLICE OF ESTATE

New York—(AP)—A London dispatch to the New York Times today said that after a five year legal battle nine surviving widows and 13 children of Abdul Hamid, sultan of Turkey who was deposed in 1909, have obtained \$50,000,000 from the ruler's \$1,500,000,000 estate.

Greece, it was reported in London, offered \$50,000,000 to Abdul's former harem favorites now living in poverty in various capitals of Europe. The Aegean Financial Trust, Ltd. of London, hopes to get for them \$1,000,000,000 from Iraq.

Abdul, who died in prison in 1918, was said by some to be the richest man in the world. A number of British and American financiers have backed the contention of his heirs that confiscation of his properties during and after the World war was illegal. Greece's Aegean Financial Trust, Ltd. of London, hopes to get for them \$1,000,000,000 from Iraq.

# WIRED RADIO KEPT IN DARK, SENATE COMMITTEE HEARS

## A. T. and T. Is Blamed by Army Officer for Blocking Advancement

**BY ROBERT MACK**  
(Copyright, 1929, by Cons. Press)  
Washington — (CPA) — "Wired radio," the five-year old promise that has never been kept, is here on a practical scale, but the victim of attitude of inactivity on the part of those in the position to introduce it.

This is the blunt opinion of Maj. Gen. George O. Squier, retired army officer, the father of wired radio. Select, interference-free radio programs would be booming into every telephone-equipped home today if the American Telephone and Telegraph company had not lapsed into quiescence about wired radio, he told the senate committee on interstate commerce. He urged action by the government itself, if need be, to bring into being what he considered a suppressed art.

Gen. Squier has a new wired radio system. His first, now in the hands of the North American company, was to offer programs to the public superimposed on the electric power lines entering the home, as contrasted to "space radio." Now, through the use of the monophone, of which he is the inventor, the same sort of service can be offered via the telephone lines entering each home, without interference to the telephone conversations, and free from the noises and fading that mar the "space" reception.

But the A. T. & T. has been "too busy" with telephones to bother about the radio business, he told the committee. Later he said that the radio broadcasting interests feared wired radio's competition, which he held unwarranted.

# BLOCKED PLANS, CHARGE

The North American company, however, which had been planning for seven years to inaugurate a nationwide system, charges that the A. T. & T. and its affiliated interests in the radio field, such as the Radio Corporation of America, have successfully blocked its plans. A. T. & T. now has pending suits alleging infringement of some of its wired radio patents.

For a nominal rental of about \$2 a month, every telephone subscriber would be afforded wire radio and the choice of several programs of high order by the mere plugging in on the telephone company's switchboards. An attachment for the regular radio receiving set, or a separate set, is all the subscriber needs for reception. The broadcasting systems which now fear wired radio, he asserted, could realize revenue without depending upon advertising through a rate share of the rentals, while the A. T. & T. would be benefited by the additional use of its wires, and the public itself would be given good programs, free of interference at a nominal cost, he claims.

Radio broadcasting would be put underground, where General Squier believes it belongs, under his system. He said that "space" radio already has reached the saturation point in the assigned band. The wired radio signals would not be transmitted through the telephone wires, but along the outside. He explained that a "whole new band of frequencies" so high that they are inaudible, and consequently, non-interfering with the telephone operations, clings about each telephone cable. And in a single underground telephone cable there are some 1,500 separate wires, each leading to a telephone, and each creating a separate "wired radio" frequency. The simple receiving set attachment in the home transforms these signals into the audio program.

Today, he said, about 90 per cent of the chain radio program is by wire used in connecting stations subscribing to a particular network program.

# HOLD TRY-OUTS SOON FOR COLLEGE PLAY

Preliminary tryouts for "The Queen's Husband," the next Lawrence college dramatic production, will be held for members of Sunset Players at 3 o'clock next Wednesday afternoon.

"The Queen's Husband," written by Robert Emmett Sherwood, is a comedy portrayal in costume of the historical mythical kingdom in the North Sea. A cast of 15 supports the rebirth of spirit in the person of a henpecked monarch who finally asserts royal authority over his dominating spouse. The drama, a three-act production under the direction of F. Theodore Cloak, Lawrence dramatic coach, will be presented at the Lawrence Memorial chapel on March 13.

# Corned Beef, American Style, Is Suggestion For Your Sunday Dinner

**EDITOR'S NOTE:** Oscar of the Waldorf, writing for Post-Crescent and NEA Service, suggests the following menu for your next Sunday dinner.

- Coupe of oranges
  - Oxtail Soup
  - Corned Beef, American Style
  - Pear and Cream Cheese Salad
  - Rice Custard Pudding
  - Coffee
  - CORNERED BEEF, AMERICAN STYLE**
- Soak the desired quantity of corned beef and put on to boil in fresh cold water; skim well and simmer until done and tender. Allow it to become cool in the liquor in which it has been cooked and then before quite cold, put in a flat, hollow dish and cover with a board, pressing it with a weight. Remove all the fat from the meat liquor and save it, but take care that it is not allowed to stand in an iron vessel.
- Have already boiled two or three beets, small carrots, a small cabbage, some turnip and potatoes and a small squash; wash them well and scrape the carrots, cut the cabbage into quarters, pare the turnips and squash and cut into slices and pare the potatoes.
- Put the meat liquor on to boil about two hours before required and when it boils put in the carrots, cabbage and turnips and a half hour before dinner add the squash and potatoes. When tender, take up the vegetables carefully and drain on a colander, slicing the carrots.

Oscar of the Waldorf, right, shows how to prepare corned beef, American style.

# Talks To Parents

**RESULTS**  
**By Alice Judson Peale**  
Those of us who have children in kindergarten are likely to regard their activities there as "play."

Indeed, some mothers, unless their children bring home at frequent intervals such achievements as clay birds' nests with painted eggs in them or needle books and pen wipers quite nicely finished, even worry lest their children "aren't learning anything."

It is natural for all of us to judge things by concrete results. We forget that education, at least in its early stages, should be subjected to no such criterion.

The most valuable experiences which little children get in the kindergarten and in the first grade are not those which are measured in terms of prettily colored crayon pictures, neatly finished handiwork, or even—and this will be considered heresy by many good people—their experience in book learning.

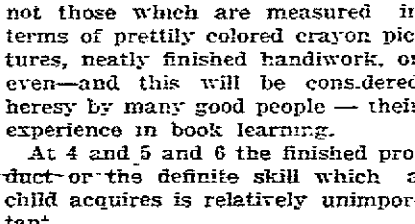

At 4 and 5 and 6 the finished product or the definite skill which a child acquires is relatively unimportant.

By far the most valuable part of early school experience is the development of certain desirable attitudes of mind. The growth of curiosity, the desire to experiment with everything that comes to hand, the impulse to make friends, the impulse to play, the development of self control, and the cheerful acceptance of the inevitable social checks upon instinctive behavior—these are far more important than the little pictures and calendars which your child brings home to you.

Finished products and definite achievements have their values, but only if the child has enjoyed the process of learning and making and has done both without too much help and supervision.

# Indigestion Has Been Relieved Thanks To Dreco

**Farmers Wife Tells How "Dreco" Ended Her Backaches, Etc.**

"All folks that suffer as I did should give this root and herb medicine a trial. It has made a new person out of me after years of suffering with a gastric stomach and a sour stomach. My liver was torpid and I always felt tired and worried. I had only taken Dreco a short time when I started to regain my lost strength and health. As a direct result my stomach grew better and better all the time. My bowels are now regular and that nervous feeling has left me. I want to tell others about Dreco so that they too may take this wonderful medicine and enjoy their health as I am doing." This statement was given by Mrs. W. L. Huterberg, Route 2, Eau Claire, Wis.

One giant redwood tree felled in Oregon provided enough timber to construct 50 5-room bungalows.

# Ravines Furnish Fine Coasting, Skiing Places

When the city has to dole out dollars to fill a ravine, ravines become an objectionable feature of the city's topography. But when the snow is piled high and winter sports lovers are looking for an icy decline for skiing and coasting, Appleton ravines become a heaven-sent natural asset.

Appleton's six ravines, which thread their way through practically every ward in the city, provide remarkable facilities for coasting and sking. Some of them are being used this winter, but there are a number of small hills bordering ravines that have not yet been discovered.

The ravines, called by their most familiar designations, are Packard-st, which runs through to Jones park; Bellair-st; John-st, near the athletic field; Carpenter-st; Pierce park, which continues down to the river; and the ravine near St. Elizabeth hospital and the golf course.

The most popular coasting hills are Packard-st, Green Bay-st, Jones park, S. River-st and Lemnaw-st. Coasting near the E. Wisconsin-ave

# STATE GRADED SCHOOLS IN EXCELLENT SHAPE

Outagamie-co state graded schools are in excellent condition, according to G. H. Landgraf, a state rural school inspector, who this week visited all of the graded schools in the county. Mr. Landgraf was accompanied on his trips by A. G. Meating, county superintendent of schools. Mr. Landgraf found all the school buildings in good condition, teaching methods were excellent and the pupils were making satisfactory progress.

# LETTER EXPLAINS LAWS ON WIRING

Instructions Are Posted in Office of Building Inspector

A letter from the State Industrial commission explaining the new statute placing all wiring in the state of Wisconsin under the jurisdiction of the commission, and prohibiting public utilities from serving new electrical installations which do not comply with the Wisconsin State Electrical code has been posted in the building inspector's office at city hall by Louis Luebke, electrical inspector.

The new law, which refers to rural communities, requires that the utility must be given a certificate by the person doing the wiring before electric service can be supplied to the customer. The statute provides for a penalty, in case of violation, of a fine ranging from \$25 to \$100, or by imprisonment for a period of 30 days to six months.

In accordance with the requirements of this law, the Wisconsin Michigan Power company is supplying blank certificates to wiremen, which in turn will need to be sworn to and presented to the company before connection can be made.

Canberra — (CP) — There has been a heavy falling off in immigration to Australia. In 1929 the net gain to the Commonwealth through new arrivals appears to be only 4,121, whereas in 1928 it was 19,243 and in 1927, 33,576.

# Interesting Menus

By Sister Mary

NEA Service Writer

Savory stews and pot roasts are most acceptable for winter dinners. Cheap cuts of meat can be used to advantage and the finished dish is both appetizing and nourishing.

The success of such meat dishes depends on the careful seasoning and cooking of the meat. Greater skill and cleverness are required to prepare a delicious stew that will broil an expensive steak. The steak might be dubbed "cheap cut" for only the most villainous cooking could ruin it, while stewing meat and pot roasts must be treated with care and thought to make them popular.

In the case of stews, the vegetables are cooked with the meat and there is no waste of valuable material. The liquid in which the meat and vegetables are cooked is served with the "stew." Beef, veal or lamb make delicious stews suitable for all members of a family. The liquid with suited vegetables can be given to even the second person at the table. The stew person, in all the glory of its meat and vegetables, will satisfy the hungry hunter or football player.

The following pot roast gains popularity from the tomatoes and the acid helps to break the fiber of the meat, making it more tender.

**Pot Roast of Beef**  
Three or four-pound pieces of lean beef cut from forequarter, 3 tea-

spoons salt, 1 large onion, 1 quart can tomatoes, 1-2 cup boiling water. Trim fat from meat and try out in kettle. Pour off all surplus fat. Heat until very hot. Wipe meat with cloth wrung out of cold water. Put meat into kettle and sear quickly on all sides. Add remaining ingredients and simmer over a low fire until meat is tender. It will take at least three hours. Arrange meat on a hot platter and rob liquor in the pan through a strainer. Pour over meat and garnish with parsley.

There are innumerable ways to vary the roast. Potatoes and carrots can be cooked with the meat if the tomatoes are omitted. A brown gravy can be made with the liquid in the kettle.

The whole secret of a successful roast lies in the thorough seasoning of the entire surface of the meat before any liquid is added. This insures a rich brown gray and roast.

More ducks are raised and consumed in China than in any other country in the world.

### COUPON FOR FREE GLADIOLUS

To advertise our superior Washington Bulbs we are giving away several thousand Gladiolus from our Hybrid, a new type of Gladiolus highly recommended on account of the long flowering period and the exquisite pastel coloring. If planted in succession they will bloom from May to November. Mail this coupon with 25c (no stamp) for packing and mailing one package containing 12 bulbs guaranteed to bloom.

This offer expires Feb. 10. Only one package for each coupon.

## They Pay You

Advertisements pay you to read them. They pay you in time. From the advertisements in this newspaper you can learn where to get what you want, instead of searching around. You can know the merits of each article offered for sale.

They pay you in money. Advertisements help you to get full value for your dollars. Goods which are consistently advertised are of consistently high quality for their prices.

They pay you in satisfaction. Manufacturers and merchants will not undertake an advertising campaign until they are sure their product is right. It would be ruinous to advertise an unworthy product, for that would simply call added attention to its deficiencies.

They pay you in information. Advertisements tell of new products, of new designs, new materials, better workman-ship. Well-informed people always read the advertisements to keep posted.

Reading the advertisements is an investment that pays big returns

# Lawrence And Monmouth Cagers Battle Tonight

## WINNER RETAINS FIRST PLACE IN MIDWEST LEAGUE

Game Begins at 8 O'clock; No Preliminary Contest Scheduled

FIRST place in the Midwest conference will be at stake tonight when Monmouth basketball team from down in Illinois invades the new Lawrence gymnasium. Neither the Vikings nor the invaders have been defeated in their league games to date.

Lawrence and Monmouth both have two league victories to their credit but the only method of comparing the two squads is to harken back to the Ripon-Beloit games, the Lawrence-Beloit game and the Monmouth-Ripon game.

Beloit, defeated by Lawrence by a small score last December holds two victories over Ripon. Monmouth also has beaten Ripon by about the same score Beloit registered. That, is the ways of sport lingo makes the Monmouth quint and the Vikings about even. So indications are tonight's battle will be a real one.

Lawrence will present a slight change in lineup tonight. Vanderbloemen, a sophomore, will be the reserve forward and the guards will be strengthened by the addition of John Chinkosky. Vandy is scheduled to take the place of Zeke Rammel who has withdrawn from school, and a little work may bring him around on a par with the veterans. The DePere boy has played well enough in games in which he has participated and being used a little oftener may give him the necessary confidence to step out.

The hunt of the offense tonight, however, will again be carried by Hayward Biggers and Bobby Rasmussen. Now that they do not compete against a couple sharp shooters like Vander Mullen and Hincley, the two boys are expected to return to old time form shooting.

Kenneth Laird will be first choice for center with Frank Scheller playing in reserve. Both men have seen plenty of work in the last ten days and are ready for action. Laird should be in much better shape than in the Carroll game for he had been ill several days previous to that important encounter.

Denney will have four guards to protect the Lawrence goal tonight. They will be the three veterans, Pierce, Jerry Slavik and Paul Slesch, and the new recruit, Chinkosky. The latter being eligible with the end of the semester.

There will be no preliminary to tonight's game and the evening's feature will begin at 8 o'clock, according to Coach Denney.

Saturday night the Vikings will again take the court against a Midwest invader, Cornell college from Mt. Vernon, Ia. The boys down where the tall corn grows meet Ripon tonight at Ripon.

## DAVIS CUP ENTRY LISTS CLOSE TODAY

Little Chance That Record of 33 Entries in 1928 Will Be Beaten

Paris—(AP)—Entries for 1930 Davis cup tennis competition close tonight with little chance that the record number of 33 nations, established in 1928, will be equalled.

Twenty-four hours before the official closing time, 10 P. M. tonight, twenty five nations had challenged for the cup, firmly held by the famous musketeers of France.

Only four nations will compete in the American zone. Japan having preferred to challenge in the European zone this year. In the American zone, the United States will be heavy favorites to win over Canada, Mexico and Cuba.

With 21 nations already in the field and two or three more expected to enter, competition in the European zone will not be the open and shut affair it seemed to be in the American zone. Italy, winners of zone competition last year Great Britain and Germany will have strong teams and Japan may make trouble for some of the European teams. Other nations entered in this zone are Holland, Hungary, Belgium, Switzerland, Monaco, Spain, Rumania, Czechoslovakia, Germany, Egypt, Australia, Czechoslovakia, Germany, Egypt, Australia, Yugoslavia, Greece, Sweden, Finland, Denmark and Norway.

## BOOSTER TEAMS ROLL AT OSHKOSH

Milwaukee, Racine, Kenosha, Keglers Take Runways Over Weekend

Oshkosh—(AP)—Oshkosh, Fond du Lac and Ripon bowlers rolling in the Wisconsin State bowling tournament here Tuesday failed in the least to disturb any of the leaders, although several scores in the doubles and singles were within a few points of the first five in each division.

What havoc is to be raised with the leaders must be left to Milwaukee, Racine, Oshkosh and Kenosha bowlers who predominate on the shifts today, Saturday and Sunday.

The prize winners of the first booster shift were: Odds and Ends, 2,206; Maple Mashers, 2,197; Financiers, 2,159; Baker Paper Co., 2,143; Walkover, 2,107; and Schmidt Milling Co., 2,044.

Winners of the second shift were: Doc Small's Lions, 2,217; Marheines' Lions, 2,215; Hodges' Lions, 2,213; Brown's Lions, 2,173; Rowe's Lions, 2,069 and Hinz's Lions, 2,069.

## "Old Barney" in Lion Hunt

One of the most enthusiastic of those engaged in the hunt for a "lion" in Washington, D. C., is Walter Johnson, left, former big league pitcher star and present manager of the Washington Senators. "Rock," Johnson's hunting dog, also is getting a thrill out of the search for the marauder, which has attacked livestock and terrorized natives of the capital. Winsor Adams, right, game warden and friend of Johnson's, identified tracks left by the animal as those of a mountain lion.

## Fitzsimmons Is After Fields-McLarnin Fight

BY FRANCIS J. POWERS Copyright 1930

CHICAGO—Floyd Fitzsimmons dropped into Chicago, Tuesday, and after he had been in conference with Gig Rooney, manager of Jackie Fields, the Windy City fight mob jumped to the conclusion that the Michigan promoter was angling for a bout between the welterweight champion and Jimmy McLarnin.

That match would be one of the fistic prizes of the year and it staged by Fitzsimmons obviously would be held in Detroit during the summer. Fitz staged the bout in which Fields won the welter title from Joe Dundee and both the champion and his manager are partial to the Michigan man. A Fields-McLarnin match is bound to come and Detroit would be an ideal place for it to develop.

Fields has quit the Middle West for San Francisco where he is booked to meet Young Corbett, one of the prizes of the Golden Gate. The bout is a real natural in California and will be the first meeting between the two. Jackie has a \$25,000

guarantee or the privilege of 50 per cent of the gate, which is almost a record for an overweight bout in the lighter classes. Corbett, is a south paw boxer and rates as one of the best in his class.

Primo Carnera, the boy "Boo!" Montana refers to as "a nice bega fella" is going to see considerable of America before he starts on the trail of the heavyweight title. Following his bout with Elmer Rioner here, old Carnera will show in St. Louis and then Minneapolis. By that time other engagements will be ready.

Carnera is a born showman and there is the eye to acting in his every move. But the thing that attracts visitors to his suite is the Carnera walking stick. The cane weighs 31 pounds and it has been suggested that when Primo really grows up he might get one of Babe Ruth's bats to serve in lieu of the present sapling he carries.

To give this epitaph specimen a lucky strat in his campaign for the heavyweight title, his managers are having his boxing trunks made by May Kuffer, of Chicago. That seamstress made all of Jack Dempsey's ring pants, except the pair he wore in the bout with Tunney at Philadelphia. Jack changed tailors for that fight and still recalls the outcome. The output of a satin factory was bought to equip Primo for his work and with a large corps of needle workers on the job, the trunks should get finished in time.

Carnera's entourage is a large one and includes not only sparring partners, trainers and his friend, Louis Berings, the Parisian cartoonist, but also, we are told, a jockey. There is reason why Primo might need a chauffeur, but a jockey seems quite useless unless the good Signor is going to train in a race track.

## M. U. HOCKEY TEAM LOSES TO MICHIGAN

Ann Arbor, Mich.—(AP)—Michigan scored its first hockey victory over Marquette here Thursday night, 4 to 1.

A cluster of three goals in the second period, the first of which unsettled the victors, accounted for the win. Michigan also made one goal in the first period and McDonald tallied for Marquette just before Michigan started its scoring spree.

Michigan passed better than any Michigan team has passed before and Tompkins, sophomore goalie, did some remarkable work in defending the net.

Marquette fought hard in the last period to cut down the lead, but the best play of its stars only game Tompkins opportunity to gain the limelight.

Did you know that—JIMMY PHELAN liked a girl named Lucille Evans and that's why he went to coach at Missouri in 1920 . . . he went to Purdue in 1922 so he would have enough money to marry the girl . . . she is now Mrs. James Phelan . . . her dad was a former quarterback at Missouri and Northwestern . . . Pete Sarmento made a fortune in the ring and bought nice things with it . . . but they failed, and the other night Pete fought a bout for \$3 . . . and Frank Fleming, who once knocked out Benly Leonard, was locked up charged with third degree burglary in New York the other day . . . Frankie kayeed Bennh in 1916, and six months after the fight, Benny Leonard knocked out Freddie Welsh and won the world lightweight championship . . . the charge was that he entered a grocery store and grabbed a sack of coffee.

## POSTPONE ONE GAME IN "Y" CAGE LEAGUE

Only one game is scheduled for Saturday evening in the Y. M. C. A. Industrial basketball league. Two games originally were carded but Kimberly-Clark five from Neenah has asked for a postponement of its game with the Y. M. C. A. and the request has been granted. Saturday's single game therefore will feature the Citizen's Bank team and the Power company, and will begin at 7:30.

The fifth team in the league, the O. R. Kleehn five, has drawn a bye for this week's games.

## TEXAS OPEN GOLF TOURNAMENT GETS UNDER WAY TODAY

Sarazen, Smith and Mehlhorn Are Named Possible Winners

BY GAYLE TALBOT, JR. Associated Press Sports Writer

AN ANTONIO, TEX. — (AP) — Somewhat worn from months of constant campaigning, but unwilling to call a halt as long as \$7,500 in cash prizes is lying around loose, a swarm of the country's leading professionals took another hitch in their belated and prepared to scrap it off in the ninth annual Texas open tournament.

Included in the field are 115 professionals and 32 amateurs, the heaviest entry in the meets history.

Most of the leading professional shooters came direct here after the Agua Caliente meet last week and have been practicing daily. They have the distances and eccentricities of the Brackenridge park course down to a fine point and indications are the scoring will be almost phenomenally low.

As an indication of the calibre of golf to be expected, it took a 65, six under par, for Tom Rackliffe, Youngstown, Ohio, professional and M. J. Gonzales, his San Antonio schoolboy partner, to take first in yesterday's amateur-pro best ball event.

There were 18 scores of 70 or better. Two unattached professionals, Bill Mehlhorn, defending champion and Horton Smith, who next to Gene Sarazen, has pocketed more prize money on the winter tour than any player, held favorite's positions as the shooting began today.

Other "big shots" likely to make a stout bid for the last of the winter's important money prizes are Bobby Cruickshank, Purchase, N. Y.; Dinsmore Shute, Columbus, Ohio; Harry Cooper, unattached; Billy Burke, Greenwich, Conn.; Tony Manero, New York; Joe Turnesa, Elmford, N. Y.; John Rogers, Denver; Larry Nabholz, unattached; and Frank Fleming, Detroit and Frank Walsh, Chicago.

The entire field will participate in the 18-hole round today and tomorrow, after which it will be cut almost in half for the final 36 Sunday.

## CITY HOCKEY TEAM BEATS NEENAH 5-3

Appleton Sextet Plays First Night Game Before Large Crowd

Appleton Blue Streaks, city hockey team, skated to another victory on Thursday evening when they defeated the Neenah Red Wings on Jones' park rink. The game was the first night battle for the city six and the score was 5 and 3 for Appleton.

The Blue Streaks thrilled the large crowd which turned out to see the game by pushing the rubber into the net within one minute after the opening whistle. Eddie Helms registered the counter.

Keeping the edge throughout the remainder of the evening the Blue Streaks had little trouble winning the game. Helms scored twice during the evening's encounter as did Joe Shields. Ducky Schultz registered once.

Members of the Appleton aggregation were the same 11 or 12 men who romped to a top heavy victory over the New London sextet last Sunday at Jones park. Besides the fast offense the Blue Streaks displayed a defense that kept the Neenah

## KIMBERLY, OCONTO QUINTETS MEET AT VILLAGE TONIGHT

Northern Team Is Built Around Three Former High School Stars

Special to Post-Crescent  
IMBERLY — Tonight is the night the Kimberly Club's basketball team will trot out in new uniforms, and present a new lineup to the home fans. The opposition will journey from Oconto and promises to be plenty strong.

Due to the loss of Williams, one of the regular guards the Kimberly lineup will be changed with the exception of a guard and a forward position. The men to appear in uniform are Dud Courchane, Pete Kohl, Joe Gossens, Ronald Reetz, Gilbert Stevens and Matt Dupont.

Oconto boasts a strong lineup which is proved by the fact it has taken just about all up-state teams into camp as well as the cream of Green Bay. The biggest part of their attack is three of their last year high school stars who went to second place at the state tourney in Madison. The main game is scheduled to get underway at 8:30. Wilham Pickert will referee.

Preceding the main game the Delta Sigma Tau fraternity of Lawrent College will meet the strong Lefty's Aces.

The Kimberly Club team will be most to the children of the village tonight. Tickets have been distributed to all Kimberly grade school children who are asked to write their names on the tickets and present them at the door.

## SUNDAY SCHOOL 5'S IN BASKETBALL GAME

Thiede Class Defeats Jensen Class in Battle on Y. M. C. A. Court

What was considered one of the greatest games of basketball ever staged in the Y. M. C. A. gymnasium was played Wednesday evening between teams representing the W. O. Thiede and A. P. Jensen Sunday school classes of the First Congregational church. The Thiede team won a score of 5 and 4.

As most of the chaps on the teams are not much more than 12 years of age and many a good younger, they had a tough time getting a big basketball up to the hoop. But what they don't know about basketball isn't worth arguing about and for references one has only to ask Gil Green who refereed. Those youngsters know everything in the opinion of Green, they even know he's crooked, at least in their own opinion.

The score at the end of the first half was 3 and 2 for the Thiede quintet.

## LEWIS' VICTIM IS HOSPITAL PATIENT

Portland, Ore.—(AP)—Dr. Karl Sarpolis, wrestling physician from Cleveland, was out of a hospital here today after spending 24 hours in the institution as a result of his match with Ed "Strangler" Lewis here Wednesday night. Sarpolis lost the match after winning the first fall. At the hospital it was found that the grappling physician suffered a dislocated vertebra.

six back except for the breaks that resulted in the three scores.

Sunday afternoon the team will invade Fond du Lac to meet the American legion hockey team as the feature attraction at an ice carnival.

## Three A. L. Teams Will Number Players This Year

BY WILL WEDGE Copyright 1930

NEW YORK—The Yanks will be numbered again this year. The jinx that in 1929 cracked a great streak of pennant winning campaigns evidently was not considered to reside in the numerals that for the first time in the club's history were stitched to the backs of the players' shirts. Business manager Ed Barrow is emphatically in favor of numbered suits, pointing out that they are especially helpful to the patrons in a big park such as the stadium.

The Senators and Indians will also be numbered. As yet no national league club has signified its intention of copying this sensible American innovation. The Indians had their home suits numbered last year but not their road uniforms. The Senators are a brand new convert to the idea. Barrow said that the Yanks, Indians and Senators have agreed to a standard eight-inch value.

Freddie, the Fitz, the fat boy nemesis of the Cincy Reds, has mailed his signed contract back to Secretary Tierney. Fitzsimmons is a dependable employee and can usually be counted on to goose the Reds, which alone makes him of value.

This winter, as last, he is chaperoning a bevy of chickens at a fresh egg manufacturing plant in Arcadia, Cal. Freddie does not use the McGraw system for signaling from the bench in managing his poultry farm. When he wants a hen to get down to business and start laying he goes out to the next and gives her a pep talk, inspirational rather than threatening. He has not been forced to fine one of his hens this winter for sluggish production.

Jim Tierney confirms the dispatch from East St. Louis that brought the news that southpaw Willie Walker returned his contract unsigned to the Giants.

Sheboygan in Second Place After Beating Manitowoc, 20 and 17

SHEBOYGAN—(AP)—Gripped in the doldrums of midwinter graduation exercises, Fox River valley conference basketball teams tonight will face one of the lightest programs of the season.

The only conference contest billed is the first of two classic encounters between the East and West high school rivals of Green Bay, the result will have little immediate bearing on the standing as each quintet has lost more games than it has won.

Sheboygan, by whipping Manitowoc 20 'o 17 here Tuesday night, firmly entrenched itself in second place, with three victories in four starts, one game behind the undefeated Fond du Lac Cardinals.

Non-conference games, scheduled principally to meet revamped quintets which have suffered the loss of stars through graduation, include contests between Marinette and Menominee, Michigan, at Menominee; and Sheboygan and Two Rivers at Two Rivers.

Sid Leyse, West Green Bay, tops the conference scorers with 30 points. Borgwardt, Marinette, has 23 points; Tolzman, Fond du Lac, 27; and Gaibraith, Manitowoc 26, to threaten the leader.

Few schools of the valley will escape heavy losses through graduation of basketball veterans this week. Fond du Lac loses Mullen, star guard. East will miss Daman, forward and other lesser lights. Leyse, leading scorer, graduates at West Green Bay. Sheboygan loses four regulars—Huenink, Jensen, Fowler and Turchen.

Pittsburgh, Kas.—Patsy Pollock, Chicago, stopped Luther Ashford, Fort Scott, Kas., (4).

Miami, Fla.—Bob Godwin, Daytona Beach, Fla., outpointed Ernesto Saguis, Chile, (10).

## PURDUE PUTS END TO LOYOLA WINNING STREAK, 25 AND 20

But Loyola Charlie Murphy Has Edge Over Boilermaker Namesake

CHICAGO—(AP)—Charlie Murphy of Loyola today had a mathematical decision over Charlie Murphy of Purdue, but his team's remarkable string of basketball triumphs was broken.

Fulfilling all advance notices the contest last night at LaFayette, Ind., was the bitterest of struggles and resulted in a 25 to 20 victory for Purdue, with an overtime period necessary to bring a verdict. The defeat was Loyola's first in 35 starts, ending the winning streak started late in the 1928 season.

Loyola Charlie Murphy outscored his rival and namesake from Purdue, nine points to five, but his mates failed to perform as consistently as the aids of Purdue Charlie. The Murphys were responsible for the overtime period, for with 39 seconds to play Loyola Charlie was fouled while the act of shooting by Murphy of Purdue, and made one of his two free throws to tie the score at 20 all. In the extra session Purdue easily distanced the Ramblers.

With the feature piece of the week a Western conference triumph, Michigan and Chicago will meet tonight in Wolvies' Big Ten business. The Wolverines will invade the Midway seeking their second victory of the week, which would give them a tie with Illinois for the third place. Michigan, although unimpressive in defeating Minnesota Monday night, was favored to hand Chicago its fourth straight conference setback.

Ohio State may face Minnesota at Minneapolis tomorrow night without the services of Wesley Fesler. His star guard Fesler was injured when the Buckeyes defeated Minnesota last Saturday night at Columbus, and was not expected to be in shape to play in the return engagement. Hinchman, substitute forward, will be in Fesler's place if the latter is unable to play.

With four minutes to go, the Green and White coach sent in Gother and the Milwaukeeans changed form defense to an offense which finally brought them a win.

## MILWAUKEE TEACHERS BEAT OSHKOSH, 33-31

Milwaukee — (AP) — Milwaukee Teachers could glory today in their second two-point victory over their rivals from Oshkosh having won a 33-31 victory over the invaders last night.

The game was cinched only 45 seconds before it ended. A field goal by Van Horne sealed the win for Milwaukee, which two weeks ago took the measure of the Oshkosh Peds 31-29 at Oshkosh.

Milwaukee had started out to take a comfortable lead but a sudden slack in the defense reacted to the defeat of the Oshkosh players, who took advantage of it at the end of the first half were leading 22 to 17.

With four minutes to go, the Green and White coach sent in Gother and the Milwaukeeans changed form defense to an offense which finally brought them a win.

PRIMO CARNERA  
MAKES WESTERN  
DEBUT TONIGHT

King Tut and Bruce Flowers  
Rematched in Semi-wind-  
up Bout

BY WILLIAM WEEKES  
Associated Press Sports Writer

CHICAGO—(AP)—The formal un-  
dercard of Primo Carnera be-  
fore a Chicago assembly will  
occur tonight in the stadium, with  
Eliazar Rioux, French-Canadian heavy-  
weight, acting as the other party  
in the ceremony.

Ballyhooed as the biggest fighter  
since Jess Willard, the man-mountain  
from Italy has created tremendous  
interest among Chicago boxing  
enthusiasts and arrangements today  
were being made to accommodate  
18,000 spectators, or about \$60,000  
worth, for the 10 round engagement.

Of the approximately 300 pounds  
of bone and muscle lugged into the  
ring tonight, Primo will furnish 270,  
giving him an edge of about 60  
pounds over the French-Canadian.

He also will have an advantage of  
three inches in height, four inches in  
reach and several sizes in shoes. Be-  
yond the physical advantages, Car-  
nera will be the popular favorite; no  
one outside of Rioux himself, be-  
lieves the latter has a chance of re-  
maining upright any longer than did  
Big Boy Peterson, whom Primo flat-  
tened in less than a round, in New  
York last week when he made his  
American premier.

Rioux was confident he not only  
would be on his feet at the end of  
the tenth round, but believed he had  
a chance of outpointing the huge  
Italian. He claims to have knocked  
a bear silly with his right hand and  
does not think Primo is tougher than  
a bear. However, he took a lacing  
from Hein Mueller, clever German  
heavyweight, in his last Chicago ap-  
pearance, showing little except abili-  
ty to absorb punishment.

If Carnera does as the trade ex-  
pects and quickly stops Rioux, the  
spectators still will have the King  
Tut-Bruce Flowers semi-final 10-  
rounder to look at. Tut, rugged Mid-  
west puncher and the New  
Rochelle Negro lightweight fought a  
great draw here several weeks ago  
and were rematched by request.

**SINGER, LOAYZA  
ON GARDEN CARD**

Singer Is 2 to 1 Favorite  
Over Rough Chilean Light-  
weight

New York—(AP)—Lightweights  
hold sway in Madison Square Garden  
tonight as Al Singer, 135-pounder  
from the Bronx, takes on rugged  
Santiago Loayza of Chile in a ten  
round bout.

Rated by some critics as the man  
most likely to remove the lightweight  
crown from Sammy Mandell's head,  
Singer has been established a 2 to 1  
favorite over Loayza. The Chilean  
is a rough customer, apparently im-  
pervious to punishment, but he is  
not as fast, nor as good a boxer nor  
as heavy a puncher as Singer.

Deo Conrad, who holds a decision  
over Rene de Vos, the Belgian sharp-  
shooter, meets the free-swinging  
blonde, Harry Ebbs, Freeport, N.  
Y., middleweight, in the ten round  
semi-final.

Dom Volante, English feather-  
weight, tackles Louis Quadrini of  
Italy in the first ten.

**RAY BARBUTI MAKES  
FIRST START TONIGHT**

New York—(AP)—Ray Barbuti,  
Olympic 400-meter champion, ex-  
pects to make his first start of the  
indoor track and field season next  
Wednesday night at the Newark A.  
C. games in Newark, N. J.

Sponsors of the meet announced  
that Barbuti had agreed to race either  
in a sprint series of 50 and 100  
yards or in a special 500 yard run.

He was reinstated in the good  
graces of the Amateur Athletic Union  
on Wednesday night.

**EAU CLAIRE PEDS IN  
VICTORY OVER STOUT**

Eau Claire—(AP)—In a bitterly  
fought game, Eau Claire teachers  
last night defeated Stout Institute,  
27 to 21.

Laboriously gaining a one-point  
lead at the half, Stout was unable to  
hold its advantage and Eau Claire  
crossed ahead during the second half,  
maintaining a sufficient edge to assure  
victory. Eggenstein and Scott were  
Dan Clark stars. Hanson and Johnson  
starred for Stout.

**EBBETS, CHASTAIN  
SIGNED BY DEMPSEY**

Chicago—(AP)—Promoter Jack  
Dempsey has signed Harry Ebbets,  
rugged middleweight and Clyde Chas-  
tain of Dallas, Tex., for the 10-round  
final bout his Feb. 7 boxing show at  
the coliseum.

The pair were signed when Earl  
Mastro, Chicago featherweight, was  
forced to call off his bout with Pete  
Zivic of Pittsburgh, because of an  
infected tooth. Joey Medill, Chicago  
lightweight, and Spug Myers of Poca-  
tello, Idaho, will meet in the 10-  
round semi-final.

**NEW CUB HURLER ON  
WAY TO WEST COAST**

Chicago—(AP)—Charles Malcom  
Moss, Chicago Cub recruit, shipwreck  
pitcher, is taking no chance on hav-  
ing Pacific coast weather affect him  
in his effort to make good, as it does  
western football teams invading the  
east. Moss, who was obtained from  
Louisville of the American associa-  
tion, today was on his way to the  
coast to begin training—three full  
weeks before the batteryman will  
leave Chicago for Catalina Island.

**Pasadena, Cal.—**Conrad Payne, Lou-  
isville, Ky., stopped Budeades, Pas-  
adena, (S).

**Vallejo, Cal.—**Jock Malone, St.  
Paul, outpointed Bud Doyle, San Jose,  
Cal., (10).

BANK PLAYS CHIEF  
ROLE IN COMMUNITY,  
KRUGMEIER STATES

Mismanagement of Institu-  
tion Works Hardship on  
People, He Shows

A talk on Duties and Liabilities  
of Bank Directors, given by A. H.  
Krugmeier, Appleton attorney and  
a director of the Appleton State  
Bank at the bank management con-  
ference at Milwaukee on Jan. 20, is  
printed in full in the "Commercial  
West," a financial weekly published  
at Minneapolis. Mr. Krugmeier's  
speech also is to be published by the  
Bank Management and Bank In-  
vestment magazine and by the Mid-  
Western Banker.

The relation of a bank to the com-  
munity it serves is a vital one, Mr.  
Krugmeier pointed out. Mismanage-  
ment of money placed in the bank  
and the resultant misfortune means  
a calamity to the community and a  
series of such calamities means a  
panic with its consequent depression  
of business or even complete ruin of  
countless thousands who trusted in  
the integrity of those in charge of  
the bank, he showed.

Adequate safeguards in the form  
of stringent statutes insuring strict  
provisions of the banking laws and  
the performance by directors of  
their oath, safeguarding the deposi-  
tors against the abuse of privilege  
and the resultant misfortune means  
a calamity to the community and a  
series of such calamities means a  
panic with its consequent depression  
of business or even complete ruin of  
countless thousands who trusted in  
the integrity of those in charge of  
the bank, he showed.

DIRECTORS ARE LIABLE

Bank directors are made liable for  
failure to perform their duties as  
follows: (1) Bank directors are subject to  
criminal liability and (2) civil li-  
ability. There is a distinction be-  
tween wrongdoing for which a direc-  
tor is criminally liable and negli-  
gence for which he is civilly liable  
for damages. The neglect of a di-  
rector is not a crime unless a sta-  
tute so prescribes although, if  
such negligence causes injury to the  
bank it would have its common law  
action for the recovery of damages  
sustained.

Directors may become personally  
liable to the bank (1) by malfeasance  
or the doing of some act which they  
had no right to perform; (2) by non-  
feasance or the neglect or failure to  
do some act or to perform some duty  
which they were required to do or  
ought to have done; (3) by misad-  
venture or the improper performance  
of some act they had a right or  
duty to perform.

They may also, in an action for  
deceit, be held personally liable to a  
depositor for damages sustained by  
reason of the insolvency of the bank  
when a depositor is induced to place  
money in the bank solely by false  
representations of solvency made by  
the directors, who ought to have  
known and by the use of ordinary  
care, such as it is their duty to  
have exercised might have known,  
that such representations were false.

Mr. Krugmeier cited the distinc-  
tions between violations by bank di-  
rectors of the provisions of federal  
and state banking acts. He pointed  
out that the national laws specify  
certain duties which must be per-  
formed while the duties fixed by the  
common law are flexible and vary  
with circumstances. The Appleton  
attorney then went into detailed ex-  
planation of the provisions of both  
the federal and common law and  
cited various actual cases from the  
law books to illustrate his explana-  
tions.

THE DISASTROUS CONSEQUENCES OF  
lack of supervision on part of the  
directors is well illustrated in a re-  
cent Wisconsin case of Stevenson v.  
Columbia Bank of Lodi, 197 W. 2d  
268. Mr. Krugmeier said: "That  
was an action against the bank for  
the value of bonds stolen from its  
vault. The cashier had embezzled  
large sums of money from the bank  
and had also stolen other bonds re-  
ceived by him for the bank for safe-  
keeping. The defense was that the  
cashier had no authority to receive  
bonds from customers for safekeep-  
ing in the bank vault. The jury  
found that the directors in exercise  
of reasonable diligence ought to  
have ascertained that the cashier of  
the bank was receiving and holding  
securities in the bank vault for safe-  
keeping for customers. The bank  
was held liable for the value of the  
bonds. The court also found that  
the directors used due care and dili-  
gence in employing the cashier but  
the only inference to be drawn from  
the decision is that the duty of the  
directors did not end when the cash-  
ier was employed and that the re-  
flections of the neglect of the di-  
rectors in their duty of super-  
vision."

He quoted a part of the supreme  
court decision which held that di-

rectors are presumed in law to know  
what the record of the bank would  
have disclosed if inspected. They  
also are presumed to know what  
the officers of the bank are doing.  
Bank directors are responsible not  
only for the supervision of the of-  
ficers of the bank but they must  
also exercise judgment. Mr. Krug-  
meier pointed out. Failure to do so  
might constitute malfeasance.

"A bank may be protected against  
the defalcations of its funds by re-  
quiring a bond of its officers. The  
bank is protected by the periodical  
visitation of the bank examiner," he  
said. "But when the

## CRISTY AGREES TO HEAD MEN WORKERS IN HOSPITAL DRIVE

### Names Divisional Leaders to Help Raise \$100,000 Fund

New London—Harry Cristy has accepted the chairman ship of the men's division in the campaign to raise \$100,000 to build and equip the New London Community hospital. His acceptance was announced today by R. J. McMahon, general chairman of the campaign.

Cristy will head a small army of workers, which will include four divisional leaders, eight captains, and 80 team workers. He announced the appointment of, and acceptance by, the four divisional leaders, today. They are: Dr. George W. Polzin, George Demming, Ervin Smith and George Melkjohn.

These men will select their captains and these appointments will be announced soon.

Mrs. R. G. Small, chairman of the women's division has announced the acceptance of three divisional leaders, Mrs. Leo Jilison, Mrs. E. C. Jost and Mrs. A. L. Haase.

The captains in these three divisions, as announced by the respective leaders, are: Robert Dauterman, Mrs. E. J. Pfeifer, Mrs. J. W. Monsted, Mrs. Leonard Cline, Mrs. George Kipple and Mrs. Marie Heinrich.

An organization of approximately 60 women will help in the campaign. The county committee, which has charge of the campaign program in the communities surrounding New London, met yesterday afternoon at the "Campana headquarters" at the call of G. H. Putnam, chairman. The committee, which will be augmented later, includes Father M. Alt, Bear Creek; Father Kolbe, Hortonville; Father McGinley, Manawa; Father Broekman, New London; Dr. C. D. Hemmy and L. B. Todd.

Plans are being made to have meetings in several towns and villages in this vicinity next week.

## NEW LONDON SOCIETY

New London—Mr. and Mrs. Phillip Meyers, Beacon, entertained at bridge at their home on Wednesday evening. There were twelve guests and prizes were won by Mrs. George Demming, Mrs. B. Palmer of Grand Rapids, Mich., Thomas Fitzgerald and C. D. Feathers.

Mrs. F. L. Zaugg will entertain the Congregational Ladies' Aid society at her home on Wyman-st. Wednesday afternoon. Members of the committee are Mrs. Pfeifer, Mrs. Zaugg, Mrs. Dawson, Mrs. Lutzy and Mrs. Hutchinson.

Mrs. George Werner was hostess to the Friday bridge club this afternoon.

Miss Lyle Jennings entertained members of the Thursday bridge club at her home on Wyman-st.

## DECORATE PARSONAGE OF CONGO CHURCH

New London—During the vacancy of the Congregational parsonage, the ten room house on Nassau-st. is being redecorated. The walls are being repapered, and woodwork enameled. The woodwork was formerly varnished in grained oak. Fresh paper and white enamel are being used in the upstairs rooms, and all floors will be either varnished or painted.

## NEW LONDON PERSONALS

New London—Mrs. M. C. Traylor has departed for Little Rock, Ark., where she will spend several weeks at the home of her daughter, Mrs. Allan Dunaway.

William Viel has been quite ill at his home with a grip.

Mrs. E. T. Avery was a guest on Wednesday at the home of Mrs. Nell Golden at Manawa.

Mr. and Mrs. F. L. Zaugg are spending several days in Milwaukee.

Miss Esther Ziebell of Chicago is spending several days at the home of her parents, Mr. and Mrs. L. A. Ziebell in this city.

Irvin Viel of Weyauwega underwent an operation on Thursday at the Community hospital. Arthur Falk of this city is also a patient there, having undergone a tonsillectomy on Wednesday. Vernon Pieper, son of Mr. and Mrs. Clarence Pieper of this city was operated upon on Wednesday for appendicitis. The boy is recovering nicely.

New York—A girl is as safe among some cannibals as in New York and that doesn't mean that the dangers of New York are great. So says Miss Caroline Mytinger, artist, back from four years painting in the South seas. She was accompanied by Miss Margaret Warner.

## Quickly Stops Dreaded Coughing

Coughing won't bother you this winter if you keep Foley's Honey and Tar Compound handy. Whether you get colds from a cold, irritated bronchial tubes, tickling throat, troublesome night coughs or a constant nervous hacking, each dose of Foley's Honey and Tar cures its curative Balsamic demulcent vias into direct contact with the irritated surfaces and gives instant relief. Peels good to the throat, warms and comforts, acceptable to the most sensitive stomach. No opium, no chloroform, mildly laxative. Dependable, and effective alike on children and grown persons. Ask for Foley's Honey and Tar. For Sale by Schlimt Bros. Co. - 3 Drug Stores.

## FORMER RESIDENT OF NEW LONDON IS DEAD

New London—The funeral of Mrs. Emma Van Slatt, 81, who died at her home in Merrill, was held Monday in that city. She was a former resident of this city, and was a sister of the late Moses Barlow. She came here early in the winter to attend the funeral of her brother, and on the way she was taken ill. For weeks she was critically ill at the Barlow home here, suffering from pneumonia. Three days before her death she was afflicted with a stroke of paralysis.

She is survived by seven children, George Van Slatt and Mrs. Marie Hamlin, who live in Washington; Mrs. Edward Fielding, Dale; Joseph, Frank and Elsie Van Slatt, and Mrs. William Schmickel of Merrill.

## CITY TEAM PLAYS ANTIGO QUINTE

### Wahl Adds Strength to New London Basketball Aggregation

New London—With New London high school playing a conference game with West De Pere tonight, the local basketball aggregation is a game on the home floor between Antigo and New London's city teams. The teams are considerably strengthened by the addition of "Dutch" Wahl, formerly with the Weyauwega team. Dick Jilison of Milwaukee is also to be on the lineup, probably as a forward.

A preliminary game will be played between the Kozy Korner All-Stars and the Walther League team.

## HILBERT WINS HONORS IN H. S. PLAY CONTEST

Special to Post-Crescent  
Brillion—Hilbert high school students took first place, and Brillion pupils second in the one act play contest held at Brillion auditorium Tuesday evening. Hilbert will now compete with other schools in the vicinity.

The winning play was "The Ban the Boy's Hat" and the Brillion play was "The Other Kitty". Reedsville pupils presented "The Teeth of the Gift Horse."

Mrs. Otto Zander entertained at bridge on Saturday evening Mrs. George Dawson and Mrs. W. L. Boyden won prizes on Monday she entertained at a bridge party, Mrs. Emil Reinhardt and Mrs. Charles Zutz receiving the prizes.

Mrs. Louis Mumm entertained friends at five hundred on Saturday evening.

Mr. and Mrs. Edgar Mueller entertained at cards on Sunday evening. Mrs. Oliver Wordell received first prize.

Erwin Groskopf, instructor in manual arts at the Brillion high school has been granted a release and accepted a similar position in a Milwaukee high school.

Mr. and Mrs. Louis Mumm entertained the Sheephead club on Thursday evening.

Mrs. Frank Horn entertained the Ladies Aid and Foreign Missionary Society of the Emmanuel Evangelical church at her home, Wednesday afternoon.

Miss Hula Schroeder and Frederick Bartz attended the funeral of a relative at Appleton recently.

Mrs. J. Zander entertained guests at bridge Monday evening. Honors were won by Mrs. Charles Zutz and Mrs. Emil Reinhardt. Sixteen ladies attended.

Mr. and Mrs. William Ross gave a card party for friends recently.

Relatives congregated at the Henry Horn Sr. home Saturday to help Mr. Horn celebrate his ninety-first birthday anniversary. Those attending the celebration from out of town were: Miss Mathilda Han of Milwaukee, Mr. and Mrs. Martin Downer and family of Oshkosh.

Mr. and Mrs. Jake Joss entertained guests at their home Sunday, Mr. and Mrs. R. C. Smith of Reedsville were present.

Mrs. Joseph Ecker, and Mrs. John Binsfeld, were hostesses to members of the American Legion Auxiliary, at the former's home Monday. Following the business meeting bridge was played.

Friends were entertained at the home of Mr. and Mrs. Robert Eick Saturday evening. Five hundred and skat were the diversions of the evening. Mrs. William Mathebe and Mrs. Joseph Urban, won honors in five hundred.

Mr. and Mrs. J. J. Lintner and family attended a birthday celebration at Oshkosh last week.

Mr. and Mrs. Edgar Mueller entertained guests at cards Sunday evening.

## GIVE SURPRISE PARTY IN HONOR OF BIRTHDAY

Shiocton—A surprise party was given for Miss Bernice Kling Monday evening by a number of girl friends in honor of her birthday anniversary. Cards furnished the entertainment and luncheon was served.

Guests present were Misses Madge Henry, Evelyn McCully, Lorraine Lee, Mildred Zabel, Ethel Voight, Margaret Vogel and Aileen Lamke.

At the open card party given by members of the SL. Inn society at the Hotel Northern Wednesday evening 19 tables were in play.

Prizes at schafkopf were won by John Diernerne and Richard Beyer at smear by Mrs. George Schroth and Miss Lenora Reidl. The next party will be held Wednesday evening, Feb. 5 at the Hotel Northern.

The Bridge club was entertained by Mrs. Earl Kuehner at her home Tuesday afternoon. Honors were won by Mrs. Mike Mack.

Three members of the club were absent and the following acted as substitutes: Mrs. Emma Guyer, Ironwood, Mich., Mrs. W. H. Towne, Hortonville and Miss Marie Twitcheil, Shiocton.

Rabbit Stew, Sat. night at Van Denzen's, Kaukauna.

## LOOK TOPS LEAGUE AT LITTLE CHUTE

### Deuces Aces Team Is on Top With 32 Wins and 19 Losses

Little Chute—The Little Chute high school basketball team will play the Wrightstown high school team at the American legion hall Friday evening. The local lineup will be: Jack Lamers and Joseph Wynboom, forwards; Sylvester Langedyk and Florian Weyenberg, centers; Joseph Vander Velden and Jerome Schommer, guards.

The weekly match games of the Little Chute bowling league were rolled on the Harties alley Monday and Tuesday evenings. High single score of 247 was rolled by George Look. Other high single scores were: Stephen Peeters, 227; M. Vandenberg, 225; Joseph Vandenberg and Joseph Hammen, 214; Charles Schell, 213; Rev. Theodore Verbein, 210; Albert Hietpes, 209; T. Van Thiel and L. Smith, 202. High three games series of 536 was rolled by Charles Schell and high total series of 2716 was rolled by Deuces Aces. The team standings for this week are:

Team	W	L	Pct.
Deuces Aces	32	19	.627
Hermen Grocers	32	19	.627
Hannagraef Grocers	31	20	.608
Combined Locks	29	22	.569
Vans Meats	29	22	.569
Weyenberg Grocers	29	22	.569
Tony's Five	27	24	.529
Casery Insurance	26	25	.508
Hartjes Allys	26	25	.508
Leckie's	26	25	.508
Hietpas Dairy	24	27	.471
Lumber Company	24	27	.471
American Legion	22	29	.431
Lamers Hotel	22	29	.431
Tease Timmers	16	35	.314
Marts Five	12	39	.235

Mr. and Mrs. Frank Weyenberg entertained about 200 relatives and friends at the Legion hall Wednesday evening. The occasion was the tenth wedding anniversary. Dancing furnished amusement.

Joseph De Groot, son of Mr. and Mrs. Theodore De Groot is confined to his home because of illness.

G. B. Salisbury of Chicago transacted business here Wednesday.

Fred Koehn and family have moved into the Schommer residence on Depot-st.

A daughter was born Tuesday to Mr. and Mrs. Lambert Sanderfoot.

## BEAR CREEK RESIDENT BURIED AT BIRNAMWOOD

Bear Creek—The funeral of Ernest Hubbell was held at the home of his niece, Mrs. Chris Oleson in the town of Bear Creek Thursday. The Rev. W. C. Kurtz of Clintonville was in charge of the services. The body was taken to Birnamwood, his former home where services were held at the Methodist church with interment in the parish cemetery.

Mr. Hubbell was born April 6, 1867 at Potts Dam, New York. At the age of two years he came with his parents to the town of Maple Creek where he lived until he was 15 years old when he went to Birnamwood to live.

At the age of 23 years he married Miss Eliza Packard at Birnamwood where they made their home up to the time of the death of his wife which occurred eight years ago.

Survivors are two sisters, Mrs. Stella Jensen and Mrs. Chris Oleson of the town of Bear Creek, Mrs. Thula Wittingham of Appleton and one brother, Frank Hubbell of Draper.

Those attending the funeral were Mrs. Chris Oleson, Mr. and Mrs. Stella Oleson and family of the town of Bear Creek, Mr. and Mrs. Ted Dix and family of Clintonville, Mrs. Thula Wittingham, Appleton and Frank Hubbell of Draper, Wis.

Mrs. Jule Maillet returned to her home from St. Elizabeth hospital at Appleton Tuesday.

## Mrs. Lampert To Go On "Gold Star Mothers" Trip

BY RUBY A. BLACK  
Post-Crescent Washington Correspondent

Washington — The "Gold Star Mother" of Wisconsin's congressional delegation had four sons in the World War, and the one son who did not serve in the war is a graduate of the United States Naval academy, 1919 class.

Mrs. Florian Lampert, wife of the congressman from Oshkosh, will go to France this year on the "Gold Star Mothers" pilgrimage to visit the grave of her son, Lieut. Col. James G. B. Lampert, who died of pneumonia shortly after the armistice having served in every major engagement of the World War.

Lieut. Col. Lampert was a distinguished engineer, a graduate of the civil engineering school at the University of Wisconsin. He served with Goethals in the Panama Canal, and invented a temporary bridge which could be thrown across wide rivers in a very few minutes for the transportation of troops. This bridge was used at the Marne, and is now in use in practically all armies. His job during the World War was to build roads and bridges along the battle lines to facilitate the movement of troops, much of his work being done under fire from enemy guns.

In recognition of his services, this government awarded him the distinguished service cross and the French government awarded him the croix de guerre.

HAVE SEVEN CHILDREN

Representative and Mrs. Lampert are the parents of seven children all living except Lieut. Col. Lampert, the oldest. The second son is Benjamin H., also a civil engineer graduate from the University of Wisconsin. He is a contractor at Oshkosh. Associated with him in the Lampert Construction company at Oshkosh is the fourth son, Florian Jr., a graduate of the University of Wisconsin in architectural engineering.

The third son, Lester L., is a graduate of the United States Military Academy at West Point, N. Y., and is a major in the United States Army, now stationed at Denver.

Representative Lampert has introduced and the Committee on War Claims of the House of Representatives has favorably reported a bill to repay Major Lampert \$214.94 for losses of property he sustained during the flood and hurricane at Texas City, Tex., in August, 1915, when he was stationed there as second lieutenant with Company B, 15th Infantry. There is no general legislation which will allow the War department to reimburse Maj. Lampert for his losses in that hurricane, so that only special legislation can bring about compensation for him.

The fifth son, Phillip, is a graduate of the United States Naval academy at Annapolis, Md., but has left the Navy and is now manager of a Texas Air Transport company, at Fort Worth, Tex. He is the only son of the Lamperts who did not serve in the World War, being too young at the time.

After the five sons came two daughters, Phoebe, who is married to Lester Morgan, and Oshkosh contractor, and Jessie, the wife of Arthur Fischer, who works for the government here. Mrs. Fischer is

## DANCE, CARD PARTY TO BE GIVEN AT KIMBERLY

Special to Post-Crescent  
Kimberly—A free dance and card party will be held in the club-house, Friday evening, Feb. 7, for club members and their friends. Cards will be played upstairs.

Arlene Brainard was taken to the St. Elizabeth hospital, Appleton, Wednesday morning where she was submitted to an operation.

The Tea Pot Dome met at the home of Dr. C. G. Maas, Main-st. Thursday evening.

The Rev. L. Van Oeffel, who was taken to the hospital Tuesday for treatments, is recovering and the Rev. M. Lange from De Pere, Wis., will take his place during his absence.

The village board will hold its regular monthly meeting, Monday evening, Feb. 3.

Mrs. Ben Cullard, Wilson-st., is recovering from a lingering illness at her home.

A new barber shop will open up in Mrs. Poppe's building, next Tuesday, Feb. 4.

The eighth grade girls of the Holy Name school will play vouch ball Thursday evening, with the eighth grade girls of the St. John school, Little Chute.

## HARRISON ECONOMICS CLUB HAS MEETING

Special to Post-Crescent  
Darby—The Home Economics club of Harrison held its monthly meeting Wednesday afternoon at the home of Mrs. Henry Schwalbach. Miss Harriet Thompson, club leader, demonstrated home canning of meats and discussed convenient kitchens. Those present were Mrs. John Dietz, Mrs. Mike Mercet, Mrs. Al Korth, Mrs. William Porsche, Mrs. Frank Porsche, Mrs. Frank Muehl, Mrs. Rueb'n Schmaltz, Mrs. George Schwalbach, Mrs. Henry Huftauf, Hildegarde Wittman, Anna Probst and Mrs. Margaret Schwalbach. The next meeting will be held Feb. 24 at the home of Mrs. George Schwalbach.

Frijoles of Lone Hickory school who have had perfect attendance for the third six weeks of school are: Alvin Emmers, Irene Emmers, Clarence Wundrow and Grace Wiedenbaupt. Leone C. Kavanagh is the teacher.

## Mrs. Lampert To Go On "Gold Star Mothers" Trip

BY RUBY A. BLACK  
Post-Crescent Washington Correspondent

Washington — The "Gold Star Mother" of Wisconsin's congressional delegation had four sons in the World War, and the one son who did not serve in the war is a graduate of the United States Naval academy, 1919 class.

Mrs. Florian Lampert, wife of the congressman from Oshkosh, will go to France this year on the "Gold Star Mothers" pilgrimage to visit the grave of her son, Lieut. Col. James G. B. Lampert, who died of pneumonia shortly after the armistice having served in every major engagement of the World War.

Lieut. Col. Lampert was a distinguished engineer, a graduate of the civil engineering school at the University of Wisconsin. He served with Goethals in the Panama Canal, and invented a temporary bridge which could be thrown across wide rivers in a very few minutes for the transportation of troops. This bridge was used at the Marne, and is now in use in practically all armies. His job during the World War was to build roads and bridges along the battle lines to facilitate the movement of troops, much of his work being done under fire from enemy guns.

In recognition of his services, this government awarded him the distinguished service cross and the French government awarded him the croix de guerre.

HAVE SEVEN CHILDREN

Representative and Mrs. Lampert are the parents of seven children all living except Lieut. Col. Lampert, the oldest. The second son is Benjamin H., also a civil engineer graduate from the University of Wisconsin. He is a contractor at Oshkosh. Associated with him in the Lampert Construction company at Oshkosh is the fourth son, Florian Jr., a graduate of the University of Wisconsin in architectural engineering.

The third son, Lester L., is a graduate of the United States Military Academy at West Point, N. Y., and is a major in the United States Army, now stationed at Denver.

Representative Lampert has introduced and the Committee on War Claims of the House of Representatives has favorably reported a bill to repay Major Lampert \$214.94 for losses of property he sustained during the flood and hurricane at Texas City, Tex., in August, 1915, when he was stationed there as second lieutenant with Company B, 15th Infantry. There is no general legislation which will allow the War department to reimburse Maj. Lampert for his losses in that hurricane, so that only special legislation can bring about compensation for him.

The fifth son, Phillip, is a graduate of the United States Naval academy at Annapolis, Md., but has left the Navy and is now manager of a Texas Air Transport company, at Fort Worth, Tex. He is the only son of the Lamperts who did not serve in the World War, being too young at the time.

After the five sons came two daughters, Phoebe, who is married to Lester Morgan, and Oshkosh contractor, and Jessie, the wife of Arthur Fischer, who works for the government here. Mrs. Fischer is

## BOOZE CONSPIRACY CASE IS OPENED

Federal Attorney Makes Sensational Statement at Oklahoma Hearing

Oklahoma City, Okla.—(AP)—With the government's cards laid on the table in a sensational opening statement, more than 100 witnesses in the Pottawatomie county conspiracy trial were ready today to begin their testimony in federal district court.

Promising to prove that a vast conspiracy existed to establish and control a monopoly of the liquor traffic in the mushroom oil towns of Pottawatomie-co, Herbert K. Hyde, assistant United States district attorney, opened the government's case by asserting he would produce evidence to show that "the stream of justice in Pottawatomie-co was polluted from constable's office to the state capital."

This evidence, Hyde continued, would be introduced through confessed participants in the alleged conspiracy, who aided in the collection of protection money and its distribution among persons charged by the government with operating a liquor ring that completely controlled the Pottawatomie-co liquor trade.

Frank Fox, one-time sheriff of Pottawatomie-co, was designated as a leader in the monopoly and Hyde said, was "taking care of" Randall Elman, present county attorney and a defendant with Fox.

No direct statement was made bearing on Hyde's reference to the state capital.

Hyde outlined the growth of the conspirators' organization in detail, quoting the boasts members made regarding their power and influence to control protection and promising to support his statements by testimony and his figures regarding alleged "protection money" collections by books "of the line itself."

## HOLD DAY OF PRAYER SERVICE AT CHURCH

### Fiftieth Anniversary of Couple to Be Observed at Seymour Church

Seymour—Special services will be held at the Zion Evangelical church Sunday at 10:45, 15 minutes earlier than usual. The two outstanding features of the service are to be the day of prayer sponsored by the Women's Missionary society of the church and a golden wedding celebration. Father and Mother Helms of this city celebrate their fiftieth jubilee on Sunday so a special program has been prepared for this event. This will be the first time in the history of the Seymour church that either type of celebration has been conducted at the regular worship service. The Rev. C. L. Duft will be in charge. The officers of the E. L. C. E. of the Evangelical church will be installed by the pastor at 7:45 Sunday evening. Robert Slater will be in charge of the service.

The Rev. C. L. Duft announces that the young people of the church are planning to give a home talent play early this spring with Mrs. R. C. Miller as coach. The committee to select the play includes Miss Wilamine Miller, chairman; Miss Selma Husman, Miss Irma Mielke, Robert Slater and Norman Miller. The committee to select the cast of characters is: Chairman, Mrs. R. C. Miller, Mrs. Ed. Wiese and the Rev. C. L. Duft.

The following list of honor students and teachers who have attended each session of the Zion Evangelical Sunday school during the month of January are: Marilyn and Junior Miller, James Wiese, Lila Muehl, June and Marion Engel, Allan Shepherd, Norman, Norbert and Wilamine Miller, Walter Muehl, Robert Slater, Irene, Alice and Vernice Green, Miss Lenora Baker, Mrs. A. Haberman, Mr. and Mrs. Fred Ziek, Mrs. Sam Green, Mr. and Mrs. R. Thiel, Mrs. Wm. Shepherd, Mrs. R. C. Miller, Mrs. C. Engel, John Thiel, Fred Ashman, George Muehl, Ed. Wiese, Forrest Huth, and Mrs. Rhinold Miller.

The Sunday school board of the Evangelical church will meet at the church at 7:45 Tuesday evening. Every member of the board is urged to be present. Following the business meeting, Mrs. C. Engel will present the next Sunday school lesson, and a discussion will follow.

The young people of the Evangelical Methodist Episcopal churches of this city are sponsoring a roller skating party at the Black Creek auditorium, Thursday. All young people of the community are invited to attend.

## ENTERTAINS FRIENDS AT BIRTHDAY PARTY

Special to Post-Crescent  
Fremont—Relatives and friends of Mrs. Mary Lovejoy, were entertained at the home of Mr. and Mrs. Frank Lovejoy, Wednesday evening, the occasion being her birthday anniversary.

Members of the Riverside camp, Royal Neighbors, will hold a business meeting at the village hall Friday evening.

Mrs. Charles Halin, entertained the Wolf River Reform Aid society at her home Wednesday afternoon.

Mrs. Elizabeth Johnson of Stevens Point is spending the winter months at the home of her daughter, Mrs. Herman Redeman.

Miss Mildred Springstroff of Appleton, is visiting at the home of Mr. and Mrs. Herman Zuehlke this week.

Farmers of Fremont and vicinity attended the annual McCormick Deering Tractor school at Saders garage Wednesday. The program began at 10 o'clock in the morning and lasted until 4:30 in the afternoon.

A motion picture show was shown to approximately 200 people in the afternoon.

## "KONJOLA ONLY MEDICINE THAT DID ANY GOOD"

### Grateful Lady Rejoices in Newly Restored Health - Relates Fine Experience

MRS. EMILY SPIKER

"Konjola is the only medicine that ever did me any good," said Mrs. Emily Spiker, 1112 Corse St., Burlington, Ia. "I had indigestion in its worst form and vomiting spells followed every meal. My kidneys were badly out of order and every night I had to be up four or five times. Naturally, I became weak, nervous and worn-out. I tried medicine after medicine, treatment after treatment, and the only results were failure and disappointment.

"But Konjola lost no time in getting to work. In two weeks I found I could eat and digest heavy foods that previously I dared not touch. Another week passed, and with it the kidney disorder. I am sleeping and eating now as I should, and am rapidly regaining my lost weight and strength. What suffering and expense I could have been spared had I only known of this medicine long ago!"

Konjola is sold in Appleton at Schlimt Bros. Drug Store, and by all the best druggists in all towns throughout this entire section.

Mr. and Mrs. Thomas Wilkinson

## WOMEN SHOULD LEARN USES OF MAGNESIA

To women who suffer from nausea, or so-called "morning sickness," this simple measure is proving a blessing. Most nurses know it and it is advised by leading specialists. Prepare a small quantity of finely cracked ice—about a wineglassful. Pour over it a teaspoonful of Phillips Milk of Magnesia. Sip slowly until the mixture is gone or you are entirely relieved. It is seldom necessary to repeat the dose to end sick stomach or any inclination to vomit. Its anti-acid properties enable Phillips Milk of Magnesia to give immediate relief in heartburn, sour stomach, gas. Its mild, but effective laxative action assures regular bowel movement. Used as a mouthwash it helps prevent acid erosion and tooth decay during expectancy.

With every bottle of Phillips Milk of Magnesia, come full directions for its many uses. All drug stores have the 25c and 50c sizes. Demand the genuine, endorsed by doctors for over 50 years.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Chas. H. Phillips Chemical Co. and its predecessor, Charles H. Phillips, since 1873. adv.

## MAKE BIG MONEY from your Poultry

Let Mrs. Hayes, Elizabeth Meeks, Leo Montbriand, tell you how they found the secret of success and won National Prizes

YOU can double and treble your poultry profits with our Hatchery Chicks. You can do as well as Mrs. Marguerite P. Hayes, who made \$40 in five weeks with only 100 Hatchery Chicks. Elizabeth L. Meeks says her Hatchery Chicks give her a net income every month of the year. Leo Montbriand made \$801.10 in one year with 500 Hatchery Chicks.

Here's why We make a special business of supplying money-producing baby chicks. We have modern equipment for incubating eggs. Temperature, humidity, and ventilation are carefully controlled. When the chicks come out, they're big, fluffy, lively, bright-eyed, raring to go! And they have no lice or mites. They're free from all the handicaps which beset quick gains; why the pullets begin to lay early and keep it up. That's why our customers have flocks which they're proud of—and that pay amazing profits.

Let us help you get started We'll help you put your poultry raising on a big-pay basis. We'll supply you with the breed of chicks you want—the number you want—on the date you specify. Considering the quality of our chicks, our prices are low—prices which enable you to get started with less expense than you can hatch your own. Let us send you detailed information. Also let us send you free the amazing new book containing \$10,000 prize letters written from actual experience by 41 successful poultry raisers. Call at our hatchery, telephone, or mail the coupon at your first opportunity.

Let This Slogan Be Your Guide FOR GREATER PROFITS Hatchery Chicks This Amazing Book FREE. Ask for it.

## Kaukauna Cagers Hoping For First Victory Of Year

Meat Oconto Falls Friday Night on Latter's Court

Kaukauna—Chances for the first victory of the season look bright for Kaukauna high school cagers who will travel to Oconto Falls Friday for a Northeastern Wisconsin Inter-scholastic league game.

Oconto Falls has broken even in league games this season, winning two and losing two. In the last two years, Oconto Falls was the team that started the locals on the win column. Both years the Kaws failed to win a game until they faced Oconto Falls. Each season the team finished strong. However, both wins taken from the Fallmen were made on the court.

Coch Paul E. Little has been setting a fast pace in practice sessions this week. Each day found the team in hot grimmages. Several new formations were tried. One combination that looked especially good was Miller at center and Koch and Dix at forwards. In practice the combination worked smoothly, counted a number of baskets. Coach Little will put it to actual test Friday evening.

The game will find Captain Ross Farwell and VanLieshout at guards. The men have been playing steadily since the first of the season. Both are lanky and guard well. In reserve there will be Sager and VanDyke for forwards, Paschen for center or forward, and Grogan and Nide for guards. The trip to Oconto Falls will be made by automobile.

## ANDREWS OILS DROP THREE BOWLING TILTS

Kaukauna—Andrews Oils lost three games to the Blue Moons in the Inter-county Bowling league Wednesday evening on Hilgenberg alleys. Scores:

## Social Items

Kaukauna—Busy Bee Circle of the Ladies' Aid society of Immanuel Reformed church met Thursday afternoon at the home of Mrs. A. Sager on Seventh-st.

An old time dance will be held at the Elks' hall Friday evening. Proceeds will go toward the new St. Mary school. An old time dance orchestra will furnish the music.

A Valentine party will be held Friday evening, Feb. 14 in the church parlors of First Congregational church. The affair will be for church members and the school.

St. Ann's court No. 226, Women's Catholic Order of Foresters, will hold a covered dish party at 7 o'clock Tuesday evening in the Elks' hall on Wisconsin-ave.

## CONDUCT KRAMER RITES ON THURSDAY MORNING

Kaukauna—Funeral services for Paul Kramer of Manitowoc, who died from injuries received in an accident Tuesday morning, were held at 9 o'clock Thursday morning at St. Mary church. The Rev. C. Ripp was in charge and interment was in Holy Cross cemetery. The body lay in state at the home of Mr. Kramer's father-in-law, Mr. Hoffman on Eighth-st. He was found in an unconscious condition while at work two weeks ago at Manitowoc and never regained consciousness. He was married to Miss Elizabeth Hoffman of Kaukauna. Besides his widow he is survived by four children.

## 30 STUDENTS IN HIGH SCHOOL START ORATORY

Kaukauna—About 30 students of the high school have started work in oratory and declamation under the direction of Miss C. Calky, forensics teacher. Orations and declamations have been given out and each student receives coaching in them. A contest will be held soon at the high school to pick the representatives for the school. Two boys will be selected in oratory and two in declamation.

THAT DECIDED HER  
"What did you say when you proposed to Muriel?"  
"I told her the truth. I said: 'I am nothing, I have nothing and I can do nothing!'"  
"What did she do?"  
"She did nothing!" — Hummel, Hamburg.

The Post-Crescent's representative at Kaukauna is Lloyd Deras. His telephone number is 194-W. Business with The Post-Crescent may be transacted through Mr. Deras.

## M'NERNEY RITES ARE HELD THIS MORNING

Kaukauna—Funeral services for James McNeerney, 68, who died at his home at Sault Ste. Marie, Mich., Sunday, were held at 9 o'clock Thursday morning at Holy Cross church. The Rt. Rev. P. J. Lochman was in charge and burial was at Sniderville. Mr. McNeerney, a former resident of this city, died suddenly of heart disease. He is survived by two sisters, Mrs. Edward Egan of Kaukauna and Mrs. Mary Gray of Chicago; three brothers, P. J. McNeerney of De Pere, Michael McNeerney of Chicago and Thomas McNeerney of Detroit, Mich. The body was sent to Kaukauna Wednesday morning and was taken to the home of the deceased's sister, Mrs. Edward Egan, on Lawrence-st.

## ILLNESS FATAL TO MRS. H. KRUEGER

Pioneer Resident of Community Dies Early Thursday Morning

Kaukauna—Mrs. Henry Krueger, 72, pioneer resident of this city died at 5:29 Thursday morning at the home of her son, Emil Krueger, route 2, Kaukauna, after a lingering illness.

Born March 7, 1856 in Germany, she came to the United States in 1884. She lived at Kaukauna and in this vicinity for 46 years. She was a member of Trinity Lutheran church. Besides her husband she is survived by four sons, William, Arthur, Herman and Emil Krueger, all of Kaukauna; three daughters, Mrs. August Arps of Kaukauna, Mrs. Lloyd Schull of Waukegan, Ill., and Mrs. Louis Tiquin of Milwaukee; two brothers, Gustave Ristau and Gottlieb Ristau of Kaukauna, and 16 grandchildren.

## PUT TICKETS ON SALE FOR FATHERS' BANQUET

Kaukauna—Tickets for the father and son banquet to be held on Tuesday, Feb. 11, under the auspices of the Kaukauna boy scout troop committee, have been put on sale, according to Olin G. Dryer, chairman of the committee in charge. Those intending to attend are urged by Mr. Dryer to secure their tickets at once, so that a definite place to hold the banquet can be selected. It will be held at Hotel Kaukauna, Elks, or Elks' hall.

## LEGION BOWLERS ON ALLEYS FRIDAY NIGHT

Kaukauna—Legion Bowling league will roll their weekly match games beginning at 7 o'clock Friday evening on Hilgenberg alleys. The S. O. S. versus the Artillery. Navy versus the Aviation, Engineers versus the Marines and the Infantry versus the Signal Corps, is the schedule.

MUST HAVE MUSTACHES  
LONDON.—The girls here must have boy friends with mustaches. For that reason all the wigmakers are being swamped with orders for such lip adornments as la Ronald Coleman's. The boys wear these artificial mustaches until the hair on their upper lip under the false article grows long enough to cultivate a real one.

Dublin —(P)—Baldonnel, the Free State's army aerodrome, from which Huhnefeld, Fitzmaurice and Koehi started on the first successful westward flight across the Atlantic, is being equipped for civil aviation purposes to bring it to the stand of an international air port. A powerful lighting plant is being installed.

## TERRORISTS ARE RUNNING RAMPANT IN CHICAGO AGAIN

Bombers Start Out New Year in Great Style—Cab War Renewed

Copyright, 1929, by Cons. Press Chicago—(P)—Terrorists are running rampant in Chicago, to add bitterness to all of her other troubles. Bombers have gone wild. Five terrific blasts, one of them the most destructive and terrifying in the city's turbulent "pineapple" history, shook the city in one day. Thirteen were injured in the explosion which wrecked the city in one day. Thirteen were injured in the explosion which wrecked the city in one day. Thirteen were injured in the explosion which wrecked the city in one day.

A short time before this one more gangster was shot, Johnny Genaro, notorious Canone gang member, one of those suspected in the St. Valentine's Day massacre, walked into the People's hospital here with eight bullets in him. He told the doctors that he was about to die. They agreed with him. But police learned nothing.

On top of that an attempt was made Wednesday to blow up Pat Roche, chief investigator for state's attorney John A. Swanson. Roche is reported to know more about criminals and gangsters and their inside dealings than any other man. He had been dogging terrorists and conspirators.

Chicago has yet to convict her first bomber of importance, although more than 500 of these infernal contraptions have been set off within the past five years. There were 115 of them thrown in 1929, although State Attorney Swanson had gone into office on the pledge to put an end to terrorist blasts.

The pineapple business is starting off 1930 in boom fashion with the tappers bolder than ever before. On Wednesday they invaded the very precincts of the town's famous "loop" on Michigan boulevard, to set off a dynamite charge.

Six months ago the bombers syndicate was reported by the state's attorney Swanson had gone into office on the pledge to put an end to terrorist blasts.

NOTICE: The Kaukauna Lumber and Manufacturing company will again do log saving this winter. Bring your logs in early. Phone 28. adv.

## Of Interest To Farmers

### HONEY PRODUCERS TO CONVEY NEXT WEEK IN MILWAUKEE

Annual Convention of American League to Be in Session Feb. 4-6

Milwaukee — Here, those little winged workers that have so often sent molesting farm boys repeating in painful distress and their university-relished product, honey, will be discussed at length during the 60th annual convention of the American Honey Producers' league to be held here, February 4-6.

Coming from as far west as Walla Walla, Washington, and east from Washington, D. C., speakers on the program represent many states where honey is produced.

After the honey exhibit has been arranged, Monday, the program is to be opened by M. C. Tanquary of St. Paul, Minnesota, president of the league. Following his address, J. A. Munro, Fargo, North Dakota, secretary of the organization, will read his report.

Many interesting subjects are scheduled for the gathering on the afternoon of the first day. Francis Jagen, St. Bonifacius, Minnesota, will speak on "The Beekeepers' Need of a National Organization." Other subjects to be covered are "Organizing a Food Industry," H. E. Barnard, Indianapolis, Indiana; "The Latest Information in regard to the Nutrition of Honey," Miss Mary I. Barber, Battle Creek, Michigan; "The Moisture Content of Honey During the Extraction Period," H. F. Wilson, Madison; "Yeasts Causing Honey Deterioration," G. E. Marvin, Madison; "Increasing the Distribution of Honey," Harold J. Clay, Washington, D. C.; "White Honey Conference Relating to New Ideas on Nutrition and Child Feeding," H. E. Barnard; and the "Possibilities of Honey in the Field of Nutrition," F. W. Schultz, Minneapolis, Minnesota.

Ten interesting subjects comprise Wednesday's feature. They are: "Working with Beekeepers," O. A. Lende, Minneapolis, Minnesota; "Relationship Between the Beekeeper and the Bottler," Mr. J. P. Thomy, Brooklyn, New York; "The Point of View of the Buyer, Bottler and Jobber of Honey," C. W. Appleton, Oconomowoc; "The Use of United States Standard Grades," James L. Hamilton, Washington, D. C.; "How Ontario Markets Its Honey," Wm. A. Weir; "Cooperative Marketing in the South," J. V. Omond, Little Rock, Arkansas; and "Grafting and Packaging Honey," E. A. Munn, North Platte, Nebraska.

During the afternoon "How to Sell System Works in Co-operative Marketing," A. W. B. Hedges, Boise, Idaho; "Retailing and Consumer's Demand," M. P. Kinsman, Ithaca, New York; "Honey Packings," Melitta D. Fischer, Indianapolis, Indiana, will be covered.

To wind up the program for the convention ending Thursday noon "The Package Bee Business," T. W. Burleson, Waxahatchie, Texas; "The Relating of Beekeeping to Horticulture in Michigan," Russell H. Kelly, East Lansing, Michigan; and "Honey House Inspection," Floyd Root, Wallace, Washington will be discussed.

## LITTLE JOE

MEAN CONSTANTLY LATE FOR SUPPER GO HOME TO A LOT OF SCRAPS.

The unusual ability of many insects to make themselves at home where they happen to be carried, whether by flight or through commerce, is in a large measure responsible for the presence of so many plant pests, according to a bulletin received by Gas Selt, county agent, from the United States Department of Agriculture.

Then, too, many insects have a surprising ability to survive, even to flourish, under changed conditions brought about through cultivation of the soil and other activities of civilization. This many of our well-known crop pests formerly fed on wild plants, but when the land was planted to cultivated crops the insects not only changed their diet but thrived enormously on their new food.

Which bugs feed on both wild and cultivated plants. They spend the winter on native grasses and come out in spring and feed on young grain crops. Grubs of June beetles eat roots of native grasses until grain crops are available. Practically all of the pests of corn crops fed entirely on wild plants until the large fields of cultivated crops offered a better feeding place.

The Colorado potato beetle is an example of a native insect that has become "domesticated." Formerly it lived on wild nettle, a plant which grows in the foothills of the Rocky Mountains. When the potato was introduced into that region the beetle promptly adopted it, and in 20 years spread to the Atlantic Ocean.

In California there is a strain of codling moth, the well-known apple pest, which has developed a liking for walnuts. Since the walnut trees are large and spraying them is

# 14 INVOLVED IN CANADIAN STOCK FRAUD

## Nine Brokers Arrested on Charges of Conspiracy and Bucketing

Toronto (AP)—Suspension of the 14 of the 51 members of the Standard Stock and Mining exchange as a result of charges of conspiracy to defraud and bucketing caused uneasiness among margin holders today.

Thousands of persons throughout the dominion are affected. The suspension of five of the largest brokerage houses in Toronto followed the arrest of nine of their officers by Col. W. H. Price, attorney for the province of Ontario. Warrants for the arrest of three other brokers were issued.

The affairs of the involved firms have been taken over by the government and traders were wondering whether they could redeem stocks held by the companies by furnishing collateral to purchase the stocks outright.

"Attorney General Price said it was not the position of the government to decide what is to be done with this collateral."

"We stepped in," he said, "seized everything and prevented the possibility of transference. All these assets are now held by us. Tilly, Johnston and Farmer, one of Canada's outstanding legal firms, and Messrs. Clarkson and Edwards, two of the most competent accountants in the province, will study the accounts of the firms and the action that will be taken in the interest of the clients."

"If there are persons, as there undoubtedly are, who state they own certain stock or collateral, let them make their claim. These claims in due course will be investigated and the claimants delivered their property."

### PROVIDE HEAVY BAIL

The nine brokers arrested furnished bail in \$100,000 each. They are: D. S. Patterson, Edgar E. McLean and Austin Campbell of the firm of D. S. Patterson and company; Malcolm Stobie and Charles J. Forlong of Stobie, Forlong and company; William J. Smart and Maurice Young of Homer L. Gibson and company; James J. Heppleston and W. T. Shatt of Arthur E. Moysey and company.

Three employees of brokerage houses were arrested as material witnesses and released under \$25,000 bail each.

Warrants also were issued for I. W. C. Solloway and Harvey Mills, heads of the coast-to-coast firm bearing their names. Col. Price said these would not be served until the accused have answered charges preferred against them by the Alberta government under the security prevention act.

The fifteenth warrant was issued against W. Wray of the Moysey company. The warrant was forwarded to Montreal.

Officers of the attorney general's department raided the offices of the affected firms. All books, records and securities were seized and their bank accounts tied up. One firm, Stobie, Forlong and company, countered this action by voluntary assignment in bankruptcy.

All the brokers involved were charged with violation of the criminal code, which Colonel Price explained involved conspiracy in affecting the price of stocks and bucketing. He charged that some of the men involved controlled several companies and traded back and forth. Conviction would carry a sentence of seven years imprisonment.

# NUMEROUS DRY LAW BILLS IN CONGRESS

## CONTINUED FROM PAGE 1

peculiar alignment in the ranks of both wets and dries may result in some strange makeshift majorities. The Democrats, for instance, from the south are very critical of the Hoover administration's attitude toward dry laws. The eastern Republicans who incline toward modification might find themselves voting against the administration for reasons that have to do with the wet side of the debate. Some of the Democrats from the south are beginning to see the political possibilities in the confusion resulting from the whole prohibition controversy.

**DRYS MEET OBSTACLES**

Northern Democrats are usually on the anti-prohibition side of the argument. The existence of groups which are likely to differ with the administration has made it somewhat difficult for the dries to operate with the same smoothness as in the days when the dry bloc held together irrespective of political considerations.

The dries today have a safe majority on any clear cut issue involving a return to the old system of unrestricted alcoholic production. Most of the wets, however, insist that they would not favor a return to the saloon and it is doubtful whether a canvass of the wets would reveal a substantial number at this time in favor of returning to a whisky bar.

The dries are the moment on which the wets are concentrating, first, to bring about an admission that the present situation is satisfactory to nobody and that temperance and a modification of the existing amendment and dry laws would develop a friendly public sentiment toward the prohibition of whisky traffic.

The dry leaders, on the other hand, are cautious about making any concession fearing that any change in the existing limitations on alcoholic content would be a moral defeat for them and would lead to subsequent increases in the amount of alcohol which could be legally introduced in beverages.

**"EXPERTS" TO TESTIFY**

Meanwhile the judiciary committee of which Representative Dyer of

# Build Sand Map

Outline of the United States is constructed by Washington students.

A sand map of the United States was constructed on the sand table in the fifth grade at Washington school by Floyd Meyers and Merrill Flammann, who received extra credit for the work. Products of the different states of the union will be placed on the map as the pupils study the development of the states.

Portfolios for drawing work, decorated with Indian designs, were made by the pupils during the drawing period.

Miss Margaret Rouse is teacher of the class.

# RAIL EARNINGS APPEAR TO BE ON INCREASE AGAIN

Actual Figures, However, Won't Be Available for Few Weeks

BY J. C. KOVLE  
Copyright, 1930, By Cons. Press Washington — (C.P.A.)— Railroad earnings give appearance of being on the increase, but the actual figures which would support this conclusion are still some weeks off. Car loadings are known to be comparing favorably with those of a year ago although perhaps not at so high a rate. Reports from shippers are generally bringing relief from uncertainty as to volume of freight. Similar relief is making itself apparent with regard to the attitude of the interstate commerce commission.

The one thing which has worried carriers for years is not knowing just what the interstate commerce commission would approve in the way of consolidations. The majority of the roads favor consolidation, but not all favor the same consolidation schedule. It has become thoroughly apparent, however, in recent hearings that the commission takes its plan with the utmost earnestness and is inclined to favor petition conforming with the plan.

This was clear in the recent hearings of the Baltimore & Ohio petition to acquire the Buffalo, Rochester & Pittsburgh and the Buffalo & Susquehanna. These roads have been allocated to the Baltimore & Ohio under the plan. This has brought objection from the Delaware and Hudson, which is opposing this acquisition.

# CONFINED TO EAST

So far moves toward following the merger plan have been confined to a large extent to eastern trunk line territory, where there is evidence of considerable activity. The Wabash system, as proposed, is known to be preparing for action. The Baltimore and Ohio has submitted its plan for a hookup with a short line to Chicago. The Van Sweringen roads have now been permitted to make the Chesapeake and Hooking an integral part of the Chesapeake and Ohio. The New York Central and the Pennsylvania are not making open moves since they are least concerned as to acquisition of new lines, being well rounded out already. L. F. Loree, president of the D. and O., declares he will not give up hope of securing a place in the sun for his proposed New York, Pittsburgh and Chicago railway, which would provide a new trunk line to Chicago.

# LAUBENHEIMER LONGS FOR "GOOD OLD DAYS"

Milwaukee (AP)—With a regretful glance back to the "good old days," Chief Jacob Laubenhimer of Milwaukee, today celebrated the 37th anniversary of his service in the police department.

Chief Laubenhimer, now in the 60th year of his life, has seen many changes in the city of "speed," but he can see many of the days before the war—the days of greater family solidarity, unselfishness and beer.

# Heals Eczema In 7 Days or Less

Here is a surgeon's wonderful prescription now dispensed by druggists at trifling cost, that will do more towards helping you get rid of unsightly spots and skin disease than anything you've ever used.

Not only does this great healing antiseptic oil promote rapid and healthy healing in open sores and wounds, but boils, abscesses and ulcers are almost immediately relieved and cleanly healed.

In skin diseases its action is little less than magical. The itching or eczema is instantly stopped; the eruptions dry up and scale off in a very few days. The same is true of barbers' itch, salt rheum and other irritating and unsightly skin troubles.

You can obtain Moone's Emerald Oil (full strength) in the original bottle at Schlicht Bros., Appleton and Menasha or any modern drug store. It is safe to use, and failure in any of the ailments noted above is rare indeed.

# SCHNEIDER PROBES INDIAN TUITION

Congressmen Would Give Larger Allowances to Red Students

BY RUBY A. BLACK  
Post-Crescent Washington Correspondent

Washington—Representative G. J. Schneider of Appleton has taken up with the Bureau of Indian Affairs the question of the insufficiency of the tuition allowances made by the bureau for Indian children attending public schools.

W. J. McHale, director of the Wabeno public schools, wrote the congressman a vigorous letter about the refusal of the bureau to grant more than 75 per cent of the amount of the tuition asked. He asked for only the actual cost of teaching the 13 children in these schools, he said, and insisted that the school district should have to pay the rest.

The bureau has authorized the payment of 45 cents each for those in the Otter Lake school, when they asked 61 cents; 40 cents for each in the Swan school, when they asked 86 cents, and 27 cents for those in the Carter school, when they asked 28 cents. The bureau also refused to pay for the transportation of the Indian children to the schools.

"Sort of looks like a millionaire golfer paying off his caddy with a cracked ball," Director McHale commented.

Representative Schneider is seeking to have the bureau make larger allowances for the tuition of these 13 Indian children.

Missouri, a prominent wet, is chairman will bring several prominent physicians and psychiatrists to testify that 2.75 per cent beer is not intoxicating. It will be recalled that the Supreme Court of the United States did not attempt by its decision to prescribe what are the limits to which congress might go in denning an intoxicating beverage. The court merely said that congress was within its rights in prescribing 1.25 per cent as a safe limit.

What the supreme court would say if congress enacted a law permitting 2.75 per cent beer is, of course, open to conjecture and while the wets are trying to prove that some people would not become intoxicated on 2.75 beer, the dries would merely attack the argument by pointing out that so long as some people could become intoxicated congress would not be justified in raising the limit to 2.75.

Outside of the extreme dries who would prefer not to have the prohibition controversy agitated in congress, there is a general disposition to allow debate on the theory that it will materially aid in developing public sentiment and in educating the public as to the legal problems involved in prohibition.

# Thick, wavy hair!

You, too, can have long, soft abundant hair. It's simply a matter of using this easy method, approved by hair specialists, endorsed by stars of stage and screen, used by millions who haven't time for the more laborious treatments.

Tonight when you arrange your hair, just put a little Danderine on your brush. Then as you draw the brushes through your hair, see how the scalp is toned and soothed. See how the hair becomes softer, easier to manage, how its natural color is brought out; how it takes on new beauty and lustre!

Danderine dissolves the crust of dandruff, helps stop falling hair; keeps hair and scalp healthy; encourages the growth of long, silky, abundant hair. Five million bottles used a year. That proves Danderine's effectiveness! adv.

# GIRL'S FROZEN LEGS MAY BE SAVED AS RESULT OF ILLNESS

Mineral Point (AP)—Marian Batcler can thank pneumonia for saving her legs. Physicians had decided to amputate them after they were frozen when she was forced recently to walk three miles in sub-zero weather. Pneumonia set in and the operation was abandoned. Now the doctors say she will recover from the pneumonia and may keep her legs.

# NELSON IN PLEA FOR INDEPENDENCE OF PHILIPPINES

Congressman from Madison Talks for Hour on Subject to House

BY RUBY A. BLACK  
Post-Crescent Washington Correspondent

Washington—Complete independence for the Philippines eventually, and a new policy to be worked out by joint conference now, was the plea of Representative John M. Nelson of Madison in an hour's speech on the Philippine question in the House of Representatives today.

Speaking in favor of his own resolution to create a permanent joint commission consisting of nine Americans and nine Filipinos to thresh out the problems of trade, tariff, politics, national defense, immigration, labor, and education, Representative Nelson said:

"It seems to me—and I have given this matter much consideration—that four avenues are open to us:

(1) We may follow the path of least resistance and go on drifting much as we have been doing, continuing the present unsatisfactory relations.

(2) We may utterly disregard all of the Filipino claims to the right to govern themselves and with a strong hand force them to be our economic slaves while we reap the profits of their native land.

(3) We may ungrudgingly give the Filipinos the independence they desire; or

(4) We may determine that there is a high road which American citizens should follow when dealing with human beings—that of mutual discussion and friendly accord.

"This latter course I advocate as temporarily best adapted to bring about friendly relations pending the determination of the final status of the Philippine people."

The organized farmers of America and federated labor are now standing shoulder to shoulder in demand for independence for the Philippines. Representative Nelson pointed out that the farmers have become aroused because of the importation, free of duty, of coconut oil, which competes with dairy products, vegetable oils, and other farm products, and of sugar and other farm products which compete with American products.

Recounting the history of American relations with the Philippines, Representative Nelson spoke as follows of the service rendered the people of the islands by Representative Henry Allen Cooper of Racine. One of the Philippine commissioners recently said on the floor of the House that Representative Cooper is loved throughout the length and breadth of the archipelago for his work in their behalf.

"Clearly I recall," Representative Nelson said, "the account of the election of my colleague, Mr. Henry Allen Cooper, row the venerable dean of the House, as chairman of the Committee on Insular Affairs."

President McKinley personally suggested to Senator Henderson his desire for Mr. Cooper's appointment. The President wished, he said privately, that a man be appointed who would not consent to any legislation exploiting the Philippines."

# PAPER TESTING MACHINE STOLEN OF GOVERNMENT

New York (AP)—A machine invaluable to the United States government but worthless to the thief who stole it was being sought by the police today.

The machine is a Schopper paper calibrator, the only one in this country, and is the property of the United States bureau of standards, which uses it to test all paper used for currency as well as all other paper used in the United States Printing office.

Encased in a wooden box, 14 inches square and 3 inches high, the machine was in the automobile of H. C. Schindler, a representative of Louis Schopper, the inventor, who had borrowed it from the government to make paper tests at a Maine mill. Schindler had parked the car at 41st and Park-ave while dining.

# If They Dont Hear the Gavel

This ought to "muzzle" those Congressmen who make each other targets for wordy warfare on the floor of the House of Representatives. For the fierce-looking weapon shown here, in the hands of Speaker Nicholas Longworth is a pistol once used by Jesse James, most famous of old-time American bandits. It was a gift to the Speaker from Senator Harry E. Hawes, of Missouri, "to aid in keeping peace in the House during prohibition debates."

# TEACHERS TO VISIT STUDENTS ON JOBS

Vocational Instructors Will Keep in Closer Contact With Classes

A new plan has been adopted by Appleton vocational school whereby shop instructors are released from teaching duties for a few hours each week to permit them to visit their students on their jobs, according to Herb Heilig, director. This experiment is being tried out first in connection with the machine shop department.

W. Ray Challoner, instructor of machine shop practice for the rest of this school year, will spend Wednesday afternoons in the field. He will not only visit the boys on their jobs but also employers, seeking to make those adjustments which will profit all concerned.

If the plan proves effective it will be carried on next year in all trade school shops.

# SKUNK SEASON STILL OPEN AROUND HERE

Madison (AP)—The closing of the skunk season in southern Wisconsin today leaves only the Lake Winnebago district open to trappers.

The skunk season closed today in the southern part of the state. The northern half was closed Jan. 15. In the counties around Lake Winnebago, the season on muskrats is open from October 25 to April 1 and in other parts of the state it does not open until March 1.

The open season on other animals began Nov. 15 and continues until March 1.

The President McKinley personally suggested to Senator Henderson his desire for Mr. Cooper's appointment. The President wished, he said privately, that a man be appointed who would not consent to any legislation exploiting the Philippines."

## BANK OF ENGLAND REDISCOUNT CUT EXPECTED SOON

France Slices Rate to 3 Per Cent, Lowest in Europe Today

BY CHARLES F. SPEARE—Copyright, 1932, by Cons. Press. Wall Street, New York.—While the Bank of England governors Thursday were deliberating over their rediscout policy and again decided to make no change in the 5 per cent rate, the heads of the Bank of France met the open market money situation in Paris and for the first time in two years reduced their rediscout rate to 3 per cent, the lowest in Europe.

This announcement had tremendous interest in international banking circles both as an evidence of the declining trend of money rates throughout the world and of the growing competition between London and Paris for supremacy in these markets. Bankers here were of the opinion that the spread of 2 per cent between the English and French rediscout rates would probably not continue and that Thursday's action by the Bank of France would be further reason for a reduction in the Bank of England rate. This has been scheduled to follow a cut in the federal reserve bank rate in New York from 4 1/2 per cent to 4 per cent although the latter has been less talked of recently than in the early part of January.

**FRENCH RATE LOW**  
On Jan. 19, 1932, the Bank of France reduced its rediscout rate from 4 per cent to 3 1/2 per cent where it had stood ever since. Meanwhile, rediscout rates all over Europe climbed up sharply. That of the Bank of England went to 5-1/2 per cent when New York was drawing funds London to help finance the stock speculation here. Relatively sharp advances were made in Scandinavian countries, in Italy and in Holland.

Through this period France continued to draw gold and to fill the vaults of the Bank of France to overflow with the yellow metal. There has scarcely been a week in the last two years when the gold holdings of the French institutions have not shown a gain over the week previous. The report of the bank Thursday showed a substantial increase in gold over the week previous. Compared with a year ago the Bank of France gold is up nearly nine billion francs. In contrast, the credit balances abroad of the institution have declined approximately 40

per cent, being less than seven billion francs at present as against nearly twelve billion francs in January, 1929.

**GERMAN RATE HIGHEST**  
The only countries in Europe that have had as low a rediscout rate as France are Switzerland and Holland, which are still quoting 3 1/2 per cent. Holland is at 4 per cent. Norway and Denmark are down to 4 1/2 per cent. This year Germany has reduced her rate to 6 1/2 per cent, which is still the highest of any leading European nation.

France steadily has been placing in position to claim financial supremacy in Europe, as she did about a quarter of a century ago. With the recent reduction in taxes on foreign securities it is expected she will from now on become more active in financing foreign loans. England, on the other hand, is not in a strong enough situation to encourage the underwriting by the bankers of loans to other countries. France is now lending very heavily in Germany and is preparing to make approximately one-third of the new reparations loan which will probably be issued early in the summer.

One reason for the postponement of a reduction in the Bank of England rate was the loss in gold experienced by this institution in the

## ONEIDA-CO CLAIMS 2 HELD AT RHINELANDER

Rhineland—(AP)—Oneida-co today assumed priority over Eau Claireco in the trial of charges against Loren Peterson, Rhineland, and James Currie, Minneapolis, who escaped from the Eau Claire jail and were captured here.

Brought up for preliminary hearing the youths were held for court

past week reflected shipments to Germany and to France. However, the reserve ratio of the bank advanced 1 per cent to 52.5 per cent and is now at the highest in years. It is on this basis that strong pressure is being exerted on the government of the Bank of England to bring their rediscout rate into conformity with the open market rate in London which is about 1 per cent under that officially quoted.

here on allegations they robbed three summer homes at Minocqua and entered a print shop here where they obtained \$30. They pleaded not guilty and preliminary hearing was set for Feb. 6.

They were linked to the Minocqua robberies by the newly-organized Minocqua vigilance committee, which was formed to patrol the summer homes and prevent burglaries.

**TO BUILD \$500,000 DOCK**  
Superior—(AP)—Construction work on a new \$500,000 dock to be built on Howard's Point, Superior, Duluth harbor, will start March 1. It has been announced. The dock of the Great Lakes Coal and Iron company, will have a capacity of 45,000 tons.

## Haven't You Tried It Yet?

Delay This Delight  
No Longer!

Hundreds of families in this vicinity have changed to Wahl's Potato Bread... the new loaf made from a potato ferment. This method produces a finer bread with a flavor and texture not usually found in baker's bread. Children love the tempting, crispy-crust slices... Mothers serve it for its extra goodness and it contains more nourishment than any other bread.

If you haven't discovered the goodness of Wahl's Potato Bread, do so today. There's a loaf of this new bread at your grocer's for you now... oven fresh! Don't miss this treat!

The Proper Care of Milk!

After the Milkman delivers the milk to you, it should be brought into the house as soon as possible. The top of the bottle should be washed carefully by holding the neck of the bottle under the faucet and washing with a moist cloth—then drying with a dry cloth. The milk should then be put on ice immediately and kept cold constantly.

Our Pasteurized Milk Is Safe.

**BOMB SET OFF IN NEW ORLEANS STRIKE**  
New Orleans — (AP) — The sixty-bombing of New Orleans street tore the floor boards from a alley last night and shattered its windows. Mrs. Angelina Manzoni, 55, suffered from shock but three other passengers and the crew of the car were unhurt.  
The dynamiting was similar to the other trolley explosions which have occurred intermittently since a strike of motormen and conductors last July. The car rolled over a bomb placed between the rails at a street intersection.  
An investigation by police and federal marshals was under way today.  
Parasol adds derive their name from a habit of biting off pieces of leaves much larger than themselves and carrying them over their heads.

# New Models

A part of our service to our customers is to give all new models exhaustive tests before we recommend them. A set must be worthy of our backing. All screen grid sets are not successful. You will find that the unsuccessful screen grid sets use a 227 tube for a detector and will experience an overloading of that tube.

BRUNSWICK AND SILVER - MARSHALL EMPLOY FOUR SCREEN GRID TUBES, USING SCREEN GRID FOR THE DETECTOR. THEY ARE RECOGNIZED AS PERFECT SCREEN GRID SETS.

Phone 405 One Door East of Appleton State Bank

SCREEN-GRID TUBES

## The Secret of Mohawk Pond

CHAPTER 25 JULIA'S SECRET

PEGGY, her eyes alight with happiness, watched the tall figure of Jim until his figure was no longer visible among the trees skirting Mohawk Lane. Locking the house, she went upstairs to retire. Within 10 minutes Peggy had climbed into bed, but she was too excited to sleep; too excited even to lie still, and switching on the reading lamp close at hand, she sat up and started a letter to her mother. She wrote rapidly, covering sheet after sheet, a genuine outpouring of her heart; of Jim and their great happiness, of her plans for the future; then hopped out of bed and hurried to the desk in the gallery outside her door. It took her a second or two to address an envelope and find a stamp.

As Peggy paused to switch off the electric lamp in the hall near her bedroom, she noticed a light shining under the door. Jim's door. It was unlike Julia to be awake at that hour of the night. Could she be ill? She opened the door, omitting the formality of knocking. Julia, propped up in bed with numerous pillows at her back was comfortably reading. She greeted Peggy's appearance with a startled ejaculation. "Come in an' set down, Miss Peggy," she invited cordially. "I'm under the weather, a queer experience to-night; I can't sleep."

Peggy pulled up a comfortable rocking chair and sat down. "Are you feeling ill?" "No, ma'am. But I reckon gettin' stuck in dat old bottomless log done upset me."

"It was enough to turn you gray-haired," exclaimed Peggy heartily, and at the mere suggestion Julia's hands went to her head; there was more pink than usual in her black locks, for her enforced sojourn at New Lodge had prevented her visiting one of the establishments for keeping her hair straight as an Indian's.

"The next time you wish to gather or flowers, restrain that impulse," Peggy advised smilingly. "Leave botany to Mr. Chase."

"Yassam," but Julia's thoughts were still on her hair. "Do you reckon I could take a day off to go to New York, Miss Peggy? My hair's gittin' terrible."

"Use a fattorin; I'll help," Miss Deborah said. "I'll help," Miss Deborah said. "I'll help," Miss Deborah said.

"I'm git that dar housekeeper, Miss Deborah, to stay hyar," she went on, doing her thinking aloud. "Mister Jim will let her come, if yo' asks it, with a knowing smile. Peggy blushed, then looked up bravely.

"We are engaged, Mr. Jim and I."

"Lawdy, Miss Peggy, I knowed it." It was Julia's turn to chuckle. "Ain't I got eyes in de back o' mah head?" Then she sobered.

"Honey, I wishes yo' all de happiness in de world an' I wishes de same to Mister Jim; he's one fire gemmin'. I been watchin' him c'ose, an' he's mos' good nuff fo' yo'."

Julia broke off suddenly as a thought struck her. "Miss Peggy," she exclaimed, half rising in bed. "Did yo' think to gib dem spy glasses back to Mister Jim? De ones I done haul off de neck in tryin' to get out de bog? I toled 'em home when he brung 'em an' cleaned 'em off an' jaid 'em on de liberry table."

"He found de binoculars and took them home—"

"He did!" Julia sank back, much relieved. She twiddled with the bedclothes for a moment in nervous hesitation, glanced at Peggy, then looked away, only to gaze at her a second later with appealing troubled eyes. "Miss Peggy," she began, taking a long breath, "dem thing yo' call bi—"

"Binoculars, Julia."

"Yassam — Spy-glasses. I calls 'em. Well, Miss Peggy, Lieutenant Stanton had a pair jes' lak 'em."

If Julia had exploded a firecracker, Peggy could not have been more taken aback.

"What do you mean?" she demanded. "Had you ever seen Lieutenant Stanton either than that one time when he passed us on horseback on the Milton road?"

"Yassam—lots o' times."

The truth was out at last and Julia breathed more easily.

"Now, Miss Peggy, don't git excited an' I'll explain."

"Go on; was he here and you didn't tell me?"

"I didn't know him hyar"—swiftly Julia evaded a direct reply, and for fear Peggy would analyze her answer, spoke more rapidly. "He was at Front Royal befo' yo' Jim an' Pa cum dar—it wuz 'bout de last year ob de wahn."

"What was he doing there?" questioned Peggy. "Lieutenant Stanton was in de navy during de war and that is an army post."

"Me wuz payin' 'tention to a married lady dar," broke in Julia. "A Miss Beale, her name wuz Miss Anne Beale. She wuz stayin' at de boardin' house whar I worked deen."

While Lieutenant Stanton was visiting on de post, not so far away, Miss Beale's master leave her lamp lighted when her husband warnt dar, an' Lieutenant Stanton used his spy glasses to see her window. He lef 'em once, an' I took 'em back."

"Well, did the husband find out about the flirtation?"

"He sho'ly did an' kicked up a terrible fuss; Miss Beale had to leave."

Julia smiled reminiscently. "Yo' Pa and Ma heard 'bout it, Miss Peggy, 'cause it made a considerable stir in dem parts."

"Yo' Ma tole me several years later dat," she heard Lieutenant Stanton never went back to her an' Miss Beale died ob shame an' a broken heart."

"Poor woman!" exclaimed Peggy, in genuine pity.

She stopped on her way to bed to take a paper from the top drawer of her dresser, then feeling chilly after her long absence in Julia's bedroom, she hunted in her closet for an old shawl.

Once more in bed she dragged it over her head with pillow at her back, perused the Bible. First, however, she scanned the paper with its penciled memorandum in her own handwritin', reading aloud, under her breath, the underscored message copied from the old Bible.

"When thou hast found it, then there shall be a reward, and the expectation shall not be cut off."

Peggy read it again, twirling her brow in thought. Who had placed the arrow on the margin calling attention to that underscored passage? Was it come in days gone by? Or was it done fairly recently by her Uncle Herbert? If so, was he trying to convey to the reader that there was something hidden in New Lodge?

Was the message particularly meant for her? She had "expectation" surely, the expectation of inheriting his fortune, and it would be "cut off" if she did not implicitly obey the restrictions in his will. Was that promised "reward" another will and a later one, or gold, or jewels, or a house?

(Copyright, D. Appleton & Co.)

Obadiah Evans decides on a plan of action and visits Sheriff Beach in tomorrow's installment.

## VETS CONSIDER PLANS FOR SURVEY OF BADGER CITIES

### Plan Systematic Inventory of Living Conditions in Wisconsin

An inventory of all Wisconsin cities in which there are American legion posts soon will be made by the veterans under a plan now being worked out by the state department. The inventory is considered the greatest survey of living conditions in Wisconsin cities ever attempted and has for its purpose improving social conditions.

The inventory will be made by veterans in various posts, special emphasis being laid on educational, governmental and industrial conditions, recreation, health, social welfare, religion and town and country relations. The project is one of the most ambitious pieces of community work ever undertaken.

The study is considered to be of great value to the communities of Wisconsin. It will provide a systematic way of going at the job of community service instead of the present "hit and miss" methods. It will place at the disposal of the communities a set of authoritative standards of guidance in community development, it will aid in determining the most efficient forms of training for the young, place attention on the economic and efficient conduct of municipal government, aid in the establishment of proper forms of recreation and will help to obtain desirable working conditions.

Furthermore, its sponsors believe, such a study will provide citizens with a means of comparing their facilities and their conditions with those of similar communities. It will be a historical record of life in Wisconsin communities today, and it will be the source of interesting material for civics courses in high schools.

Two legions have been named in each district of the state to organize work in their respective sections. They will plan for the survey along lines to be outlined by Aubrey Williams, Madison, who several years ago had charge of a similar survey which was called a better cities contest.

## FORMER APPLETON MAN IS WITH NEW COMPANY

William Pace, former Appleton resident who was Wisconsin-Michigan divisional sales manager of the One Minute Manufacturing company, Newton, Ia., and for the last two years has been assistant to the vice president and general sales manager of the same company, has been made assistant to the president of the Frederick company in charge of sales in the United States and Canada, according to word received here. The new company's offices will be in Chicago, the organization making a new Maytag product.

Mrs. Pace is the former Idebelle Coates, daughter of Mr. and Mrs. O. N. Coates, 732 S. Mason st.

## GUARDSMEN TO HAVE PICTURES OF REVIEW

Members of Co. D, 127th Infantry, who qualified as various class machine gunners will have their pictures taken next Monday evening at the regular weekly drill, the photographs to be published in the National Guard Review, official guard publication. About 25 members of the local company qualified last summer. The men will wear their new roll collar uniforms for the picture which probably will be published in the March edition of the magazine. Lieut. Col. Byron Beveridge, formerly of Appleton, is editor of the magazine.

**Philatelists to Meet**  
The Appleton Philatelic society will meet at Conway hotel Thursday evening. Informal discussion of stamp matters will take place.

One lump of sugar contains the concentrated sweetness of about two feet of sugar cane.

**CURLY HAIR FOR SIX MONTHS FOR \$1—RUTH FISCHER'S "CURLS IT"**  
Finger wave your own hair at home with "curls it". If you don't like finger waves, then put your hair up on "curls it" with "curls it" fluid. Your curl will stay in your hair until you wash it out.

For \$1.00 you get enough "curls it" for twelve applications. Send \$1.00 today and you will be delighted with "curls it".

## Evelyn Finds Solace In Bible—Night Clubs Fade

Pittsburgh, Pa.—Evelyn Nesbit, whose tempestuous life has carried her from the flicker spotlight of Broadway fame to the depths of despair and back again, has found solace at last.

The gay mask she puts on to entertain audiences is fast losing its charm for her and she plans to desert the night clubs and cabarets for an evangelistic career as a lecturer on philosophy and religion.

Twenty-four years have passed since the beautiful Florida girl, then 16, was plunged into the vortex of life.

Love and hate, confidence and jealousy, hope and despair—all have been churned about in the cauldron of human emotions since that night of June 25, 1906, when Harry K. Thaw killed Stanford White, the famous architect, over the little butterfly.

Tragic years, during which she at one time tried to take her own life, have left their indelible imprint on Evelyn Nesbit.

But as she sat in the home of her mother, Mrs. Charles J. Holman, here, she appeared really beautiful and youthful.

Today she talks philosophy more like a college professor than a gay habitue of night clubs. And like many others whose lives have been steeped in tragedy she has found a peaceful haven in religion.

Theosophy has become the most important thing in her life and she wants to lecture on it so others may have the same knowledge.

"Books have opened up a new world for me," she said. "For years I have been reading and studying the sciences of philosophy, evolution, theosophy and religion."

"I haven't gone at the subjects on a hit-or-miss way. I have read the books for beginners in the sciences, had tutors and then branched into the deeper pursuits of the subjects."

"At any rate, I am confident I know enough to qualify as a lecturer."

Too many people, she believes, interpret the Bible wrongly, and do not understand parables. She wants to make them clear to all. Too few people, she believes, know about the origin of the sexes, which started with Adam. Her study has taught her of giant people, neither men nor women, who existed before Adam.

## 15,000 INCOME TAX BLANKS TO BE MAILED

Fifteen thousand state income tax blanks are practically ready to be mailed early in February to residents of Waupaca and Outagamie counties. The blanks were addressed at the office of Leo G. Toonen, assessor of incomes for both counties, at the courthouse here. The blanks will be mailed about the first week in February and each person receiving a blank also will receive a letter with the return address on it so that he will have no trouble returning the blank after he has filled it out. All income tax reports must be filed with Mr. Toonen on or before March 15 and persons failing to do so are liable to a fine of \$5, whether they are required to pay a tax or not.

## TRANSFER LIEUTENANT TO FORT SNELLING

(Post-Crescent Wash. Bureau)  
Washington — First Lieutenant Horace N. Gibson, Infantry, will be transferred from duty as an instructor in the Wisconsin National Guard

**UGLY UPIMPLES?**  
Nature's remedy—help nature clear your complexion and rid you of your pimples, yellow cheeks, red nose, etc. Take NATURE'S REMEDY—to regulate and strengthen your complexion and rid you of these blemishes. Try NATURE'S REMEDY—  
**FEEL LIKE A MILLION, TAKE NATURE'S REMEDY—TOMORROW ALRIGHT**

Evelyn Nesbit, the former wife of Harry K. Thaw.

with station at Eau Claire, to Fort Snelling, Minn., on or about July 20.

First Lieutenant Wayne C. Zimmerman will also be transferred from Fort Snelling to Eau Claire to take Lieutenant Gibson's place as an instructor in infantry in the Wisconsin National Guard.

## GET WASTE OUT OF YOUR SYSTEM

Banish Constipation at the  
Start with Kellogg's  
ALL-BRAN

Look out when you wake up tired and stay tired. Beware of headaches, unpleasant breath. These are usually the first symptoms of constipation.

The trouble is that your intestinal system is clogged. You have eaten too many bulkless foods. But you can clean your system safely, if you start at once to eat Kellogg's ALL-BRAN.

Kellogg's ALL-BRAN is a cereal that you can eat naturally. It sweeps the intestines clear of poisonous wastes. Far better than habit-forming pills and drugs.

Kellogg's ALL-BRAN is guaranteed. Just eat two tablespoons daily—recurring cases with every meal. You'll like its crispness and flavor. Your system will benefit by its rich store of iron and healthful elements as well as by its roughage.

Ready-to-eat with milk or cream. Delicious with fruits and honey added. Use it in cooking. Recipes are on the package for muffins and griddle cakes. Sold by all grocers. Served by hotels, restaurants and dining-cars. Made by Kellogg in Battle Creek.

## BEGIN DRIVE FOR RED CROSS MEMBERS

Special Committee Making  
Effort to Revive Outagamie-co Chapter

An effort to keep Outagamie-co chapter of the American Red Cross active and nationally recognized is being made this week as a special committee carries out a drive to secure enough members.

The national Red Cross roll call was conducted in November, but because of the illness of the two men most actively concerned with the Outagamie-co chapter, no campaign was carried on here.

A few weeks ago the county committee was reorganized and a new chairman named. Last week letters were sent out asking former members and friends of the Red Cross to renew their subscriptions. The "still hunt" will be continued until enough members and large enough subscription to insure recognition are obtained.

Fish Fry tonight, Black Cat.

## NOW APPLETON MAY HAVE TO COPE WITH NOISY STARLINGS

That the European starling, that pestiferous bird that was recently introduced into this country, has found its way into Appleton in considerable numbers, is indicated by reports from local bird enthusiasts.

During the past day or two several starlings have been seen almost daily by residents of Russell Sage dormitory at Lawrence college. The birds were discovered on the west wall of the building feeding on berries in the vines which cover the wall. The bird also has been seen in New London on several occasions.

The starling, a first cousin of the black bird, is noisy and unclean. It is considered a pest and even bird lovers and humane societies hold no use for it.

The bird is recognized by its dark brown plumage, which is spotted with a yellowish white. It is sociable, the dictionary points out and it builds nests about houses and old towers. Its summer plumage is a greenish black.

## ANIMAL AND HUMAN HEALTH RELATED

Interconnection Is Pointed  
Out by Department of Agriculture Man

Public health and the health of wild and domestic animals have many interconnections, Dr. John R. Mohler of the United States Department of Agriculture points out in a bulletin to Gus Sell, county agent. By the same token, he says, the fields of human and veterinary medicine have as many interconnections.

Doctor Mohler says the maintenance of the health of humans are of secure and where the veterinarian has special training in tracing infections to their animal origins.

Among the diseases of animals which are of direct menace to the human family Doctor Mohler mentions tuberculosis, glanders, foot-and-mouth disease, undulant fever,

the disease one such as hog cholera or foot-and-mouth disease in which the incentive for suppressing it lies almost wholly in the economic values involved; or is it one of the many scourges important to the animal husbandry of the country and also communicable to man? If the latter, the control problem involves both the economic and the public health aspects.

"In dealing with affections which are transmitted from the animal to man, the veterinarian is in position to lend a helping hand to his confrere in human medicine, not only by actually reducing or eliminating the sources of infection, but also by co-operating in cases where the sources of the diseases of humans are obscure and where the veterinarian has special training in tracing infections to their animal origins."

Among the diseases of animals which are of direct menace to the human family Doctor Mohler mentions tuberculosis, glanders, foot-and-mouth disease, undulant fever,

raised, trichinosis, tularemia, rat-bite fever, swine erysipelas, cow pox and measles of cattle and swine.

**CHANGES PLANTS**  
Washington, D. C. —By inserting a radium needle in the flower of a jimson weed during its fertilization by pollen grains, Dr. Albert F. Claessens of the Carnegie Institution has succeeded in producing an entirely different type of plant. Seed of pods so treated produce a plant that is widely different from the parent.

The Simpson tunnel through the Alps is 12 1/2 miles long.
